Boost In Debt Sought

HumphreyWillAsk For Limit Hike Of $10 Billion

WASHINGTON (INS)—Treasury Secretary George M. Humphrey has advised the Senate Finance Committee he will ask Congress Thursday to boost the federal debt limit by $10 billion.

Humphrey is scheduled to testify in closed session before the committee which a year ago tabled his request that the debt ceiling be increased permanently from 275 billions to 290 billions.

The secretary furnished new advance estimates to the committee members, anticipating a four-billion-dollar budget deficit in the fiscal year which ends next June 30.

Necessary

President Eisenhower estimated last January that the deficit would be $2 billion 900 million. He declared last week that an increase in the limit is necessary.

Humphrey's figures, it was learned, indicated that the present debt ceiling would be reached next Dec. 15.

Sen. Harry F. Byrd (D-Va), sternest opponent of increasing the debt limit, is said to remain firmly against any permanent boost, but friends believe he would settle for some lesser increase over a limited period of time—say six months.

Under the new tax revision bill, corporations will begin spreading their tax payments over the full year, instead of having them lumped heavily in one portion, one of the reasons treasury financing is difficult. A limited increase would carry the treasury through the tough months this fall and winter.

Committee To Greet Adlai Is Selected

James Fitzgerald, general chairman of the luncheon to be given Saturday at the Fontenelle Hotel in Omaha for former Gov. Adlai Stevenson of Illinois, Democratic candidate for president in 1952, has named the following committee to greet him on arrival in Omaha at 9:30 a.m. from Kansas City.

Mary Cunningham, Hulo, Democratic National Committeewoman.
Mrs. Essie Davis, Hyannis.
Gerald Whelan, Hastings.
William Meier, Minden, Democratic State Chairman.
Keith Neville, North Platte.
P. J. Heaton, Sidney.
Forrest Johnson, Fremont.
Mr. and Mrs. Frank Sorrell, Syracuse.
Mrs. Grace Harmore, Lexington.
Mrs. Ada Meyer, Pierce.
Louis Bucholz, Falls City.
Mrs. Rose Bernard, Auburn.
Mrs. Ethel Kirwin, Scottsbluff.
Mr. and Mrs. A. Clifford Anderson, Richard Hanson, Willard E. Townsend, Leo J. Beck, James E. Lawrence, Mr. and Mrs. C. L. Clark, and Mrs. Bertha Smith, all of Lincoln.
Mrs. Catharine Truman, John P. Mainelli, W. B. Hargleroad Jr., W. A. Parkinson, Fred Thomas, James Green, Joseph T. Votava, Mrs. Kenneth Helms, Clayton Shrout, William Ritchie, John Blankenship, Herbert Stecker, Claude Spear, Gordon Preble, Maxine Boyle, Mrs. A. F. Milen, Mrs. James Hanley, Mrs. Minnie Olson, Ed Corrigan, Mrs. John Flynn, Ephriam Marks, and Edward McKim, all of Omaha.

Gov. Stevenson will spend a busy day in Omaha starting with a press conference at 11 a.m. before the 12:30 luncheon. He will meet with candidates at 2:30 p.m. The party advisory committee will meet with him at 3:30.

Fitzgerald said advance requests for tickets forecast an overflow crowd at the luncheon. Already two-thirds of the tickets at $5 each have been sold. The tickets are on sale at the Democratic Club, 213 South 19th St., Omaha.

Water Expansion Plan May Be Inadequate

. . . Complete Review, Speedup May Be Needed To Keep Up With City's Growth, Added Demand

BY BILL DOBLER
Star Staff Writer

A complete review and acceleration of the city's water expansion program may be necessary to meet demands.

This statement was confirmed by City Engineer D. L. Erickson with reservations. The reservations were relative to the "guess work" needed to determine what consumption would have been this summer had no restrictions been placed on the use of water.

The question of the city's water availability was raised by a discussion of the projected needs as made by Black & Veatch, consulting engineers from Kansas City, Mo., who prepared the current water expansion program.

The specific point in question is whether the 45.5 million gallons per day capacity of the city's water system as anticipated in the summer of 1955 will be adequate to meet demands without restrictions.

Black & Veatch had estimated that stage I improvements, the $6 million program now under way, would take care of the city's water demands up to 1967. They based this on an anticipated demand of 45.5 million gallons at that time.

The Kansas City firm also made extended population estimates to arrive at the consumption figure. They estimated a 110,000 population in 1957 and a population of 125,000 by 1967.

The 1957 estimate at least, however, will not be right as the city's population is already estimated at slightly more than 110,000. If the same average growth continues, the 1967 population estimate would be considerably out of line.

As to consumption, there is speculation as to where it would have gone this summer without restrictions. With restrictions, usage went to between 33 and 34 million gallons per day.

There is considerable opinion in support of the belief that usage without restrictions next summer would hit the 45.5 million gallons per day mark—the mark expected to be hit in 1967.

"It is entirely possible," commented City Engineer D. L. Erickson, "that a thorough review of the water situation will be necessary after this summer and that the program may have to be stepped up."

The city has authority to issue $8.5 million in water works improvement bonds, of which $6 million has been issued. This $6 million program is expected to be completed by the middle of April, 1955.

Upon completion, the city would have a pumping and distribution capacity of 45.5 million gallons per day and a water transmission line system of 65 to 70 million gallons per day. Treatment plant facilities at Ashland will have a 45.5 million gallons per day capacity also upon completion in the summer of 1955.

Pumping No Problem

According to Erickson, the build up of pumping facilities to handle the total pipe line capacity would not be a major problem.

The major items of concern for expansion beyond 45.5 million gallons per day, Erickson said, are the distribution system, additional reservoir capacity and treatment plant development at Ashland. To build up the distribution system in the city to handle 65 to 70 million gallons of water per day, Erickson said, might cost up to $1 million.

The Black & Veatch estimate on phase 2 work at Ashland, also a build-up to 65 to 70 million gallons per day capacity, is $795,000. Erickson's estimate on the 10 million gallon capacity reservoir recommended by Black & Veatch is $500,000.

Warning Included

In their report, Black & Veatch included a warning as to the possibility of the current water program falling short of meeting demand. The firm noted that if increased population, industrial development or other factors result in a more rapid than expected increase in water consumption, "it will be necessary to hasten the construction of the second phase items . . .

"Stage II improvements are those which will be needed about 1960 if the trend of water consumption follows the pattern contemplated by this report. A more rapid or slower growth will, of course, alter the timing of these improvements."

In Lincoln recently, Ed Farmer of Black & Veatch stated he now felt that there would be little time to spare between the end of stage I developments and the beginning of stage II.

U.N. Asked To Support Joint Action

. . . *Ike Approves*

UNITED NATIONS, N.Y. (AP) — The United States, laying down a plan approved by President Eisenhower, urged U.N. members Wednesday to participate in and agree to pay costs of collective action against aggression in the future.

The United States also said in the U.N. Collective Measures Committee that the U.N. should support any regional pact group, such as the proposed Southeast Asian Treaty Organization, if this regional group should be forced to resist aggression.

Nothing Said

Previously, these regional forces have been considered available if the U.N. asked for help, but nothing has been said about the U.N. rallying to help if aggression hit them.

American sources said the two policy shifts on collective security resulted from lessons learned in the Korean War. Chief Delegate Henry Cabot Lodge Jr. has criticized the Truman administration for requiring U.N. members to pay dollars for supplies and help from the United States, which was running the Korean War as the agent of the U.N.

Dollar Support

Fifteen non-American U.N. members sent two divisions to Korea, but Lodge said three more divisions could have been sent if the countries had not been required to pay dollars for their support.

Ambassador James J. Wadsworth, deputy U.S. delegate, told the committee that six principles on collective security he was presenting formally had been carefully considered by President Eisenhower.

Boy Turns Pro, Stages Escape

An eight-year-old Greenwood boy staged what was termed by experienced police officers a "professional escape" from the Lancaster County Detention Home Wednesday night.

Aid Bill Partly Restored

Ike Raps Cut Before Boost

WASHINGTON (AP) — President Eisenhower won a $319,040,000 restoration of foreign aid funds in Congress Wednesday shortly after telling a news conference the Senate cuts Tuesday were so deep they would hurt this country.

The President termed the Senate action very unfortunate and added there seems to be alack of comprehension about what the Kremlin is doing in the world.

Before passing the authorization bill Tuesday, the Senate cut the figure to something under $2,700,000,000. This was more than 700 millions below the President's $3,448,000,000 request and more than 600 millions under the figure approved by the House.

Quick Work

Conference committees of the two houses got down to work quickly Wednesday composing differences. Sen. Wiley (R-Wis), chairman of the Senate Foreign Relations Committee, came out of the first meeting to report an agreement to restore the total to above three billions.

The House voted a $3,368,608,000 authorization. But a Senate committee and the Senate itself chopped this by $638,030,000, slashing all items except 141 millions for technical cooperation.

Wiley said the Senate-House conferees agreed to put back $319,040,000 or exactly half of the total senatorial cuts. However, there remained many unresolved differences between the Senate and House bills

Unfortunate Slash

Asked about the Senate cut of at his news conference, the President replied emphatically he thought the slash was very unfortunate.

He said the administration had cut the foreign aid program as far as it believed was safe and that the House already had trimmed it about another hundred million. He said he had no objection to the House cut because their guess was as good as his. But the newly voted cut was too deep and would hurt us badly, he added.

Wind Brings Easy Sleepin' Temperatures

Eastern Nebraskans who sweltered Wednesday should get relief Thursday.

Cooler temperatures are due in Nebraska Thursday along with some afternoon or evening showers, forecasters say.

The mercury shot past the 100-degree mark in the east Wednesday, with the Lincoln Airport recording a state high of 105.

Lincoln and Omaha both had readings of 104.

A harbinger of the cooling trend moved into Lincoln between 5:30 and 6:30 p.m. Wednesday night when the wind shifted to the north. The temperature, in that hour, dropped from 102 to a more tolerable 90. By early Thursday morning it was an easy-sleeping 71 degrees.

The weather bureau said the maximum temperatures during Thursday probably would register 75 to 85 in the extreme northwest to 90s in extreme southeast.

Five Injured In Accident

Five Lincolnites, all living at the same address, 4821 Lowell, were injured Wednesday afternoon when the car in which they were riding was involved in an accident on 27th St. between B and C.

The car was driven by LeRoy H. Armstrong, 43, who was admitted to Bryan Memorial Hospital for possible fractured ribs. Others who were taken to Bryan and released were Elnora Armstrong, 35; Lizzie Armstrong, 61; Patricia Kilzer, and Erwin Armstrong, 18.

The collision occured when a car driven by Edwin E. Lundy, 2526 No. 32nd turned into 27th from a drive between B and C.

French Airlift Starts Friday

HANOI, Indochina (AP)—French planes Friday will begin airlifting 1,500 Vietnamese civilian refugees a day to Saigon.

The airlift may even step up that pace until all those fleeing Communist Vietminh occupation of North Viet Nam are evacuated, French delegate General Jacques Compain said Wednesday night.

Many of the first to go are Catholics who fled to Hanoi last week from the Bacninh, Pholang Thuong and Lucnam areas northeast of Hanoi.

Of the 30,000 to 400,000 refugees who have moved into Hanoi since the French withdrew from the Delta area south of Hanoi in June, about 20,000 to 25,000 are Catholics, Compain said in an interview.

In addition to the airlift Compain said French ships will start moving refugees out of Haiphong seaport by mid-August at 3,000 to 5,000 a day.

Kefauver On Spot Today

Rep. Pat Sutton Is Challenger

By The Associated Press

Sen. Estes Kefauver (D-Tenn) goes up against a free-swinging challenger in Rep. Pat Sutton Thursday in his bid for a second nomination in Tennessee's hot Democratic senatorial primary.

Kefauver is a slight favorite in the primary which also features a spirited contest for the Democratic gubernatorial nomination.

Meantime, returns from four states which held primaries earlier highlighted these results:

1. The apparent defeat of a veteran Michigan Democrat, Rep. George D. O'Brien, now serving his seventh non-successive term, by Charles C. Diggs, 31, Negro state senator and Detroit undertaker. Diggs had a better than 2-to-1 margin and will oppose Landon C. Knight, Detroit newspaperman, who won the 13th district Republican nomination easily.

Hall Wins

2. Overthrow of the Kansas state Republican leadership with the nomination for governor of Lt. Gov. Fred Hall over George Templar, former U. S. district attorney.

3. Three U. S. senators won renomination and Rep. Dewey Short (R-Mo), chairman of the House Armed Services Committee, defeated a strong challenger, state Sen. Noel Cox, by almost 10,000 votes.

Sen. Matthew M. Neely (D-W.Va.), 79 and seeking a fifth term, and Sen. Andrew F. Schoeppel (R-Kans), won handily over light opposition. Sen. Homer Ferguson (R-Mich) was unopposed.

Michigan's four-way contest for the Republican gubernatorial nomination went to Donald S. Leonard, former state and Detroit police commissioner. He outdistanced his nearest competitor by more than 50,000 votes.

Williams' Foe

Leonard will oppose Gov. G. Mennen Williams in November. Williams was unopposed for a fourth term nomination in the Democratic primary. So was Sen. Ferguson's November opponent, union leader Patrick V. McNamara of Detroit.

West Virginia Republicans nominated Thomas B. Sweeney, former Wheeling insurance executive, to oppose Sen. Neely in November.

Kentucky will round out the week's primary elections Saturday with Sen. John Sherman Cooper (R) and former Vice President Alben W. Barkley (D) due to get Senate nominations in easy contests.

Senate OKs Belden Line, Base Work

Three Other Nebraska Projects In Huge Bill

From Press Dispatches

The Senate passed by voice vote Wednesday a $2,035,000,000 supplemental appropriations bill which includes $450,000 for the construction of the controversial transmission line from Gavins Point Dam to Belden, Neb.

In addition, the bill included $4,355,000 for additional construction at the Lincoln Air Force Base and $1,626,000 for Offutt Field in Omaha.

Included in the Lincoln funds are an officers' club, a gymnasium and a swimming pool.

The bill, one of the largest in peacetime history, also included these three other appropriations affecting Nebraska:

Bostwick division of the Missouri Basin Development plan in Kansas and Nebraska, $1,350,000.

Glendo Reservoir in Wyoming, which would store North Platte waters, $2,000,000.

Sargent Irrigation unit in Nebraska, $1,000,000.

The House committee turned down the appropriation for the Belden line, which was then added to the bill in the Senate. A Senate-House conference committee will now iron out differences between the House and Senate bills, and the Belden line therefore depends on a favorable action by that committee.

The Belden line is planned to wheel federally-generated power from Gavins Point dam in South Dakota to the Nebraska public power agencies.

2 Camp Carson Soldiers Killed

JEFFERSON, Colo. (AP)—Two Camp Carson, Colo., soldiers were killed Wednesday night in a truck accident on State Highway 77, four miles southeast of here in Park County.

The highway patrol identified the victims as James Pitts Jr., 26, and Jimmy L. Brown, 19, both members of the 21st Engineer [illegible] Home addresses were not immediately available.

General Handed Glowing Tribute

Eisenhower Promises To Take Stand On McCarthy Censure If GOP Split Threatened

By JAMES LEE

WASHINGTON (INS) — President Eisenhower paid a frankly emotional tribute Wednesday to Gen. George C. Marshall, who has been newly assailed by Sen. Joseph R. McCarthy, and promised to take a stand on the McCarthy censure issue if it threatens to split the Republican Party.

The chief executive at his news conference, voiced a ringing defense of Marshall, who was brought under new attack by McCarthy earlier this week.

Mr. Eisenhower, eyes blazing and clenched fists pounding a table for emphasis, declared that Marshall "typifies what we look for . . . in an American patriot." He authorized direct quotation of his statement defending the war-time Army chief of staff.

Gen. Marshall

The President spoke out with dramatic force when a reporter asked him for comment on a letter written by ex-Secretary of War Harry Woodring and made public by McCarthy, assailing Marshall as a man who "would sell out his own grandmother for personal advantage."

Mr. Eisenhower declared it is a "sorry reward" for Marshall, after half a century of service to his country, to be accused of serving "only in order to advance his own personal ambitions."

Military Leader

The President said: "I can't imagine anyone that I have known in my career of whom this is less so than it is in his case."

The Chief Executive pointed out that his relationships with Marshall were almost exclusively in the latter's capacity as a military leader and that he didn't know the circumstances of Marshall's service in other posts.

After retiring from the Army, Marshall served former President Harry S. Truman in three important civilian assignments.

He was Truman's special envoy to China, in an unsuccessful attempt to resolve the conflict between the Chinese Communists and the Nationalist regime of Chiang Kai-shek; secretary of state, and secretary of defense.

'Conspiracy'

As to the proposed Senate censure of McCarthy, an issue which is to be passed to a special committee, Mr. Eisenhower said the controversy is going to affect the Republican Party in some way or other.

He said he would not interfere in Senate business, but that anything tending to divide the Republican Party is something that must concern him, and that he must take action to try to avoid and ameliorate a split.

McCarthy, who two years ago accused Marshall of leading a "conspiracy" to let the U. S. "fall victim to Soviet intrigue," introduced the Woodring letter this week during Senate discussion of the censure proposal.

1 Dead, 40 Injured In Whisky Blast

PEKIN, Ill. (AP)—Sixty-eight thousand gallons of whisky exploded at the American Distilling Co. Wednesday night killing at least one person. Three others are believed dead.

The atomic-like blast was seen 75 miles away.

Dead is Lawrence Neavear, 39, of Pekin, a plant employe.

More than 40 persons were reported injured, many seriously. Fifteen were taken to Peoria hospitals when the Pekin hospital overflowed.

Eighteen doctors were rushed from Peoria, 10 miles away, and State Police called all available men to the plant.

The fire started earlier Wednesday, destroying 42,000 barrels. The blaze was apparently started by lightning.

Hospitalized War Vets See 'Angel'

CHICAGO (INS) Lt. Genevieve De Galard-Terraube, French Army airborne nurse dubbed the "angel" of Dien Bien Phu, toured Chicago hospitals and medical centers Wednesday.

Hospitalized Korean veterans presented the heroic nurse with a scroll honoring her for devotion to duty in remaining with the soldiers at the besieged Indochina fortress until its capture by Communist forces.

COLUMBUS, O. (AP)—Neil Unterseher, Lincoln's 14-year-old tennis whiz and champ in the state junior boys tennis, was defeated Wednesday night by Jim Tenney of Toledo, O., in the second round of the National Jaycee Meet here, 6-4, 7-5.

—Lancaster Board—

State Action 'Unfair'

Equalization Irks County

The Lancaster County Board has called the action of the State Board of Equalization "unfair to the farmers of Lancaster County."

Board Chairman Russell Brehm issued this statement late Wednesday following a special meeting called when a 10 per cent reduction on town property in the county was ordered by the state board.

"The board also said the reduction of 10 per cent on town property was not enough," Brehm's statement continued. "The state should have decreased all property for both farm and city at least 20 per cent to put Lancaster County in line with Douglas County."

The 10 per cent cut in city real estate by the state board will cause about a 6 per cent drop in the total valuation for the county.

1954 Total

A 1954 total assessed valuation of $180,780,000 after ordered reduction was unofficially estimated by Assessor Arthur Davis. This compares with $192,335,980 for 1953 following raises by the state board.

The 10 per cent reduction will result in an assessed real estate loss of $11,555,000 in Lincoln, and other villages and towns.

City real estate in 1953 was assessed at $92,463,180 before being raised by the state board to $110,031,180.

The 1954 figure was $113,037,350 before the state reduced city property to $101,733,615.

Based on the unofficial $180,780,000 total valuation, County Clerk J. B. Morgan said the tentative county levy would be 5.043 as compared with 4.74 mills estimated earlier.

While the county board has set its target levy at near the 3.997 mills levies last year, it will be even harder pressed to reach this figure in view of valuation drop.

No Comment

Asked whether a 4 mill levy or less would still be possible, Brehm said he had "no comment."

However, commenting on the state ordered reduction, Brehm said "Four statehouse politicians have apparently substituted their judgment (on real estate valuations) not only for that of the county board, but for the expert opinion of professional appraisers who viewed every piece of property in this county."

Commissioner Chauncey Barney said "not a scintilla of evidence" was presented to the state board to warrant such action.

"Douglas County, defending a 20 per cent decrease in its city real estate, cited Lancaster County business properties as lower than Douglas County's cut yet the state board by this action cuts 10 per cent from business properties in this county," Barney said.

'Leeches'

Commissioner Chris Kuhner said "Lancaster County should have gotten the same reduction that the Douglas County political leeches took for themselves."

The reduced valuation is seen as resulting in increased mill levies for various political subdivisions of the county.

The reduction in city real estate valuation will shift the tax burden more onto farm land and also onto motor vehicles and personal property.

Lancaster County had just completed a "scientific reappraisal" aimed at equalizing between individual properties as well as classes of property, such as residential, farm, and business.

Boost In Debt Sought

HumphreyWillAsk For Limit Hike Of $10 Billion

WASHINGTON (INS)—Treasury Secretary George M. Humphrey has advised the Senate Finance Committee he will ask Congress Thursday to boost the federal debt limit by $10 billion.

Humphrey is scheduled to testify in closed session before the committee which a year ago tabled his request that the debt ceiling be increased permanently from 275 billions to 290 billions.

The secretary furnished new advance estimates to the committee members, anticipating a four-billion-dollar budget deficit in the fiscal year which ends next June 30.

Necessary

President Eisenhower estimated last January that the deficit would be $2 billion 900 million. He declared last week that an increase in the limit is necessary.

Humphrey's figures, it was learned, indicated that the present debt ceiling would be reached next Dec. 15.

Sen. Harry F. Byrd (D-Va), sternest opponent of increasing the debt limit, is said to remain firmly against any permanent boost, but friends believe he would settle for some lesser increase over a limited period of time—say six months.

Under the new tax revision bill, corporations will begin spreading their tax payments over the full year, instead of having them lumped heavily in one portion, one of the reasons treasury financing is difficult. A limited increase would carry the treasury through the tough months this fall and winter.

Committee To Greet Adlai Is Selected

James Fitzgerald, general chairman of the luncheon to be given Saturday at the Fontenelle Hotel in Omaha for former Gov. Adlai Stevenson of Illinois, Democratic candidate for president in 1952, has named the following committee to greet him on arrival in Omaha at 9:30 a.m. from Kansas City.

Indians, Prize Cattle And Young Cooks Star At Fair

The annual pioneer parade at the Jefferson County Fair Wednesday featured many an Indian headress and buckskinned pioneer. Water Expansion Plan May Be Inadequate

. . . Complete Review, Speedup May Be Needed To Keep Up With City's Growth, Added Demand

BY BILL DOBLER
Star Staff Writer

A complete review and acceleration of the city's water expansion program may be necessary to meet demands.

This statement was confirmed by City Engineer D. L. Erickson with reservations. The reservations were relative to the "guess work" needed to determine what consumption would have been this summer had no restrictions been placed on the use of water.

The question of the city's water availability was raised by a discussion of the projected needs as made by Black & Veatch, consulting engineers from Kansas City, Mo., who prepared the current water expansion program.

The specific point in question is whether the 45.5 million gallons per day capacity of the city's water system as anticipated in the summer of 1955 will be adequate to meet demands without restrictions.

Black & Veatch had estimated that stage I improvements, the $6 million program now under way, would take care of the city's water demands up to 1967. They based this on an anticipated demand of 45.5 million gallons at that time.

The Kansas City firm also made extended population estimates to arrive at the consumption figure. They estimated a 110,000 population in 1957 and a population of 125,000 by 1967.

The 1957 estimate at least, however, will not be right as the city's population is already estimated at slightly more than 110,000. If the same average growth continues, the 1967 population estimate would be considerably out of line.

As to consumption, there is speculation as to where it would have gone this summer without restrictions. With restrictions, usage went to between 33 and 34 million gallons per day.

There is considerable opinion in support of the belief that usage without restrictions next summer would hit the 45.5 million gallons per day mark—the mark expected to be hit in 1967.

"It is entirely possible," commented City Engineer D. L. Erickson, "that a thorough review of the water situation will be necessary after this summer and that the program may have to be stepped up."

The city has authority to issue $8.5 million in water works improvement bonds, of which $6 million has been issued. This $6 million program is expected to be completed by the middle of April, 1955.

Upon completion, the city would have a pumping and distribution capacity of 45.5 million gallons per day and a water transmission line system of 65 to 70 million gallons per day. Treatment plant facilities at Ashland will have a 45.5 million gallons per day capacity also upon completion in the summer of 1955.

Pumping No Problem

According to Erickson, the build up of pumping facilities to handle the total pipe line capacity would not be a major problem.

The major items of concern for expansion beyond 45.5 million gallons per day, Erickson said, are the distribution system, additional reservoir capacity and treatment plant development at Ashland. To build up the distribution system in the city to handle 65 to 70 million gallons of water per day, Erickson said, might cost up to $1 million.

The Black & Veatch estimate on phase 2 work at Ashland, also a build-up to 65 to 70 million gallons per day capacity, is $795,000. Erickson's estimate on the 10 million gallon capacity reservoir recommended by Black & Veatch is $500,000.

Warning Included

In their report, Black & Veatch included a warning as to the possibility of the current water program falling short of meeting demand. The firm noted that if increased population, industrial development or other factors result in a more rapid than expected increase in water consumption, "it will be necessary to hasten the construction of the second phase items . . .

"Stage II improvements are those which will be needed about 1960 if the trend of water consumption follows the pattern contemplated by this report. A more rapid or slower growth will, of course, alter the timing of these improvements."

In Lincoln recently, Ed Farmer of Black & Veatch stated he now felt that there would be little time to spare between the end of stage I developments and the beginning of stage II.

U.N. Asked To Support Joint Action

. . . Ike Approves

UNITED NATIONS, N.Y. (AP) — The United States, laying down a plan approved by President Eisenhower, urged U.N. members Wednesday to participate in and agree to pay costs of collective action against aggression in the future.

The United States also said in the U.N. Collective Measures Committee that the U.N. should support any regional pact group, such as the proposed Southeast Asian Treaty Organization, if this regional group should be forced to resist aggression.

Nothing Said

Previously, these regional forces have been considered available if the U.N. asked for help, but nothing has been said about the U.N. rallying to help if aggression hit them.

American sources said the two policy shifts on collective security resulted from lessons learned in the Korean War. Chief Delegate Henry Cabot Lodge Jr. has criticized the Truman administration for requiring U.N. members to pay dollars for supplies and help from the United States, which was running the Korean War as the agent of the U.N.

Dollar Support

Fifteen non-American U.N. members sent two divisions to Korea, but Lodge said three more divisions could have been sent if the countries had not been required to pay dollars for their support.

Ambassador James J. Wadsworth, deputy U.S. delegate, told the committee that six principles on collective security he was presenting formally had been carefully considered by President Eisenhower.

Aid Bill Partly Restored

Ike Raps Cut Before Boost

WASHINGTON (AP) — President Eisenhower won a $319,040,000 restoration of foreign aid funds in Congress Wednesday shortly after telling a news conference the Senate cuts Tuesday were so deep they would hurt this country.

The President termed the Senate action very unfortunate and added there seems to be alack of comprehension about what the Kremlin is doing in the world.

Before passing the authorization bill Tuesday, the Senate cut the figure to something under $2,700,000,000. This was more than 700 millions below the President's $3,448,000,000 request and more than 600 millions under the figure approved by the House.

Quick Work

Conference committees of the two houses got down to work quickly Wednesday composing differences. Sen. Wiley (R-Wis), chairman of the Senate Foreign Relations Committee, came out of the first meeting to report an agreement to restore the total to above three billions.

The House voted a $3,368,608,000 authorization. But a Senate committee and the Senate itself chopped this by $638,080,000, slashing all items except 141 millions for technical cooperation.

Wiley said the Senate-House conferees agreed to put back $319,040,000 or exactly half of the total senatorial cuts. However, there remained many unresolved differences between the Senate and House bills.

Unfortunate Slash

Asked about the Senate cut of at his news conference, the President replied emphatically he thought the slash was very unfortunate.

He said the administration had cut the foreign aid program as far as it believed was safe and that the House already had trimmed it about another hundred million. He said he had no objection to the House cut because their guess was as good as his. But the newly voted cut was too deep and would hurt us badly, he added.

Wind Brings Easy Sleepin' Temperatures

Eastern Nebraskans who sweltered Wednesday should get relief Thursday.

Cooler temperatures are due in Nebraska Thursday along with some afternoon or evening showers, forecasters say.

The mercury shot past the 100-degree mark in the east Wednesday, with the Lincoln Airport recording a state high of 105.

Lincoln and Omaha both had readings of 104.

A harbinger of the cooling trend moved into Lincoln between 5:30 and 6:30 p.m. Wednesday night when the wind shifted to the north. The temperature, in that hour, dropped from 102 to a more tolerable 90. By early Thursday morning it was an easy-sleeping 71 degrees.

The weather bureau said the maximum temperatures during Thursday probably would register 75 to 85 in the extreme northwest to 90s in extreme southeast.

Five Injured In Accident

Five Lincolnites, all living at the same address, 4821 Lowell, were injured Wednesday afternoon when the car in which they were riding was involved in an accident on 27th St. between B and C.

The car was driven by LeRoy H. Armstrong, 43, who was admitted to Bryan Memorial Hospital for possible fractured ribs. Others who were taken to Bryan and released were Elnora Armstrong, 35; Lizzie Armstrong, 61; Patricia Kilzer, and Erwin Armstrong, 18.

The collision occured when a car driven by Edwin E. Lundy, 2526 No. 32nd turned into 27th from a drive between B and C.

French Airlift Starts Friday

HANOI, Indochina (AP)—French planes Friday will begin airlifting 1,500 Vietnamese civilian refugees a day to Saigon.

The airlift may even step up that pace until all those fleeing Communist Vietminh occupation of North Viet Nam are evacuated, French delegate General Jacques Compain said Wednesday night.

Many of the first to go are Catholics who fled to Hanoi last week from the Bacninh, Phulang Thuong and Lucnam areas northeast of Hanoi.

Of the 30,000 to 400,000 refugees who have moved into Hanoi since the French withdrew from the Delta area south of Hanoi in June, about 20,000 to 25,000 are Catholics, Compain said in an interview.

In addition to the airlift Compain said French ships will start moving refugees out of Haiphong seaport by mid-August at 3,000 to 5,000 a day.

Kefauver On Spot Today

Rep. Pat Sutton Is Challenger

By The Associated Press

Sen. Estes Kefauver (D-Tenn) goes up against a free-swinging challenger in Rep. Pat Sutton Thursday in his bid for a second nomination in Tennessee's hot Democratic senatorial primary.

Kefauver is a slight favorite in the primary which also features a spirited contest for the Democratic gubernatorial nomination.

Meantime, returns from four states which held primaries earlier highlighted these results:

1. The apparent defeat of a veteran Michigan Democrat, Rep. George D. O'Brien, now serving his seventh non-successive term, by Charles C. Diggs, 31, Negro state senator and Detroit undertaker. Diggs had a better than 2-to-1 margin and will oppose Landon C. Knight, Detroit newspaperman, who won the 13th district Republican nomination easily.

Hall Wins

2. Overthrow of the Kansas state Republican leadership with the nomination for governor of Lt. Gov. Fred Hall over George Templar, former U. S. district attorney.

3. Three U. S. senators won renomination and Rep. Dewey Short (R-Mo), chairman of the House Armed Services Committee, defeated a strong challenger, state Sen. Noel Cox, by almost 10,000 votes.

Sen. Matthew M. Neely (D-W.Va.), 79 and seeking a fifth term, and Sen. Andrew F. Schoeppel (R-Kans), won handily over light opposition. Sen. Homer Ferguson (R-Mich) was unopposed.

Michigan's four-way contest for the Republican gubernatorial nomination went to Donald S. Leonard, former state and Detroit police commissioner. He outdistanced his nearest competitor by more than 50,000 votes.

Williams' Foe

Leonard will oppose Gov. G. Mennen Williams in November. Williams was unopposed for a fourth term nomination in the Democratic primary. So was Sen. Ferguson's November opponent, union leader Patrick V. McNamara of Detroit.

West Virginia Republicans nominated Thomas B. Sweeney, former Wheeling insurance executive, to oppose Sen. Neely in November.

Kentucky will round out the week's primary elections Saturday with Sen. John Sherman Cooper (R) and former Vice President Alben W. Barkley (D) due to get Senate nominations in easy contests.

Senate OKs Belden Line, Base Work

Three Other Nebraska Projects In Huge Bill

From Press Dispatches

The Senate passed by voice vote Wednesday a $2,035,000,000 supplemental appropriations bill which includes $450,000 for the construction of the controversial transmission line from Gavins Point Dam to Belden, Neb.

In addition, the bill included $4,353,000 for additional construction at the Lincoln Air Force Base and $1,628,000 for Offutt Field in Omaha

Included in the Lincoln funds are an officers' club, a gymnasium and a swimming pool.

The bill, one of the largest in peacetime history, also included these three other appropriations affecting Nebraska:

Bostwick division of the Missouri Basin Development plan in Kansas and Nebraska, $1,350,000

Glendo Reservoir in Wyoming, which would store North Platte waters, $2,000,000.

Sargent Irrigation unit in Nebraska, $1,000,000.

The House committee turned down the appropriation for the Belden line, which was then added to the bill in the Senate. A Senate-House conference committee will now iron out differences between the House and Senate bills, and the Beldin line therefore depends on a favorable action by that committee.

The Belden line is planned to wheel federally-generated power from Gavins Point dam in South Dakota to the Nebraska public power agencies.

2 Camp Carson Soldiers Killed

[illegible]FFERSON, Colo. (AP)—Two Camp Carson, Colo., soldiers were killed Wednesday night in a truck accident on State Highway 77, four miles southeast of here in Park County.

The highway patrol identified the victims as James Pitts Jr. 26, and Jimmy L. Brown, 19, both members of the 21st Engineer Battalion at Camp Carson. Home addresses were not immediately available.

General Handed Glowing Tribute

Eisenhower Promises To Take Stand On McCarthy Censure If GOP Split Threatened

By JAMES LEE

WASHINGTON (INS) — President Eisenhower paid a frankly emotional tribute Wednesday to Gen. George C. Marshall, who has been newly assailed by Sen. Joseph R. McCarthy, and promised to take a stand on the McCarthy censure issue if it threatens to split the Republican Party.

The chief executive at his news conference, voiced a ringing defense of Marshall, who was brought under new attack by McCarthy earlier this week.

Mr. Eisenhower, eyes blazing and clenched fists pounding a table for emphasis, declared that Marshall "typifies what we look for . . . in an American patriot." He authorized direct quotation of his statement defending the wartime Army chief of staff.

Gen. Marshall

The President spoke out with dramatic force when a reporter asked him for comment on a letter written by ex-Secretary of War Harry Woodring and made public by McCarthy, assailing Marshall as a man who "would sell out his own grandmother for personal advantage."

Mr. Eisenhower declared it is a "sorry reward" for Marshall, after half a century of service to his country, to be accused of serving "only in order to advance his own personal ambitions."

Military Leader

The President said: "I can't imagine anyone that I have known in my career of whom this is less so than it is in his case."

The Chief Executive pointed out that his relationships with Marshall were almost exclusively in the latter's capacity as a military leader and that he didn't know the circumstances of Marshall's service in other posts.

After retiring from the Army, Marshall served former President Harry S. Truman in three important civilian assignments.

He was Truman's special envoy to China, in an unsuccessful attempt to resolve the conflict between the Chinese Communists and the Nationalist regime of Chiang Kai-shek; secretary of state, and secretary of defense.

'Conspiracy'

As to the proposed Senate censure of McCarthy, an issue which is to be passed to a special committee, Mr. Eisenhower said the controversy is going to affect the Republican Party in some way or other.

He said he would not interfere in Senate business, but that anything tending to divide the Republican Party is something that must concern him, and that he must take action to try to avoid and ameliorate a split.

McCarthy, who two years ago accused Marshall of leading a "conspiracy" to let the U. S. "fall victim to Soviet intrigue," introduced the Woodring letter this week during Senate discussion of the censure proposal.

1 Dead, 40 Injured In Whisky Blast

PEKIN, Ill. (AP) — Sixty-eight thousand gallons of whisky exploded at the American Distilling Co. Wednesday night killing at least one person. Three others are believed dead.

The atomic-like blast was seen 75 miles away.

Dead is Lawrence Neavear, 39, of Pekin, a plant employee.

More than 40 persons were reported injured, many seriously. Fifteen were taken to Peoria hospitals when the Pekin hospital overflowed.

Eighteen docetors were rushed from Peoria, 10 miles away, and State Police called all available men to the plant.

The fire started earlier Wednesday, destroying 42,000 barrels. The blaze was apparently started by lightning.

Hospitalized War Vets See 'Angel'

CHICAGO (INS) Lt. Genevieve De Galard-Terraube, French Army airborne nurse dubbed the "angel" of Dien Bien Phu, toured Chicago hospitals and medical centers Wednesday.

Hospitalized Korean veterans presented the heroic nurse with a scroll honoring her for devotion to duty in remaining with the soldiers at the besieged Indochina fortress until its capture by Communist forces.

Unterseher Defeated

—Lancaster Board—

State Action 'Unfair'

Equalization Irks County

The Lancaster County Board has called the action of the State Board of Equalization "unfair to the farmers of Lancaster County."

Board Chairman Russell Brehm issued this statement late Wednesday following a special meeting called when a 10 per cent reduction on town property in the county was ordered by the state board.

"The board also said the reduction of 10 per cent on town property was not enough," Brehm's statement continued. "The state should have decreased all property for both farm and city at least 20 per cent to put Lancaster County in line with Douglas County."

The 10 per cent cut in city real estate by the state board will cause about a 6 per cent drop in the total valuation for the county.

1954 Total

A 1954 total assessed valuation of $180,780,000 after ordered reduction was unofficially estimated by Assessor Arthur Davis. This compares with $192,335,980 for 1953 following raises by the state board.

The 10 per cent reduction will result in an assessed real estate loss of $11,555,900 in Lincoln and other villages and towns.

City real estate in 1953 was assessed at $92,463,180 before being raised by the state board to $110,031,180.

The 1954 figure was $113,037,350 before the state reduced city property to $101,733,615.

Based on the unofficial $180,780,000 total valuation, County Clerk J. B. Morgan said the tentative county levy would be 5.043 as compared with 4.74 mills estimated earlier.

While the county board has set its target levy at near the 3.997 mills levies last year, it will be even harder pressed to reach this figure in view of valuation drop.

No Comment

Asked whether a 4 mill levy or less would still be possible, Brehm said he had "no comment."

However, commenting on the state ordered reduction, Brehm said "Four statehouse politicians have apparently substituted their judgment (on real estate valuations) not only for that of the county board, but for the expert opinion of professional appraisers who viewed every piece of property in this county."

Commissioner Chauncey Barney said "not a scintilla of evidence" was presented to the state board to warrant such action.

"Douglas County, defending a 20 per cent decrease in its city real estate, cited Lancaster County business properties as lower than Douglas County's but yet the state board did not make a 20 per cent cut from our business properties," Barney said.

'Leeches'

Commissioner Chris Kuhner said "Lancaster County should have gotten the same reduction that the Douglas County political leeches took for themselves."

The reduced valuation is seen as resulting in increased millevies for various political subdivisions of the county.

The reduction in city real estate valuation will shift the tax burden more onto farm land and also onto motor vehicles and personal property.

Lancaster County had just completed a "scientific reappraisal" aimed at equalizing between individual properties as well as classes of property, such as residential, farm, and business.

Beynon—World Market Holds Ag Surplus Answer

Lincoln Star Special

WYMORE — "The only reason there are surpluses in this country is that the hungry people of the world do not have dollars to buy American food," Ira D. Beynon, Republican candidate for the First District Congressional seat, said Wednesday night.

He spoke at a farm picnic here held in his honor. Wymore is Beynon's boyhood home.

Beynon was greeted at the picnic by Thomas C. Jones, Dale Brownell, Earnest Roberts, Earnest Spiers, Hugh Lloyd, and others.

TARIFF BARRIERS HIT

Speaking on the farm program, the candidate said that the answer to the huge farm surplus is "to sell, barter and trade our food on the markets of the world."

"It is because of the tariff barriers which prevent American farmers from selling their produce abroad that he is justified in having the government support prices for his wheat, corn and other products.

"If we are to continue to protect the manufacturer and the laborer with high tariffs we should not object to support farm prices.

Farmers In Squeeze

"Farmers are being caught between the squeeze of high prices that they have to pay for everything they buy and the lower price which they receive for their products.

Beynon outlined a three-point farm program:

1. Break down the barriers that are now keeping American food from the hungry people of the world.
2. Educate the American people themselves to eat the wholesome food produced on Middle West farms.
3. Place back in public domain much of the marginal land which does not now furnish a good living for farmers. "These worn-out farms could be terraced and put into grass and permitted to lie fallow so that the soil could be enriched and held in reserve for future generations," Beynon said.

Outstate Interest Up, Demos Claim

Lincoln Star Special

OMAHA — Leading Democratic candidates for statewide offices attended the regular bi-weekly luncheon of the Douglas County Democratic Club, and reported more interest outstate than in any political campaign in recent years.

Keith Neville, North Platte and William Meier, Minden, candidates for U. S. senator, and P. J. Heaton, Sidney, who seeks the gubernatorial nomination, expressed confidence in success of the Democratic ticket this fall.

"This is a Democratic year," said Meier. "The Republicans seeking office are hurting one another," said Neville. "In 25 years of politics in Nebraska I have never seen an office holder as greatly discredited as Bob Crosby," said Heaton.

CrosbyCampaigns In Grand Island

Gov. Robert Crasby, continuing what he described as his "part time" campaign for the U. S. Senatorial nomination, went to Grand Island Wednesday for a Lions Club luncheon.

His duties as governor allow him only part time for campaigning, he explained.

In remarks prepared for the Grand Island gathering,, the governor said: "We must encourage the conviction on the part of non-Communist people of Asia, Europe and the Western Hemisphere that freedom is worth fighting for, so that they will have the will to shape effective mutual defense agreements.

President Eisenhower's dramatic proposal last year for international pooling of atomic energy for peaceful purposes was a constructive step along this line. To be sure, Russia turned down the proposal.

"In spite of Russia's opposition, I would urge the President to press the development of his proposal for pooling of atomic energy for useful purposes among the non-Communist nations. In this way the people under the Communist yoke will be presented with a picture of free people demonstrating their peaceful constructive intentions and prospering thereby."

Benesch Calls For Action, 'Less Talk'

OMAHA — (AP) — Joseph V. Benesch, of Omaha, candidate for the Democratic nomination for the six-year U. S. Senate term, called Wednesday for "more action and less talk" in the battle gainst Communism.

"Communists can be arrested and imprisoned as traitors here in America," Benesch said in a statement.

"The Government can and should secure evidence, obtain indictments and prosecute Communists," he said. Benesch continued:

"Accusations in generalities should not be indulged in. Reputations should not be recklessly ruined. Soft pedal the talk, but hit hard, is the way to deal with a Communist at home."

Benesch said "useless expenditures of billions of tax dollars abroad has proved ineffective. We must stop throwing away our money, or we will soon be on the brink of insolvency."

20 Contributions Listed By Martin

A report listing 20 contributions of $25 or more to the David Martin senatorial campaign was filed with the secretary of state Wednesday by F. G. Hartzell, treasurer of the Martin for Senator club.

Largest in the list, totaling $3,800, was a $2,000 contribution from the Republican full-term senatorial candidate himself.

Contributions of $250 each from Austin Braun and Fred E. Owen, both of Omaha, were reported. Contributors of $100 each were listed as S. S. Sidner, Harold Oldfather, F. F. Hartzell, R. L. Hart, Don Asher, J. C. Tye, John Henry, John G. Lowe, J. H. Keenan, Ray Nelson and C. K. Gibbons, all of Kearney.

Disbursements totaling $2,710.15 also were reported.

Corn Borer Outbreak Over State 'Serious'

The present European corn borer infestation may be one of the most severe outbreaks Nebraska has experienced Bob Roselle, extension entomologist at the University of Nebraska, said.

Roselle said borers are present in most northeastern counties, with surveys indicating that many fields are 90 per cent or more infested with 5 to 12 borers per stalk.

Budget Requests Studied But No Totals Reached

BY BILL DOBLER
Star Staff Writer

Budget requests of the police, fire, park and recreation departments were reviewed by the City Council with little indication of what the final 1954-55 figures might be.

It appeared evident, however, that the total request of the park department would be cut—how much as yet undetermined. Park Superintendent James Ager has submitted a $348,535 budget to complete an extensive park improvement program.

The park department appropriation last year was $216,883. Ager has planned a budget calling for more than 20 additional employees, extensive park improvements and the purchase of considerable equipment.

Speaking for the Council, Mayor Clark Jeary commended Ager for the detailed work done on his budget and the enthusiasm with which the work has been approached but added that he felt it would be impossible for the Council to go along with the entire park improvement program in one year.

'A Shame'

Commenting on all four departmental budgets, Councilman Joseph Fenton stated, 'it is a shame that we cannot approve all of these things as they are all very commendable."

In the recreation department, the Council has a budget request down more than $20,000 from last year. The 1954-55 request is $67,773.

This is due, in part, to the fact that the park department has assumed some of the work formerly done by the recreation department. Parks and recreation were partially consolidated during the past year and moved from the jurisdiction of the department of parks, public property and improvements to the department of welfare and safety.

Both Ager and Recreation Director James Ager agreed that the switch has resulted in a number of economies.

With the exception of personnel additions, the fire department budget is changed little from last year. This year's request is $492,643 as compared to $455,664 for the 1953-54 fiscal year.

Some $5,000 of the increase is found in capital outlay and maintenance while the remainder is the result of additional personnel added to man the new southeast fire station and the shortening of firemen's hours during the past year.

Police Chief Joseph T. Carroll explained to the Council his department's budget which stands for the new year at $550,023 as requested in comparison with $528,616 appropriated last year. Some $4,500 of the increase is in automatic salary increases under the merit system and to pay for waived vacations, another $4,000 is in maintenance and some $400 in capital outlay.

Mrs. Annie Moss Again Draws Army Suspension

'New Information' Cited In Case Of Woman Named As Communist

WASHINGTON (INS) — The Army announced Wednesday that on the basis of "new information" it has again suspended Mrs. Annie Lee Moss, a Pentagon employee named earlier this year by a witness before Sen. Joseph R. McCarthy's investigating committee as a onetime Communist.

Mrs. Moss

Mrs. Moss, who was suspended from her Signal Corps message center job when an FBI informant told the McCarthy Committee she had been a Communist Party member 10 years ago, denied the charge under oath and was reinstated as an Army civilian employee last March 29.

Pentagon officials said Wednesday's action was based on information not previously available in Mrs. Moss' loyalty investigation, but declined to disclose its nature.

Current Controversy

The Moss case figures in the current Senate controversy over proposals to censure McCarthy. Some senators charged that the Wisconsin legislator implied Mrs. Moss was a Communist without sufficiently investigating the evidence on which the accusation was based.

McCarthy hailed the Army's action. He said: "This is a good healthy sign they are tightening up their security. Bob Stevens should be complimented for it."

He referred to Army Secretary Robert T. Stevens, one of his antagonists in the Army-McCarthy dispute.

The testimony purporting to link the middle-aged Washington widow to the Communist Party came from Mrs. Mary Markward, who served the FBI as an undercover agent.

The McCarthy committee's hearing on Mrs. Moss was held while the Wisconsin Republican was pressing his probe of alleged Communist infiltration of the Army and just prior to the explosive charges and countercharges in the dispute between McCarthy and Army Secretary Robert T. Stevens.

'Know Fact'

At the time he called Mrs. Moss as a witness, McCarthy said he did so because he wanted Stevens to "know the facts" about Red attempts to penetrate the Army payroll.

During her appearance before the McCarthy Committee last spring, Mrs. Moss won dramatic support from Sen. Stuart Symington (D-Mo), who said he believed her denial, even though to thus declare his faith in her veracity might be "sticking my neck out."

Army officials gave Mrs. Moss 30 days in which to request a hearing before a Pentagon loyalty board.

In her testimony before the McCarthy group, Mrs. Markward said that while she did not know Mrs. Moss personally, she recognized the name as that of a dues-paying member of a Washington Communist "club" in 1943.

Mrs. Moss protested that she must have been a victim of mistaken identity, for, she swore, she never had been either a Communist or a Red sympathizer, and had no interest in or knowledge of Communist doctrines.

Fire Guts Hospital; 107 Patients Safe

EAST MOLINE, Ill (AP) — Fire gutted a building at the East Moline State Mental Hospital Wednesday night but all of the 107 patients in the two-story, brick structure were led to safety.

Peter Stanbrow, about 35, an employee in the recreation department of the large institution, was overcome by smoke while escorting the 64 women patients and 43 men from the 125-room building.

Smoke and flames attracted hundreds. Fire departments from Moline, East Moline and other nearby cities fought the blaze for nearly three hours before it was brought under control.

Truce Changes

SEOUL (Thursday) (INS) — A drive for important revisions in the Korean armistice agreement loomed in the wake of allied agreement that the Neutral Nations Supervisory Commission was not doing its job and was not necessary in Korea.

A fast moving series of events which began with a verbal blast at the truce inspection body by ROK Provost Marshal Lt. Gen. Won Yung Duk last Friday culminated with agreement by U.S. Secretary of State John Foster Dulles that the four-nation "neutral" body could safely be eliminated without endangering the armistice.

News Around The Globe

New Meet Asked

WASHINGTON (AP)—Russia, in a surprise move, Wednesday called for a new Big Four foreign ministers meeting to consider Moscow's plan for joining Eastern and Western European nations in a giant security pact.

Top American officials promptly labeled the Soviet proposal as a last minute maneuver aimed at blocking French approval of the six-nation European army project.

Can Be Stopped

CHICAGO (INS)—South Korean President Syngman Rhee said President Eisenhower and Secretary of State John Foster Dulles feel Communism can be stopped only through a war, but that such a war with the Reds "would destroy humanity."

Rhee, who conferred with Mr. Eisenhower and Dulles in Washington last week, told a group of Koreans in Chicago that he favored a war with Communism "providing it is not an atomic war."

Murder Charged

PHENIX CITY, Ala. (INS)—A murder charge was placed against a Phenix City beer distributor Wednesday in a four-year-old "wholesale shooting" scrape in the crime-encrusted city.

While investigators continued their probe of the Albert L. Patterson murder, distributor E. L. Cook was jailed for the slaying of John Mancil on Aug. 6, 1950.

Hostage Denied

WASHINGTON (AP) — The Yugoslav Embassy denied Wednesday night that Yugoslavia was holding as hostage a daughter of a former Yugoslav now doing secret work for the U. S. Army.

Sen. Kilgore (D-WVa) said recently that Andreja Glusic, 21, is being held hostage to get her father back to Communist Yugoslavia "for execution purposes."

Missiles Added

WASHINGTON (AP)—The announced dispatch of an Army guided missile battalion to Europe Wednesday foreshadowed a further reinforcement of the American atomic weapons arsenal overseas.

A unit equipped with 10 launchers for "Corporal" guided missiles, the 259th Field Artillery Battalion, is the outfit selected to introduce the Army's faster-than-sound missile to Europe.

'A New Army'

LONDON (INS)—British Army leaders disclosed plans for the creation of "a new Army" made necessary because of the threat of hydrogen and atomic bombs and geared to give "the fighting man more mobility."

Beynon—World Market Holds Ag Surplus Answer

Lincoln Star Special

WYMORE — "The only reason there are surpluses in this country is that the hungry people of the world do not have dollars to buy American food," Ira D. Beynon, Republican candidate for the First District Congressional seat, said Wednesday night.

He spoke at a farm picnic here held in his honor. Wymore is Beynon's boyhood home.

Beynon was greeted at the picnic by Thomas C. Jones, Dale Brownell, Earnest Roberts, Earnest Spiers, Hugh Lloyd, and others.

TARIFF BARRIERS HIT

Speaking on the farm program, the candidate said that the answer to the huge farm surplus is "to sell, barter and trade our food on the markets of the world."

"It is because of the tariff barriers which prevent American farmers from selling their produce abroad that he is justified in having the government support prices for his wheat, corn and other products.

"If we are to continue to protect the manufacturer and the laborer with high tariffs we should not object to support farm prices.

Farmers In Squeeze

"Farmers are being caught between the squeeze of high prices that they have to pay for everything they buy and the lower price which they receive for their products.

Beynon outlined a three-point farm program:

1. Break down the barriers that are now keeping American food from the hungry people of the world.
2. Educate the American people themselves to eat the wholesome food produced on Middle West farms.
3. Place back in public domain much of the marginal land which does not now furnish a good living for farmers. "These worn-out farms could be terraced and put into grass and permitted to lie fallow so that the soil could be enriched and held in reserve for future generations," Beynon said.

Outstate Interest Up, Demos Claim

Lincoln Star Special

OMAHA — Leading Democratic candidates for statewide offices attended the regular bi-weekly luncheon of the Douglas County Democratic Club, and reported more interest outstate than in any political campaign in recent years.

Keith Neville, North Platte and William Meier, Minden, candidates for U. S. senator, and P. J. Heaton, Sidney, who seeks the gubernatorial nomination, expressed confidence in success of the Democratic ticket this fall.

"This is a Democratic year," said Meier. "The Republicans seeking office are hurting one another," said Neville. "In 25 years of politics in Nebraska I have never seen an office holder as greatly discredited as Bob Crosby," said Heaton.

CrosbyCampaigns In Grand Island

Gov. Robert Crasby, continuing what he described as his "part time" campaign for the U. S. Senatorial nomination, went to Grand Island Wednesday for a Lions Club luncheon.

His duties as governor allow him only part time for campaigning, he explained.

In remarks prepared for the Grand Island gathering,, the governor said: "We must encourage the conviction on the part of non-Communist people of Asia, Europe and the Western Hemisphere that freedom is worth fighting for, so that they will have the will to shape effective mutual defense agreements.

President Eisenhower's dramatic proposal last year for international pooling of atomic energy for peaceful purposes was a constructive step along this line. To be sure, Russia turned down the proposal.

"In spite of Russia's opposition, I would urge the President to press the development of his proposal for pooling of atomic energy for useful purposes among the non-Communist nations. In this way the people under the Communist yoke will be presented with a picture of free people demonstrating their peaceful constructive intentions and prospering thereby."

Benesch Calls For Action, 'Less Talk'

OMAHA — (AP) — Joseph V. Benesch, of Omaha, candidate for the Democratic nomination for the six-year U. S. Senate term, called Wednesday for "more action and less talk" in the battle gainst Communism.

"Communists can be arrested and imprisoned as traitors here in America," Benesch said in a statement.

"The Government can and should secure evidence, obtain indictments and prosecute Communists," he said. Benesch continued:

"Accusations in generalities should not be indulged in. Reputations should not be recklessly ruined. Soft pedal the talk, but hit hard, is the way to deal with a Communist at home."

Benesch said "useless expenditures of billions of tax dollars abroad has proved ineffective. We must stop throwing away our money, or we will soon be on the brink of insolvency."

20 Contributions Listed By Martin

A report listing 20 contributions of $25 or more to the David Martin senatorial campaign was filed with the secretary of state Wednesday by F. G. Hartzell, treasurer of the Martin for Senator club.

Largest in the list, totaling $3,800, was a $2,000 contribution from the Republican full-term senatorial candidate himself.

Contributions of $250 each from Austin Braun and Fred E. Owen, both of Omaha, were reported. Contributors of $100 each were listed as S. S. Sidner, Harold Oldfather, F. F. Hartzell, R. L. Hart, Don Asher, J. C. Tye, John Henry, John G. Lowe, J. H. Keenan, Ray Nelson and C. K. Gibbons, all of Kearney.

Disbursements totaling $2,710.15 also were reported.

Corn Borer Outbreak Over State 'Serious'

The present European corn borer infestation may be one of the most severe outbreaks Nebraska has experienced Bob Roselle, extension entomologist at the University of Nebraska, said.

Roselle said borers are present in most northeastern counties, with surveys indicating that many fields are 90 per cent or more infested with 5 to 12 borers per stalk.

Budget Requests Studied But No Totals Reached

BY BILL DOBLER
Star Staff Writer

Budget requests of the police, fire, park and recreation departments were reviewed by the City Council with little indication of what the final 1954-55 figures might be.

It appeared evident, however, that the total request of the park department would be cut—how much as yet undetermined. Park Superintendent James Ager has submitted a $348,535 budget to complete an extensive park improvement program.

The park department appropriation last year was $216,883. Ager has planned a budget calling for more than 20 additional employees, extensive park improvements and the purchase of considerable equipment.

Speaking for the Council, Mayor Clark Jeary commended Ager for the detailed work done on his budget and the enthusiasm with which the work has been approached but added that he felt it would be impossible for the Council to go along with the entire park improvement program in one year.

'A Shame'

Commenting on all four departmental budgets, Councilman Joseph Fenton stated, 'it is a shame that we cannot approve all of these things as they are all very commendable."

In the recreation department, the Council has a budget request down more than $20,000 from last year. The 1954-55 request is $67,773.

This is due, in part, to the fact that the park department has assumed some of the work formerly done by the recreation department. Parks and recreation were partially consolidated during the past year and moved from the jurisdiction of the department of parks, public property and improvements to the department of welfare and safety.

Both Ager and Recreation Director James Ager agreed that the switch has resulted in a number of economies.

With the exception of personnel additions, the fire department budget is changed little from last year. This year's request is $492,643 as compared to $455,664 for the 1953-54 fiscal year.

Some $5,000 of the increase is found in capital outlay and maintenance while the remainder is the result of additional personnel added to man the new southeast fire station and the shortening of firemen's hours during the past year.

Police Chief Joseph T. Carroll explained to the Council his department's budget which stands for the new year at $550,023 as requested in comparison with $528,616 appropriated last year. Some $4,500 of the increase is in automatic salary increases under the merit system and to pay for waived vacations, another $4,000 is in maintenance and some $400 in capital outlay.

Mrs. Annie Moss Again Draws Army Suspension

'New Information' Cited In Case Of Woman Named As Communist

WASHINGTON (INS) — The Army announced Wednesday that on the basis of "new information" it has again suspended Mrs. Annie Lee Moss, a Pentagon employee named earlier this year by a witness before Sen. Joseph R. McCarthy's investigating committee as a onetime Communist.

Mrs. Moss, who was suspended from her Signal Corps message center job when an FBI informant told the McCarthy Committee she had been a Communist Party member 10 years ago, denied the charge under oath and was reinstated as an Army civilian employee last March 29.

Mrs. Moss

Pentagon officials said Wednesday's action was based on information not previously available in Mrs. Moss' loyalty investigation, but declined to disclose its nature.

Current Controversy

The Moss case figures in the current Senate controversy over proposals to censure McCarthy. Some senators charged that the Wisconsin legislator implied Mrs. Moss was a Communist without sufficiently investigating the evidence on which the accusation was based.

McCarthy hailed the Army's action. He said: "This is a good healthy sign they are tightening up their security. Bob Stevens should be complimented for it."

He referred to Army Secretary Robert T. Stevens, one of his antagonists in the Army-McCarthy dispute.

The testimony purporting to link the middle-aged Washington widow to the Communist Party came from Mrs. Mary Markward, who served the FBI as an undercover agent.

The McCarthy committee's hearing on Mrs. Moss was held while the Wisconsin Republican was pressing his probe of alleged Communist infiltration of the Army and just prior to the explosive charges and countercharges in the dispute between McCarthy and Army Secretary Robert T. Stevens.

'Know Fact'

At the time he called Mrs. Moss as a witness, McCarthy said he did so because he wanted Stevens to "know the facts" about Red attempts to penetrate the Army payroll.

During her appearance before the McCarthy Committee last spring, Mrs. Moss won dramatic support from Sen. Stuart Symington (D-Mo), who said he believed her denial, even though to thus declare his faith in her veracity might be "sticking my neck out."

Army officials gave Mrs. Moss 30 days in which to request a hearing before a Pentagon loyalty board.

In her testimony before the McCarthy group, Mrs. Markward said that while she did not know Mrs. Moss personally, she recognized the name as that of a dues-paying member of a Washington Communist "club" in 1943.

Mrs. Moss protested that she must have been a victim of mistaken identity, for, she swore, she never had been either a Communist or a Red sympathizer, and had no interest in or knowledge of Communist doctrines.

EAST MOLINE, Ill (AP) — Fire gutted a building at the East Moline State Mental Hospital Wednesday night but all of the 107 patients in the two-story, brick structure were led to safety.

Smoke and flames attracted hundreds. Fire departments from Moline, East Moline and other nearby cities fought the blaze for nearly three hours before it was brought under control.

Wyoming Refuses To Sell Water To Nebraskans

Kendrick Flow Use Is Denied

Lincoln Star Special

DENVER, Colo. — Wyoming State Engineer L. C. Bishop has ordered the district manager of the Casper Bureau of Reclamation not to release any water from the Seminole Reservoir-Kendrick project to Nebraska's North Platte Irrigation District.

Bishop's order is effective until Wyoming is guaranteed repayment in water by Nebraska.

The Wyoming ban on water to Nebraska came in the wake of the Department of Interior announcement last week that it had authorized the sale of 150,000 acre feet of Kendrick water to the North Platte district. The Department of Interior authorized the sale after determining that the Seminole Reservoir has a surplus of water.

Law Suit Considered

"I don't know how we'll enforce our position, but we will take whatever steps are necessary," Bishop said. "We may even have a law suit with the government on our hands."

Irrigators in eastern Wyoming (outside the boundaries of the Kendrick project) and in western Nebraska were to have the privilege of buying water from Seminole for $2.25 per acre foot.

Nebraska Chief Sees No Serious Effect

Dan Jones, chief of the Nebraska Bureau of Irrigation, doubts whether the Wyoming ban will have a serious effect on irrigation in the North Platte Valley.

"According to the North Platte district irrigators I have spoken with," Jones said, "Nebraska irrigators were not planning to buy water from Seminole as they felt the price was too high."

Jones explained that North Platte district irrigators have been operating this summer on the theory that it would be a dry year and have planted crops according to the water the district has on hand.

Use Pathfinder Water

The North Platte Irrigation District obtains its water from the Pathfinder Reservoir, also located in Wyoming.

"The only district which may be hurt by the Wyoming decision is the Mitchell Irrigation District," Jones added. He said this district has no permanent contract for storage rights with Pathfinder and was not granted a contract with Pathfinder this year.

"I understand that Mitchell irrigators hoped to buy water from the Kendrick project," Jones said.

The irrigation chief said that Nebraska would have no legal recourse if Wyoming decides to continue the ban.

SPOKANE, Wash. (INS)—An ex-convict, killed in a gun battle with sheriff's deputies in Spokane, was identified through finger prints Wednesday as one of the nation's "10 most wanted men."

He was Lloyd Reed Russell, 32, described as an escape artist who was wanted since he fled from the Marquette branch of the Michigan State Penitentiary May 22, 1953.

Russell was shot in the head Tuesday night in a battle with two deputy sheriffs but was identified as Raymond M. Kidd, 35, the name under which he lived in Spokane.

His companion, Norman J. Wyatt, 22, who is charged with robbery, was captured. Police said he was an apprentice learning the holdup trade from Russell.

East German Chief Announces 'Defection'

BERLIN (AP)—The East German Communist regime announced Wednesday it has granted political asylum to former West German security chief Otto John. Prime Minister Otto Grotewohl said John promised to "use all my strength to advocate reunification of Germany and to fight the threatening danger of war."

Grotewohl told the cheering lower house of the East German Parliament that John had written him a letter expressing "sincere thanks" for the sanctuary granted by Red authorities.

John, 44, headed West Germany's Office for Protection of the Constitution—the West zone's FBI—for nearly four years. He crossed into Soviet-run East Berlin July 20. The East zone radio has since broadcast three statements in which John attacked an alleged resurgence of Nazism and militarism in Chancellor Konrad Adenauer's Bonn government.

Grotewohl's announcement came 12 hours after an East German communique claiming mass arrests of American "spies" and agents of the Gehlen organization, an undercover West German intelligence agency financed by the United States.

Sheriff, Deputy Didn't Sleep Wink Hauling Boastful Con

By VIRGIL FALLOON
Star Staff Writer

Neither Lancaster County Sheriff Merle Karnopp nor his deputy, Robert Anderson, slept a wink during the 17 hours on the road in returning Michael Negrey to the Nebraska State Penitentiary from Winnipeg, Canada.

The 36-year-old Canadian escape artist was extradited from Canada to complete a nine-year burglary term at the Nebraska prison. He had escaped custody here in July, 1949.

"Negrey didn't sleep a wink the whole trip, and we didn't either," said Karnopp. "We just kept driving, except for gas or food stops, until we reached Lincoln."

Karnopp said they left Winnipeg about 10 a.m. Tuesday and arrived at 3 a.m. Wednesday at the Nebraska prison's gates.

Begged

"Negrey begged to be locked up overnight in the county jail, but we took him right out to the penitentiary," said Karnopp, smiling as he produced a Canadian newspaper clipping.

The clipping described how Negrey was kept under special guard during his five years in prison there at a yearly cost of $7,000.

Also listed were Negrey's crimes including conspiracy, armed robbery, auto theft, shooting with intent to kill and prison escape.

Boasted

"Negrey was quite talkative the whole trip—describing prison life and boasting of various jobs he had pulled," Karnopp said.

Negrey claims to be able to pick any pair of handcuffs or leg shackles, and reportedly almost escaped from the Canadian prison after slugging guards with picked handcuffs he put in a sock, Karnopp related.

Karnopp also brought back from Canada a 32-20 caliber pistol taken from Negrey when he was arrested by the Royal Canadian Mounted Police following his Nebraska escape.

Identified

It has been identified as belonging to H. O. Phillips of Lincoln, whose home workshop the Canadian broke into and obtained tools to cut off his handcuffs.

Negrey was being taken by a penitentiary guard to a Lincoln hospital when he escaped custody. Negrey was suffering from tuberculosis.

However, the Canadian paper reports that Negrey's health has improved during his stay in the Canadian prison, although doctors had given Negrey only six months to live when he entered prison there.

Penitentiary Warden Herbert Hann says Negrey has been placed in a cell—the same as used for any inmate when first brought into the prison.

Hann said no special guard is planned as was used by Canada.

Colorado Bishop Four Others Die In Plane Crash

OAKLAND, Calif. (INS) — A private plane crashed after take-off from the Oakland Municipal Airport Wednesday, killing a Colorado bishop, his wife, two children and a church worker.

The victims were identified as Bishop Lloyd A. Meeker of the Church of the Emissaries of the Divine Light, Sunrise Ranch, Loveland, Colo.; his wife, Kathleen; Albert Ackerley, a church worker; Billy Van Duesen, 10, son of the bishop's secretary, and Sharon Call, 9, daughter of the church musical director.

The plane climbed sharply into an overcast at about 1,000 feet and then suddenly made a spinning crash into San Francisco Bay about a quarter of a mile from the airport.

His Great Good Friend

When President Eisenhower held his press conference Wednesday, it was evident to the assembled news men and women that the President was indignant. The questioning by the correspondents had turned to a new attack by Sen. Joe McCarthy on the Chief Executive's great, good friend, Gen. George C. Marshall.

Mr. Eisenhower had a sound basis for his anger and contempt. It was not the first time that Sen. McCarthy had taken out after a magnificent American with a long record of service, a man who in selfless spirit put aside his own personal ambition to lead America's fighting force in the field, and instead devoted long hours to desk work. The President had good reason to know of Gen. Marshall's devotion to what Marshall considered the best interests of the country. Marshall had stood shoulder to shoulder with Mr. Eisenhower. Later when Marshall as chief of staff desired to retire to private life, he accepted the burdens of the post of secretary of state and an assignment of a special mission to China. It is preposterous that Marshall should find himself in the line of fire of Joe McCarthy. So Mr. Eisenhower spoke of Marshall as a patriotic American and warming to the subject, left the inference that it might be necessary for him to take a hand in the current battle over McCarthy.

It not only seems necessary—obviously it is a step the President should take, and without much further delay.

It is the more necessary because a Republican Senate, confronted with the issue of censuring Sen. McCarthy, decided in this election year that discretion was the better part of valor. Under the leadership of Sen. Knowland, the Senate dodged and ducked the issue raised by the Flanders resolution and went through the empty motions of creating another committee to determine whether Sen. McCarthy should be censured. Clearly that decision was one of political convenience. Let the issue simmer and possibly die, but as a matter of political strategy, duck it until after the November elections, if possible. Mr. Eisenhower can fall back on defense of a milk-and-water handling of McCarthy, since the Senate is the judge of the actions of one of its own members, but this matter keeps coming back and back to the doorstep of the White House because the President, the titular head of his party, balances his weight first on one foot and then on the other.

It was good to see Mr. Eisenhower thoroughly steamed up at last by McCarthy's fresh attack upon Gen. Marshall.

Looking Ahead To 1955

The people of Lincoln were face to face with the fact that again in 1955 they may find themselves bogged down with restrictions on the use of water.

This development grows out of the request of the contractor engaged in the laying of the huge 48-inch water transmission line from the wells sunk into the Platte River sands at Ashland for the 56-day extension of the completion date for the job. That date originally was April 15 as set forth in the contract. Sensibly mayor Jeary nipped this in the bud by firmly standing for an extension of only five days.

The basis for the request for the extension of the completion date, as set forth in news columns of the morning Star, is delay resulting from the city's failure to obtain certain sections of pipeline right-of-way. While admitting a brief delay in the acquisition of the right-of-way, Lincoln's engineering department denies that any considerable time was lost.

The mayor and his associates must be fully aware of the circumstances. They know this has been an unavoidable but exceedingly costly summer in Lincoln in terms of damage, particularly to residential sections, resulting from a water shortage. The people of this community will spend many thousands of dollars restoring their lawns to the condition they were in at the beginning of the present summer. One of the assets of this community has been the attractiveness of its residential sections. It has been impossible to offset the ravages of heat and drought in Lincoln within the limitations of curtailed water usage.

What has puzzled us has been a lack of reservoir storage capacity. On this page last winter, there was frequent reference to the neglect of adequate reservoir facilities. Since then a five-million-gallon reservoir has been completed. But that is not adequate. It alone will not make any substantial contribution towards curing the water storage problem. We need more reservoirs and the building of reservoirs does not necessarily have to wait on the completion of the Ashland pipeline. We know what the answer to that will be. It will be that it is cheaper to depend upon a supply direct from Ashland than to construct storage reservoirs.

Out of all discussion, there can be only one conclusion. No community has a substitute for water when it needs water. The people of Lincoln are not going to be very happy if again next summer they find it necessary to put up with a program of water restrictions. After all, the people of Lincoln did their part full well and generously when they gave approval for adequate revenue for a satisfactory water supply.

Of Men And Things

By J. E. LAWRENCE

A news story last week placed the cost of Nebraska's long-range highway program if and when completed at $240 million. That is a lot of smackers, if you're asking us, but well worth the price. An adequate highway system is a very necessary facility of any modern state. Now, suppose the people of Nebraska should awaken some morning to find 183 million bucks, or any substantial part of that sum, on the bedcover in front of their astonished eyes. Boy, oh boy! Money from heaven!

★

Carl's Big, Bleeding Heart

Nebraska's First District congressman, Rep. Carl Curtis, in the closing days of this primary campaign wants the people of Nebraska to know he has been ever diligent and vigilant in looking after their pocketbook interests when it comes to taxes. It is well that Mr. Curtis has let them in on this information. Otherwise they might not know that through eight terms of service in the lower house (16 years), he has been their little 'watchdog.' There are a good many aspects of Mr. Curtis's voting record as a member of the House during the last 16 years about which he has not been so articulate. One is his embattled crusade as the head of a House subcommittee to reshape the social security program. Another about which Mr. Curtis has very little to say is his voting record on the great giveaway—Tidelands oil. So far as we have been able to discover at every opportunity, Mr. Curtis voted for the big giveaway in turning the lush oil royalties which are a part of the development of the fabulous riches of the Tidelands back to the states of California, Texas and Louisiana. We're not sure how many Nebraskans have any personal knowledge of Mr. Curtis's effective labors to lighten their tax burden, but we do believe that, given the facts, Nebraskans will recognize that Mr. Curtis performed no service for them when as a loyal party errand boy he supported the Eisenhower big giveaway.

★

It would be an interesting picture if Mr. Curtis could have been photographed while reading the recent story in the Los Angeles Times that Gov. Knight had decided against intervening in a suit brought by a California Farm Bureau group to prevent the city of Long Beach from pocketing accumulated oil royalties variously estimated to aggregate from $50 million to as much as $183 million as a result of the big 'giveaway.' Nebraska had a financial interest of some concern in that Tidelands battle. Carl Curtis as well as other members of the Nebraska congressional delegation voted to give California the huge accumulated royalties on Tidelands oil, and not only to give California royalties which have accumulated but to lay a foundation whereby all royalties henceforth collected will go to Long Beach, possibly some other California cities, and the state of California.

★

His Most Important Hurdle

Mr. Curtis, or the organization supporting him, has been sending out letters in recent days suggesting to Nebraska Republican voters that the answer they give in the primary next Tuesday embodies the most important decision of his political career. So what? Naturally he hopes he will land the Republican nomination for Senate to climax 16 years of service in the House, a 16-year service which in the judgment of many Nebraskans is unmarked by a single distinguished contribution. We haven't the slightest idea how Mr. Curtis's rivals — Gov. Crosby, former GOP State Chairman Dave Martin, or Sen. Terry Carpenter—would have stood on the Tidelands issue, although Gov. Crosby [illegible] the Benson flexible price support program, which certainly is not in the interest of Nebraska agriculture in this area of [illegible] farm production. We do know that to preserve his position of consistent regularity, Mr. Curtis made the city of Long Beach a handsome present of anywhere from $50 million to $183 million, with more to come, after the Supreme Court of the United States had ruled that Tidelands and the lush royalties arising from its oil development belonged to all the people of all the states of the United States.

★

We have the notion that Mr. Curtis might be in a better position to talk about tax burdens of his fellow Nebraskans had his votes on Tidelands been exactly opposite from what they were. Long Beach now plans to use a part of its dough for parks and highways. It would come in handy in helping to defray the cost of Nebraska's long-range highways — that is, Nebraska's share of it.

Wrong Assignments

Science is forging ahead toward the day, possibly not far off now, when atomic generation of cheap electricity will be taken as a matter of course.

The latest barrier to be cleared is the discovery of the proper substance, good enough and safe enough, to absorb atomic heat and conduct it to the boilers to make steam. The substance is metallic sodium. It melts at low temperatures but it can absorb an immense amount of heat before it boils. That makes it ideal for the transfer of atomic heat.

The progress of science in this atomic energy field is in contrast to that of Congress. The way things are going, there will be plenty of atomic power before the Washington lawmakers get anything halfway practical hammered together to provide for its regulation.

Possibly the reason for this is that if science puts a bad combination together, it blows them up. But if Congress puts together a bad mixture, it is the people who blow up. It might be a good idea to switch jobs. Blowing up a few senators would be a help. Meantime, the scientists would probably figure out a rational atomic energy law. That way everyone would gain.

New Look And Budget Balancing Abandoned

WASHINGTON — While Congress has been sweating out its last hot weather convulsions, vitally important decisions are being made backstage in the Pentagon which affect your pocketbook and future taxes.

The "New Look" for the military definitely has been abandoned. Further military cuts are out the window. The Eisenhower hope of balancing the budget is being chalked up privately as a sincere but hopeless hope.

The drastic revision in military planning has been made as the result of some gloomy reports on the international picture, plus the consistent hammering of Gen. Matt Ridgway that footsoldiers must continue to be important, despite the A-bomb.

One gloomy report comes from Gen. James Van Fleet, former U.S. Commander in Korea, who has been making a Far Eastern survey for Eisenhower. His military thinking coincides with that of Dr. Syngman Rhee—namely that the United States should resume war in Korea. This of course, has been turned down.

But what cannot be ignored is Gen Van Fleet's warning that the Chinese Reds are going to invade Formosa. If successful, this would mean that the last vestiges of the Chinese Nationalists would disappear and the United States would have far less chance to bar Red China from the U.N. Also, such an invasion would make ridiculous the much-publicized White House announcement last year, in fulfillment of a campaign promise that the U.S. Seventh fleet was being relieved of its job of keeping Chiang Kai-shek from attacking the mainland. Henceforth he would be free to attack.

Now it develops, according to Gen. Van Fleet, that Formosa will have to be protected again after all, and that the idea of using Chiang's troops either in Korea or Indochina was pure politics.

HUMPHREY GETS TAKEN

Frank Edwards, the AFL commentator, was staging one of his broadcasts from the radio press room of Congress during the famous filibuster. His guest was to be Sen. Hubert Humphrey of Minnesota, a crusader against the bill giving control of atomic production to private industry.

Edwards was rehearsing his broadcast preparatory to going on the air at 10 p.m., as Sen. Humphrey approached at 9:55 and peered through the glass door of the radio studio. Edwards had every appearance of being on the air. In fact, he kept reading the script aloud as the senator walked in. Edwards waved him to a chair, kept on talking.

"And now," he said, as he continued talking into the microphone. "I have a special guest tonight who will explain the Senate fight over atomic energy. He is Sen. Humphrey of Minnesota, who is up for re-election this year and who seems to be adopting the policy of 'to hell with the people of Minnesota.' "

Humphrey jumped from his chair as if someone had hit him.

It took him some moments to realize that it was only 9:55 and Edwards did not go on the air until 10 p.m.

EMPTY SENATE HONOR—

Strangest senate race of the year is for the unexpired term of the late Sen Dwight Griswold, Nebraska Republican. His successor will serve only two months—November and December—at which time Senate is not in session. In other words, this two-month senator will never be sworn in, will never take his seat, and won't even have to go to Washington.

Yet 16 candidates have filed for the short-term office, and are busily campaigning up and down Nebraska. They are buying up advertising, sending out letters making fantastic promises to the voters. Some are promising to follow President Eisenhower's policies; others are offering a more conservative platform.

Of course, the winner will never get an opportunity to carry out his election promises. Only candidate who is frankly admitting to the voters that he wants the job simply for the honor and prestige is Mac Baldrige, Nebraska Republican, onetime popular congressman from Nebraska.

DORIS FLEESON

Woodring-Johnson Feud Is Historic

WASHINGTON—When Navy Undersecretary Dan A. Kimball was promoted to secretary in the summer of 1951, he said to his superior, Defense Secretary George Catlett Marshall, "General, have you any suggestions about filling my old job?" Marshall's reply was prompt and powerful.

"Kimball," he barked, "get your own undersecretary. I don't want any part of it. Get somebody you can work with who will be loyal to you and I'll fight for him all the way to 1600 Pennsylvania Avenue and back to the Pentagon.

"I had to be chief of staff to a secretary of war and his first assistant who weren't speaking to each other. They not only didn't make any secret of how they hated and despised each other, they ran to the President behind each other's back. Then the President would send for me to get the facts.

"It was the most miserable experience of my life. If we hadn't been trying to prepare for a war I knew was coming I don't think I could have stood it. I don't want anyone around here to have to go through anything like that again and if anybody does it will be their own fault, not mine."

☆ ☆ ☆

The secretary of war who wasn't speaking to his first assistant was Harry H. Woodring, whose bitter letter asserting that Gen. Marshall "would sell out his own grandmother for personal advantage" was made public by Sen. Joseph R. McCarthy. The first assistant was Louis Johnson, who much later became for one controversial year President Truman's secretary of defense.

Franklin D. Roosevelt was the President who umpired the Woodring-Johnson hassle, which was one of the most-open secrets in Washington during the tense pre-World War II era. It always seemed rather to amuse him, though it was hard on the conscientious and dignified Marshall.

In the end Roosevelt pulled the rug out from under both Woodring and Johnson—and the Republicans as well. As Republicans were gathering in Philadelphia to nominate their 1940 ticket, Roosevelt explained that the nation's defense must have bipartisan support so he was naming Republicans — the late Henry L. Stimson and the late Frank Knox—as secretaries of War and Navy.

Woodring departed Washington for his native Kansas in a rage which time has only served to inflame. He has fought Democrats and democratic policies with harsh zeal and once associated himself with the effort to organize a splinter party.

Johnson, actually the more badly used as he had been promised by Roosevelt he would get Woodring's job, left quietly but lived to rule—albeit briefly—at the Pentagon again.

Woodring was never considered one of the brighter ornaments of the New Deal but he had one enormous asset—he was FRBC: For Roosevelt Before Chicago. As he was then governor of Kansas his support counted in the 1932 convention, and Jim Farley put him on the "must" list for a job.

Roosevelt, as indifferent to the Army as he was devoted to the Navy, named Woodring assistant secretary of war. When the secretary of war, George Dern, died in 1936 Roosevelt was in the midst of another campaign for the presidency, absorbed in his plans to reorganize the Supreme Court and make the New Deal stick. Also, he was running against a Kansan, the then governor, Alf Landon.

Aboard the Dern funeral train, he explained his conscience pricked him a little but, after all, the generals ran the War Department. He promoted Woodring—and he carried Kansas.

☆ ☆ ☆

As the late Adolf Hitler's plans began to loom menacingly, the Roosevelt conscience began again to bother him on the subject of the War Department and its readiness for trouble. Hating always to fire anybody, he adopted his curious organizational scheme of putting in a rival executive to do the hard work. Johnson was summoned into the presence with the late Steve Early and told to get the Army in shape and the production lines for military equipment — including airplanes — moving.

By this time Woodring also had developed isolationist leanings in opposition to what Roosevelt felt must be done. Johnson bulled ahead and accomplished much, as even his enemies admitted, but the climate of the department — as General Marshall told Kimball in an unusual outburst of candor — was memorable.

The language of the Woodring letter shows he hasn't forgotten it either, though his apportionment of blame is distinctly unfair.

MAN'S BEST FRIEND

'Work Horse' Of The North

By ALLEN EDEE
Star Staff Writer

(Star Staff Photo)

GLEN (LEFT), STEVE WILLIFORD AND CHENA . . . from Alaska snow to Nebraska heat . . .

A look at the thermometer these past days and one has felt like curling up in an imaginary snowdrift.

But Chena can recall several months ago when she actually did sleep in the deep snow at below-zero temperatures. Now she sits and pants in the back yard of the Richard Williford residence at 3600 Vine.

Chena is a 2½-year-old part wolf Malemute from Anchorage, Alaska. Like the Alaskan Huskies, the Malemute is used to pull dog sleds, but the Malemute is compared to the work horse of the North while the Husky is more the race horse; he is faster.

The Malemute is a heavier canine, from 70 to 90 pounds, while the Husky weighs only about 50 to 60 pounds.

☆ ☆ ☆

Strange to say the Malemutes are often bred with wolves to make hardier and more gentle animals. The Huskies used for sledding are three-quarters starved, Tech. Sgt. Williford says, to make the runs or they will become fat and lazy and will not work.

The Air Force Sergeant tells of the man who tipped his dog sled over on a run, injuring himself. Only the bones of the man were found and the ravenous Husky pack broke harness and fled after their human meal.

For that reason most work dogs are always chained.

The Malemute, however, will not get lazy if fed properly, and therefore becomes gentle with care. That Malemutes are strong carriers is attested to by the annual fur rendezvous in Anchorage, which is similar to a county fair here where one of that breed pulled a 1,000-pound load.

☆ ☆ ☆

Williford says that dog sled racing is as popular in Aslaska as horse racing is in the States. However, any betting is done illegally. There are no pari-mutuals for those Alaskan races.

Chena, named for an Alaskan river, is a beautiful grey, black and white color with the slanting eyes of her wolf ancestry.

The dog slept out in the deep snow every night in Alaska, curling up for bodily warmth in 30-degree-below temperatures.

Williford says that even if it rains the dog still can sleep in the snow. And as for swimming, Chena could be a charter member of any polar bear club. She will swim in water that would freeze the human hand.

Chena likes her two playmates, Steve, 8, and Glen, 6, the Williford children. Although she is not a trained pack dog, Chena obliges with some very delightful sled rides.

'Terrible Terry'

Scottsbluff, Neb.

To the editor of The Lincoln Star: I have been reading a letter from Evangeline S. McAllister of Bayard, and would like to have The Star reprint it. The letter follows, in part:

"Though none of the positions taken by the various candidates for the six-year term as senator are spectacular, it seems to me that the only candidate whose utterances show any degree of clear and independent thinking are those of Terry Carpenter. The pronouncements of the others all sound safe and sane, and pretty much alike as if each one had dutifully learned his piece and then spoken it. For better or worse, Terry's statements sound as if he has done his own thinking.

"This may result from the fact that Terry Carpenter has had to fight every inch of the way for everything he ever got. He has never been the machine candidate of either party. He has made his own mistakes, lost or profited by them, and worn his own collar. He has shown enterprise, ability, vision, courage and guts in both his public career and his private enterprises.

"People here remember when he started from scratch without fear, favor or affection of the powers-that-be, almost without support or backing. But he persevered. He had a typewriter and whacked out most of his own campaign publicity.

"A lot of water has gone under the bridge since those days. Terry himself has grown more conservative. But the proof of the pudding is in the eating. Proof of what a man can do lies a little bit at least in what he has already accomplished.

These are the days of rapid, large-scale expansion. America is bursting at the seams. We have need in the United States Senate for men of large-scale vision, men who can see a little farther than the end of their noses, and who have the know-how and the courage to turn their visions into realities. I do not always agree with Terry Carpenter, but I do admire his ability, his courage and his vigor. Also, I like his habit of speaking out of turn. We need for a few bean-spillers in the government these days of super-regimentation and conformity to pattern. None can predict what sort of United States senator he would make. He might be very bad or he might be very good. But one thing is certain — he wouldn't be dull!"

Short Short Term

Lincoln, Neb.

To the editor of The Lincoln Star: The "freak" short short senatorial term that has attracted so much current attention is not a deliberate nor intentional creation of our election laws, but rather a historical accident. It was brought about by the 17th and 20th amendments to the national Constitution, which changed the method of choosing senators and the date when the term of Congress begins.

To change from legislative choice to direct popular election led the Legislature of 1917 to provide that in case of any Senate vacancy, the governor should appoint a senator to serve, not until the Legislature should choose as in former days, nor for the remainder of the term, but only until the next general election when the voters would elect a senator to fill out the term. This law still stands unchanged on the statute books. When it was enacted, the term of Congress did not expire until March 4. Hence a short-term senator elected early in November would serve for a period of four months and actually take part in the final three months session (the "lame duck session") of the existing Congress. With all the emoluments and privileges of any newly-elected senator, that was the condition this election law was intended to meet.

But 16 years later in 1933 the 20th amendment provided that the term of a new Congress was to begin Jan. 3 instead of March 4, and did away with the three-months "lame duck" session. This shortened the short term to the present length of the two months of November and December with no likely opportunity for any actual part in the work of a session of Congress, for during the 22 years and the 11 terms of Congress under the "lame duck" amendment there has been no special session nor recessed regular session in this period despite the special problems and increased demands of the depression years, the second World War and the Korean conflict.

This anomalous short short senatorial term popular election should be abolished. The term is not of sufficient public importance to merit the dignity of two state-wide elections (primary and general) with their expense and demands on the time and attention of the voters and election officials. It can be eliminated by a slight amendment to the election law providing that when the unexpired term does not exceed 70 days, there shall be no popular election of a senator therefor, but the senator appointed by the governor shall continue to serve until the end of the term.

His Great Good Friend

When President Eisenhower held his press conference Wednesday, it was evident to the assembled news men and women that the President was indignant. The questioning by the correspondents had turned to a new attack by Sen. Joe McCarthy on the Chief Executive's great, good friend, Gen. George C. Marshall.

Mr. Eisenhower had a sound basis for his anger and contempt. It was not the first time that Sen. McCarthy had taken out after a magnificent American with a long record of service, a man who in selfless spirit put aside his own personal ambition to lead America's fighting forces in the field, and instead devoted long hours to desk work. The President had good reason to know of Gen. Marshall's devotion to what Marshall considered the best interests of the country. Marshall had stood shoulder to shoulder with Mr. Eisenhower. Later when Marshall as chief of staff desired to retire to private life, he accepted the burdens of the post of secretary of state and an assignment of a special mission to China. It is preposterous that Marshall should find himself in the line of fire of Joe McCarthy. So. Mr. Eisenhower spoke of Marshall as a patriotic American and warming to the subject, left the inference that it might be necessary for him to take a hand in the current battle over McCarthy.

It not only seems necessary—obviously it is a step the President should take, and without much further delay.

It is the more necessary because a Republican Senate, confronted with the issue of censuring Sen. McCarthy, decided in this election year that discretion was the better part of valor. Under the leadership of Sen. Knowland, the Senate dodged and ducked the issue raised by the Flanders resolution and went through the empty motions of creating another committee to determine whether Sen. McCarthy should be censured. Clearly that decision was one of political convenience. Let the issue simmer and possibly die, but as a matter of political strategy, duck it until after the November elections, if possible. Mr. Eisenhower can fall back on defense of a milk-and-water handling of McCarthy, since the Senate is the judge of the actions of one of its own members, but this matter keeps coming back and back to the doorstep of the White House because the President, the titular head of his party, balances his weight first on one foot and then on the other.

It was good to see Mr. Eisenhower thoroughly steamed up at last by McCarthy's fresh attack upon Gen. Marshall.

Looking Ahead To 1955

The people of Lincoln were face to face with the fact that again in 1955 they may find themselves bogged down with restrictions on the use of water.

This development grows out of the request of the contractor engaged in the laying of the huge 48-inch water transmission line from the wells sunk into the Platte River sands at Ashland for the 56-day extension of the completion date for the job. That date originally was April 15 as set forth in the contract. Sensibly mayor Jeary nipped this in the bud by firmly standing for an extension of only five days.

The basis for the request for the extension of the completion date, as set forth in news columns of the morning Star, is delay resulting from the city's failure to obtain certain sections of pipeline right-of-way. While admitting a brief delay in the acquisition of the right-of-way, Lincoln's engineering department denies that any considerable time was lost.

The mayor and his associates must be fully aware of the circumstances. They know this has been an unavoidable but exceedingly costly summer in Lincoln in terms of damage, particularly to residential sections, resulting from a water shortage. The people of this community will spend many thousands of dollars restoring their lawns to the condition they were in at the beginning of the present summer. One of the assets of this community has been the attractiveness of its residential sections. It has been impossible to offset the ravages of heat and drought in Lincoln within the limitations of curtailed water usage.

What has puzzled us has been a lack of reservoir storage capacity. On this page last winter, there was frequent reference to the neglect of adequate reservoir facilities. Since then a five-million-gallon reservoir has been completed. But that is not adequate. It alone will not make any substantial contribution towards curing the water storage problem. We need more reservoirs and the building of reservoirs does not necessarily have to wait on the completion of the Ashland pipeline. We know what the answer to that will be. It will be that it is cheaper to depend upon a supply direct from Ashland than to construct storage reservoirs.

Out of all discussion, there can be only one conclusion. No community has a substitute for water when it needs water. The people of Lincoln are not going to be very happy if again next summer they find it necessary to put up with a program of water restrictions. After all, the people of Lincoln did their part full well and generously when they gave approval for adequate revenue for a satisfactory water supply.

Of Men And Things

By J. E. LAWRENCE

A news story last week placed the cost of Nebraska's long-range highway program if and when completed at $240 million. That is a lot of smackers, if you're asking us, but well worth the price. An adequate highway system is a very necessary facility of any modern state. Now, suppose the people of Nebraska should awaken some morning to find 183 million bucks, or any substantial part of that sum, on the bedcover in front of their astonished eyes. Boy, oh boy! Money from heaven!

★

Nebraska's First District congressman, Rep. Carl Curtis, in the closing days of this primary campaign wants the people of Nebraska to know he has been ever diligent and vigilant in looking after their pocketbook interests when it comes to taxes. It is well that Mr. Curtis has let them in on this information. Otherwise they might not know that through eight terms of service in the lower house (16 years), he has been their little 'watchdog.' There are a good many aspects of Mr. Curtis's voting record as a member of the House during the last 16 years about which he has not been so articulate. One is his embattled crusade as the head of a House subcommittee to reshape the social security program. Another about which Mr. Curtis has very little to say is his voting record on the great giveaway—Tidelands oil. So far as we have been able to discover at every opportunity, Mr. Curtis voted for the big giveaway in turning the lush oil royalties which are a part of the development of the fabulous riches of the Tidelands back to the states of California, Texas and Louisiana. We're not sure how many Nebraskans have any personal knowledge of Mr. Curtis's effective labors to lighten their tax burden, but we do believe that, given the facts, Nebraskans will recognize that Mr. Curtis performed no service for them when as a loyal party errand boy he supported the Eisenhower big giveaway.

Carl's Big, Bleeding Heart

★

It would be an interesting picture if Mr. Curtis could have been photographed while reading the recent story in the Los Angeles Times that Gov. Knight had decided against intervening in a suit brought by a California Farm Bureau group to prevent the city of Long Beach from pocketing accumulated oil royalties variously estimated to aggregate from $50 million to as much as $183 million as a result of the big 'giveaway.' Nebraska had a financial interest of some concern in that Tidelands battle. Carl Curtis as well as other members of the Nebraska congressional delegation voted to give California the huge accumulated royalties on Tidelands oil, and not only to give California royalties which have accumulated but to lay a foundation whereby all royalties henceforth collected will go to Long Beach, possibly some other California cities, and the state of California.

★

Mr. Curtis, or the organization supporting him, has been sending out letters in recent days suggesting to Nebraska Republican voters that the answer they give in the primary next Tuesday embodies the most important decision of his political career. So what? Naturally he hopes he will land the Republican nomination for Senate to climax 16 years of service in the House, a 16-year service which in the judgment of many Nebraskans is unmarked by a single distinguished contribution. We haven't the slightest idea how Mr. Curtis's rivals — Gov. Crosby, former GOP State Chairman Dave Martin, or Sen. Terry Carpenter—would have voted on the Tidelands issue, although Gov. Crosby favors the Benson flexible price support program which certainly is not in the interest of Nebraska agriculture in this year of reduced farm production. We do know that to preserve his position of consistent regularity, Mr. Curtis made the city of Long Beach a handsome present of anywhere from $50 million to $183 million, with more to come, after the Supreme Court of the United States had ruled that Tidelands and the lush royalties arising from its oil development belonged to all the people of all the states of the United States.

His Most Important Hurdle

★

We have the notion that Mr. Curtis might be in a better position to talk about tax burdens of his fellow Nebraskans had his votes on Tidelands been exactly opposite from what they were. Long Beach now plans to use a part of its dough for parks and highways. It would come in handy in helping to defray the cost of Nebraska's long-range highway—that is, Nebraska's share of it.

Wrong Assignments

Science is forging ahead toward the day, possibly not far off now, when atomic generation of cheap electricity will be taken as a matter of course.

The latest barrier to be cleared is the discovery of the proper substance, good enough and safe enough, to absorb atomic heat and conduct it to the boilers to make steam. The substance is metallic sodium. It melts at low temperatures but it can absorb an immense amount of heat before it boils. That makes it ideal for the transfer of atomic heat.

The progress of science in this atomic energy field is in contrast to that of Congress. The way things are going, there will be plenty of atomic power before the Washington lawmakers get anything halfway practical hammered together to provide for its regulation.

Possibly the reason for this is that if science puts a bad combination together, it blows them up. But if Congress puts together a bad mixture, it is the people who blow up. It might be a good idea to switch jobs. Blowing up a few senators would be a help. Meantime, the scientists would probably figure out a rational atomic energy law. That way everyone would gain.

New Look And Budget Balancing Abandoned

WASHINGTON — While Congress has been sweating out its last hot weather convulsions, vitally important decisions are being made backstage in the Pentagon which affect your pocketbook and future taxes.

The "New Look" for the military definitely has been abandoned. Further military cuts are out the window. The Eisenhower hope of balancing the budget is being chalked up privately as a sincere but hopeless hope.

The drastic revision in military planning has been made as the result of some gloomy reports on the international picture, plus the consistent hammering of Gen. Matt Ridgway that footsoldiers must continue to be important, despite the A-bomb.

One gloomy report comes from Gen. James Van Fleet, former U.S. Commander in Korea, who has been making a Far Eastern survey for Eisenhower. His military thinking coincides with that of Dr. Syngman Rhee—namely that the United States should resume war in Korea. This of course, has been turned down.

But what cannot be ignored is Gen Van Fleet's warning that the Chinese Reds are going to invade Formosa, If successful, this would mean that the last vestiges of the Chinese Nationalists would disappear and the United States would have far less chance to bar Red China from the U.N. Also, such an invasion would make ridiculous the much-publicized White House announcement last year, in fulfillment of a campaign promise that the U.S. Seventh fleet was being relieved of its job of keeping Chiang Kai-shek from attacking the mainland. Henceforth he would be free to attack.

Now it develops, according to Gen. Van Fleet, that Formosa will have to be protected again after all, and that the idea of using Chiang's troops either in Korea or Indochina was pure politics.

HUMPHREY GETS TAKEN

Frank Edwards, the AFL commentator, was staging one of his broadcasts from the radio press room of Congress during the famous filibuster. His guest was to be Sen. Hubert Humphrey of Minnesota, a crusader against the bill giving control of atomic production to private industry.

Edwards was rehearsing his broadcast preparatory to going on the air at 10 p.m., as Sen. Humphrey approached at 9:55 and peered through the glass door of the radio studio. Edwards had every appearance of being on the air. In fact, he kept reading the script aloud as the senator walked in. Edwards waved him to a chair, kept on talking.

"And now," he said, as he continued talking into the microphone. "I have a special guest tonight who will explain the Senate fight over atomic energy. He is Sen. Humphrey of Minnesota, who is up for re-election this year and who seems to be adopting the policy of 'to hell with the people of Minnesota.'"

Humphrey jumped from his chair as if someone had hit him.

It took him some moments to realize that it was only 9:55 and Edwards did not go on the air until 10 p.m.

EMPTY SENATE HONOR—

Strangest senate race of the year is for the unexpired term of the late Sen. Dwight Griswold, Nebraska Republican. His successor will serve only two months—November and December—at which time Senate is not in session. In other words, this two-month senator will never be sworn in, will never take his seat, and won't even have to go to Washington.

Yet 16 candidates have filed for the short-term office, and are busily campaigning up and down Nebraska. They are buying up advertising, sending out letters making fantastic promises to the voters. Some are promising to follow President Eisenhower's policies; others are offering a more conservative platform.

Of course, the winner will never get an opportunity to carry out his election promises. Only candidate who is frankly admitting to the voters that he wants the job simply for the honor and prestige is Mac Baldrige, Nebraska Republican, onetime popular congressman from Nebraska.

DORIS FLEESON

Woodring-Johnson Feud Is Historic

WASHINGTON—When Navy Undersecretary Dan A. Kimball was promoted to secretary in the summer of 1951, he said to his superior, Defense Secretary George Catlett Marshall, "General, have you any suggestions about filling my old job?" Marshall's reply was prompt and powerful.

"Kimball," he barked, "get your own undersecretary. I don't want any part of it. Get somebody you can work with who will be loyal to you and I'll fight for him all the way to 1600 Pennsylvania Avenue and back to the Pentagon.

"I had to be chief of staff to a secretary of war and his first assistant who weren't speaking to each other. They not only didn't make any secret of how they hated and despised each other, they ran to the President behind each other's back. Then the President would send for me to get the facts.

"It was the most miserable experience of my life. If we hadn't been trying to prepare for a war I knew was coming I don't think I could have stood it. I don't want anyone around here to have to go through anything like that again and if anybody does it will be their own fault, not mine."

☆ ☆ ☆

The secretary of war who wasn't speaking to his first assistant was Harry H. Woodring, whose bitter letter asserting that Gen. Marshall "would sell out his own grandmother for personal advantage" was made public by Sen. Joseph R. McCarthy. The first assistant was Louis Johnson, who much later became for one controversial year President Truman's secretary of defense.

Franklin D. Roosevelt was the President who umpired the Woodring-Johnson hassle, which was one of the most-open secrets in Washington during the tense pre-World War II era. It always seemed rather to amuse him, though it was hard on the conscientious and dignified Marshall.

In the end Roosevelt pulled the rug out from under both Woodring and Johnson—and the Republicans as well. As Republicans were gathering in Philadelphia to nominate their 1940 ticket, Roosevelt explained that the nation's defense must have bipartisan support so he was naming Republicans — the late Henry L. Stimson and the late Frank Knox—as secretaries of War and Navy.

☆ ☆ ☆

Woodring departed Washington for his native Kansas in a rage which time has only served to inflame. He has fought Democrats and democratic policies with harsh zeal and once associated himself with the effort to organize a splinter party.

Johnson, actually the more badly used as he had been promised by Roosevelt he would get Woodring's job, left quietly but lived to rule—albeit briefly—at the Pentagon again.

Woodring was never considered one of the brighter ornaments of the New Deal but he had one enormous asset—he was FRBC: For Roosevelt Before Chicago. As he was then governor of Kansas his support counted in the 1932 convention, and Jim Farley put him on the "must" list for a job.

Rooseevlt, as indifferent to the Army as he was devoted to the Navy, named Woodring assistant secretary of war. When the secretary of war, George Dern, died in 1936 Roosevelt was in the midst of another campaign for the presidency, absorbed in his plans to reorganize the Supreme Court and make the New Deal stick. Also, he was running against a Kansan, the then governor, Alf Landon.

Aboard the Dern funeral train, he explained his conscience pricked him a little but, after all, the generals ran the War Department. He promoted Woodring—and he carried Kansas.

☆ ☆ ☆

As the late Adolf Hitler's plans began to loom menacingly, the Roosevelt conscience began again to bother him on the subject of the War Department and its eradiness for trouble. Hating always to fire anybody, he adopted his curious organizational scheme of putting in a rival executive to do the hard work. Johnson was summoned into the presence with the late Steve Early and told to get the Army in shape and the production lines for military equipment — including airplanes — moving.

By this time Woodring also had developed isolationist leanings in opposition to what Roosevelt felt must be done. Johnson bulled ahead and accomplished much, as even his enemies admitted, but the climate of the department — as General Marshall told Kimball in an unusual outburst of candor — was memorable.

The language of the Woodring letter shows he hasn't forgotten it either, though his apportionment of blame is distinctly unfair.

MAN'S BEST FRIEND

'Work Horse' Of The North

By ALLEN EDEE
Star Staff Writer

A look at the thermometer these past days and one has felt like curling up in an imaginary snowdrift.

But Chena can recall several months ago when she actually did sleep in the deep snow at below-zero temperatures. Now she sits and pants in the back yard of the Richard Williford residence at 3600 Vine.

Chena is a 2½-year-old part wolf Malemute from Anchorage, Alaska. Like the Alaskan Huskies, the Malemute is used to pull dog sleds, but the Malemute is compared to the work horse of the North while the Husky is more the race horse; he is faster.

The Malemute is a heavier canine, from 70 to 90 pounds, while the Husky weighs only about 50 to 60 pounds.

☆ ☆ ☆

Strange to say the Malemutes are often bred with wolves to make hardier and more gentle animals. The Huskies used for sledding are three-quarters starved, Tech. Sgt. Williford says, to make the runs or they will become fat and lazy and will not work.

The Air Force Sergeant tells of the man who tipped his dog sled over on a run, injuring himself. Only the bones of the man were found and the ravenous Husky pack broke harness and fled after their human meal.

For that reason most work dogs are always chained.

The Malemute, however, will not get lazy if fed properly, and therefore becomes gentle with care. That Malemutes are strong carriers is attested to by the annual fur rendezvous in Anchorage, which is similar to a county fair here where one of that breed pulled a 1,000-pound load.

☆ ☆ ☆

Williford says that dog sled racing is as popular in Aslaska as horse racing is in the States. However, any betting is done illegally. There are no pari-mutuals for those Alaskan races.

Chena, named for an Alaskan river, is a beautiful grey, black and white color with the slanting eyes of her wolf ancestry.

The dog slept out in the deep snow every night in Alaska, curling up for bodily warmth in 30-degree-below temperatures.

Williford says that even if it rains the dog still can sleep in the snow. And as for swimming, Chena could be a charter member of any polar bear club. She will swim in water that would freeze the human hand.

Chena likes her two playmates, Steve, 8, and Glen, 6, the Williford children. Although she is not a trained pack dog, Chena obliges with some very delightful sled rides.

The Sympathizers

Lincoln, Neb.

To the editor of The Lincoln Star: It's too bad that so many of our news columnists like Drew Pearson don't help a good cause and fight the common enemy, Communism, instead of knocking those who are fighting it. It isn't just the Communists who are destructive to our way of life in America. The Communist sympathizers are just as bad. It would be well to keep an eye on those who are against being investigated.

'Terrible Terry'

Scottsbluff, Neb.

To the editor of The Lincoln Star: I have been reading a letter from Evangeline S. McAllister of Bayard, and would like to have The Star reprint it. The letter follows, in part:

"Though none of the positions taken by the various candidates for the six-year term as senator are spectacular, it seems to me that the only candidate whose utterances show any degree of clear and independent thinking are those of Terry Carpenter. The pronouncements of the others all sound safe and sane, and pretty much alike as if each one had dutifully learned his piece and then spoken it. For better or worse, Terry's statements sound as if he has done his own thinking.

"This may result from the fact that Terry Carpenter has had to fight every inch of the way for everything he ever got. He has never been the machine candidate of either party. He has made his own mistakes, lost or profited by them, and worn his own collar. He has shown enterprise, ability, vision, courage and guts in both his public career and his private enterprises.

"People here remember when he started from scratch without fear, favor or affection of the powers-that-be, almost without support or backing. But he persevered. He had a typewriter and whacked out most of his own campaign publicity.

"A lot of water has gone under the bridge since those days. Terry himself has grown more conservative. But the proof of the pudding is in the eating. Proof of what a man can do lies a little bit at least in what he has already accomplished.

These are the days of rapid, large-scale expansion. America is bursting at the seams. We have need in the United States Senate for men of large-scale vision, men who can see a little farther than the end of their noses, and who have the know-how and the courage to turn their visions into realities. I do not always agree with Terry Carpenter, but I do admire his ability, his courage and his vigor. Also, I like his habit of speaking out of turn. We need for a few bean-spillers in the government these days of super-regimentation and conformity to pattern. None can predict what sort of United States senator he would make. He might be very bad or he might be very good. But one thing is certain — he wouldn't be dull!"

Short Short Term

Lincoln, Neb.

To the editor of The Lincoln Star: The "freak" short short senatorial term that has attracted so much current attention is not a deliberate nor intentional creation of our election laws, but rather a historical accident. It was brought about by the 17th and 20th amendments to the national Constitution, which changed the method of choosing senators and the date when the term of Congress begins.

To change from legislative choice to direct popular election led the Legislature of 1917 to provide that in case of any Senate vacancy, the governor should appoint a senator to serve, not until the Legislature should choose as in former days, nor for the remainder of the term, but only until the next general election when the voters would elect a senator to fill out the term. This law still stands unchanged on the statute books. When it was enacted, the term of Congress did not expire until March 4. Hence a short-term senator elected early in November would serve for a period of four months and actually take part in the final three months session (the "lame duck session") of the existing Congress. With all the emoluments and privileges of any newly-elected senator, that was the condition this election law was intended to meet.

But 16 years later in 1933 the 20th amendment provided that the term of a new Congress was to begin Jan. 3 instead of March 4, and did away with the three-months "lame duck" session. This shortened the short term to the present length of the two months of November and December with no likely opportunity for any actual part in the work of a session of Congress, for during the 22 years and the 11 terms of Congress under the "lame duck" amendment there has been no special session nor recessed regular session in this period despite the special problems and increased demands of the depression years, the second World War and the Korean conflict.

This anomalous short short senatorial term popular election should be abolished. The term is not of sufficient public importance to merit the dignity of two state-wide elections (primary and general) with their expense and demands on the time and attention of the voters and election officials. It can be eliminated by a slight amendment to the election law providing that when the unexpired term does not exceed 70 days, there shall be no popular election of a senator therefor, but the senator appointed by the governor shall continue to serve until the end of the term.

L. E. AYLSWORTH

Conferees Fail To Find Compromise On Atomic Bill

. . . Ike Plans Could Be Tied Up

WASHINGTON (P) — Senate-House conferees failed to reach expected agreement Wednesday night on a compromise for disputed patent clauses in a bill opening atomic power to private industry. They will try again Thursday.

Unless a compromise is reached the new deadlock could tie up President Eisenhower's broad new atomic energy program which already has produced a 169 hour marathon debate in the Senate.

It was understood a last minute standoff developed over a House proposal to grant normal 17 year patent rights for new developments in atomic power and the Senate demand that patents be shared after a 10 year period.

Patent Issue

Working day-long behind closed doors conferees expressed a hope that a compromise being discussed would soon settle the patent issue, the last remaining point of conflict in power sections of the big bill.

Rep Hinshaw (R Calif) said the compromise proposal under discussion would leave in the bill the house principle of normal patent rights as a continuing policy but would require applicants for atomic power licenses to agree on patent sharing for five years.

Senators have said the patent clauses could produce new extended debate in the Senate, a threat that has been raised repeatedly during meetings of the conference committee.

'Veteran' Ad Untrue; Curtis Gives Apology

"This statement is not true and a full examination of the record reveals that he is not a veteran of any war," Adj Robert A Lowe of the Nebraska VFW said of an advertisement for Rep Carl Curtis which appeared in the organization's Foreign Service Review and which listed Curtis as a "Veteran—World War I."

Lowe said that as editor the magazine, circulated to some 23,000 veterans and their families, accepts advertising copy exactly as it is submitted. He explained that the organization does not endorse any political candidates.

Lowe said he had received a number of vehement protests from veterans. "It is my personal opinion that Congressman Curtis should use every means at his disposal to let the veterans of Nebraska know how it happened that the statement was contained in the advertising copy."

Shortly after the Lowe statement aids for Curtis issued a statement on his behalf saying "I am not a veteran of World War I. I was nine years old when World War I started and I was 12 years old when the United States entered it. I most sincerely regret this inexcusable mistake."

He said the statement appeared without his knowledge or anyone on his staff. He said he had not received any criticism for it.

In a speech in Omaha, Curtis was quoted as laying the blame on an advertising agency. Lowe said he had not had time to check with the advertising agency to determine where it obtained the information in the advertisement.

Montreal Bank Robbed Of $35,000 By Young Gunmen

MONTREAL (P) — A pair of youthful gunmen made off with an estimated $35,000 from an East Montreal bank Wednesday in a holdup carefully timed to coincide with the beginning of the day's work.

Police said the robbers, dressed identically in brown shirts and light slacks, pushed into the bank behind two junior employees reporting to work at 9 a m, an hour before the bank's scheduled opening.

Then they waited for the arrival of officials, forcing them to open a vault and a strong box containing cash which bank spokesmen estimated at "probably around $35,000."

New Squadron Gets First Two Aircraft

Lincoln Air Force Base's 380th Refueling Squadron—formed on the base last month—received the first two KC-97s Wednesday of its full complement of 21 planes.

The pair of KC-97s delivered to the base Wednesday are from the Lockburn Air Force Base in Columbus, O.

There are two air refueling squadrons on the base—the 98th and the 380th.

Tax Values In 59 Counties Changed

...Decline Will Require Increase In State Levy

By ARCH DONOVAN
Star Staff Writer

The State Board of Equaliza-on announced Wednesday that has accepted valuations submitted by 34 counties, including ouglas, and that increases or ecreases have been made in e other 59 to bring about qualization.

Tax Commissioner George eterson expects computations 'ill be completed by Friday 'hen the board can set the ate levy. He refused to hazard 1 estimate on how much levies 'ill be increased. Declines in luations always require an in-ease in levies, as the state bud-t was fixed by the last session the Legislature.

Lancaster County farm land luations were left unchanged it town lots and improvements ere reduced 10 per cent, board embers explaining that the re-ppraisal of town property had ken the two out of balance.

The percentage changes of unties give a very poor picture what has taken place with luations in the state because me counties have had reap-aisals and others made reduc-ons before the abstracts were bmitted.

'Tail Wagged Dog'

Observers in preliminary ecks prior to the figuring of e dollar changes in valuations the various counties expressed e opinion that the "tail wagged e dog" on the basis of testi-ony given at hearings and the ct that Douglas County was t unchanged and reductions ade in many other counties to ualize.

Gov. Robert Crosby said consideration of the various county valuations was a "selective job" and that "each county's abstract was a story in itself." He denied that Douglas County valuations were used as a "yardstick."

"I think this represents a sincere, creditable effort by members of the equalization board," he said in explaining that while all members did not attend all hearings they were briefed daily on the testimony by the other members.

Tolerance

He said that due to the staff in the tax commissioner's office being too small to get definite information, the board considered their reports, testimony of counties and knowledge of the state of the individual members in making decisions.

Because of the lack of definite information, he explained that the board had to allow a "tolerance" in judging between county valuations.

Originally the state board had accepted the abstracts of 51 called in for hearings, either at their own request or to show cause why the valuations reported in the abstracts should not be raised or lowered.

All Called

Subsequently, the board decided to call in all counties for hearings. Testimony had developed during the hearings that real estate values have dropped and a somewhat general downward revision was contemplated.

Dawson County was the only one whose reported valuations were increased both on farm lands and town properties. The increases were 10 per cent in each case. Dawson's valuations as reported originally in the abstract, however, were 10 per cent below last year on farm lands, 22 per cent on town property.

Douglas County, left unchanged, had raised farm land valuations 2 per cent but lowered city property valuations by 20 per cent from last year. Some counties, during the hearings, had contended that Douglas County was being favored by being permitted to stand on the city property decrease.

Aams Decreased

Adams County, which had held the line on farm values and raised town values 1 per cent from last year, was awarded a 10 per cent decrease on town properties, no change on farm lands.

Buffalo, one of the unchanged counties, had maintained the same farm land valuation as last year but had dropped town properties in value by 30 per cent.

Dodge County's abstract, also left unchanged by the state board, had represented a 1 per cent drop in farm values but a 5 per cent increase in town property values.

Gage County was awarded a 10 per cent cut in town lot values, and no change in farm values. The county's original abstract held the line from last year on farm values but cut city properties 6 per cent in total valuation.

Hall County was given a 10 per cent cut in town lot valuations, no change on farm lands. The original abstract showed a 2 per cent hike in farm values, 3 per cent hike in town valuations.

Jefferson County received a 10 per cent reducion in town lot valuations, no change in farm lands. The county's original abstract showed farm land values up 2 per cent from last year year, town lot values down 4 per cent.

Lincoln County was given a 10 per cent cut in both town and farm properties after the original abstract showed a 1 per cent drop in farm, 3 per cent drop in town values from last year.

Platte County was permitted to keep its 6 per cent drop from last year in farm valuations, but was ordered to raise by 10 per cent its town property valuations, which were down 8 per cent from last year.

Tax Values In 59 Counties Changed

...Decline Will Require Increase In State Levy

By ARCH DONOVAN
Star Staff Writer

The State Board of Equalization announced Wednesday that it has accepted valuations submitted by 34 counties, including Douglas, and that increases or decreases have been made in the other 59 to bring about equalization.

Tax Commissioner George Peterson expects computations will be completed by Friday when the board can set the state levy. He refused to hazard an estimate on how much levies will be increased. Declines in valuations always require an increase in levies, as the state budget was fixed by the last session of the Legislature.

Lancaster County farm land valuations were left unchanged but town lots and improvements were reduced 10 per cent, board members explaining that the reappraisal of town property had taken the two out of balance.

The percentage changes of counties give a very poor picture of what has taken place with valuations in the state because some counties have had reappraisals and others made reductions before the abstracts were submitted.

'Tail Wagged Dog'

Observers in preliminary checks prior to the figuring of the dollar changes in valuations of the various counties expressed the opinion that the "tail wagged the dog" on the basis of testimony given at hearings and the fact that Douglas County was left unchanged and reductions made in many other counties to equalize.

Gov. Robert Crosby said consideration of the various county valuations was a "selective job" and that "each county's abstract was a story in itself." He denied that Douglas County valuations were used as a "yardstick."

"I think this represents a sincere, creditable effort by members of the equalization board," he said in explaining that while all members did not attend all hearings they were briefed daily on the testimony by the other members.

Tolerance

He said that due to the staff in the tax commissioner's office being too small to get definite information, the board considered their reports, testimony of counties and knowledge of the state of the individual members in making decisions.

Because of the lack of definite information, he explained that the board had to allow a "tolerance" in judging between county valuations.

Originally the state board had accepted the abstracts of 51 called in for hearings, either at their own request or to show cause why the valuations reported in the abstracts should not be raised or lowered.

All Called

Subsequently, the board decided to call in all counties for hearings. Testimony had developed during the hearings that real estate values have dropped and a somewhat general downward revision was contemplated.

Dawson County was the only one whose reported valuations were increased both on farm lands and town properties. The increases were 10 per cent in each case. Dawson's valuations as reported originally in the abstract, however, were 10 per cent below last year on farm lands, 22 per cent on town property.

Douglas County, left unchanged, had raised farm land valuations 2 per cent but lowered city property valuations by 20 per cent from last year. Some counties, during the hearings, had contended that Douglas County was being favored by being permitted to stand on the city property decrease.

Aams Decreased

Adams County, which had held the line on farm values and raised town values 1 per cent from last year, was awarded a 10 per cent decrease on town properties, no change on farm lands.

Buffalo, one of the unchanged counties, had maintained the same farm land valuation as last year but had dropped town properties in value by 30 per cent.

Dodge County's abstract, also left unchanged by the state board, had represented a 1 per cent drop in farm values but a 5 per cent increase in town property values.

Gage County was awarded a 10 per cent cut in town lot values, and no change in farm values. The county's original abstract held the line from last year on farm values but cut city properties 6 per cent in total valuation.

Hall County was given a 10 per cent cut in town lot valuations, no change on farm lands. The original abstract showed a 2 per cent hike in farm values, 3 per cent hike in town valuations.

Jefferson County received a 10 per cent reducion in town lot valuations, no change in farm lands. The county's original abstract showed farm land values up 2 per cent from last year year, town lot values down 4 per cent.

Lincoln County was given a 10 per ecnt cut in both town and farm properties after the original abstract showed a 1 per cent drop in farm, 3 per cent drop in town values from last year.

Platte County was permitted to keep its 6 per cent drop from last year in farm valuations, out was ordered to raise by 10 per cent its town property valuations, which were down 8 per cent from last year.

Man Fatally Hurt By Omaha Station

OMAHA (AP)—Clyde Featherling, 67, of Bellwood, Ill., died of injuries suffered when he apparently walked into the side of a switch engine at the Union Station here.

Featherling, express messenger for the Railway Express Co., suffered a compound skull fracture.

Featherling had been working on a Chicago & North Western train which arrived here about a half hour before the accident.

11 Political Candidates Can 'Go Fishing' Aug. 10

Death Of Senator Butler Gives Three A 'Free Ride'

By BASIL C. RAFFETY

OMAHA (AP) — Eleven political candidates and a host of non-political ones can go fishing Aug. 10 while other candidates sweat out the primary election returns. They are the unopposed candidates.

Six of the 11 political candidaets seek top offices—the four year Senate term and two seats in Congress. Three of them owe their "free tickets" to developments following the death of Nebraska's senior senator, Republican Hugh Butler.

Rep. Roman Hruska (R-Neb) and James F. Green, Democrat, both of Omaha, were named by their respective party central committees to be unopposed candidates for the nomination to succeed Butler. They'll tangle in the fall campagin.

In his first bid for a national office two years ago Hruska defeated George J. Thomas of Omaha, 32,263 to 13,325, in the primary and then won over James A. Hart of Omaha, 81 185 to 63,185, in the general election. Hart, who is unopposed in his bid for the Democratic nomination for Congress this year, defeated Paul Manhart of Omaha, 24,613 to 8,852, in the 1952 primary.

Ran In 1936

District Judge Jackson B Chase, Omaha, ran for Congress in 1936, was nominated by Republican Central Committee members of the Second District to be unopposed for the congressional nomination, opposing Hart.

In the fourth district, Dr. A. L. Miller, veteran Republican, and Carleton W Laird, Scottsbluff, steel products firm operator, the unopposed for their respective nominations. Miller polled 45,278 votes in the 1952 primary when he also was unopposed, and then defeated Francis D. Lee of Atkinson 98,032 to 35,628 in the general election.

Stanley D Long, Grand Island Democrat who polled 86,974 votes for the U S. Senatorial nomination in 1952, when he ran without opposition, is unopposed this year in his bid for the Democratic nomination for lieutenant governor. Long took a 408,971 to 164,660 defeat at the hands of Butler in the 1952 general election.

V. C Havorka Sr Randolph Neb, auto dealer, who is unopposed for the Democratic nomination for secretary of state, hasn't run before.

His Republican opponent-to-be, Secretary of State Frank Marsh, also is unopposed. In 1952 Marsh plied 108,437 votes to win the nomination over James L Pittinger of Lincoln, who had 86,086. In the general election he defeated Harry R. Swanson of Omaha, 359,784 to 204,373.

State Auditor Ray Johnson, unopposed Republican incumbent polled 172,876 votes when he ran—also unopposed—for renomination in 1952. Attorney General Clarence R. Beck, also unopposed this year, polled 136-161 votes to defeat Max Towle of Lincoln for the nomination in 1952. Towle had 68,150.

Johnson defeated Bustaf Beschoiner of Lincoln 388,168 to 158,764 in the 1952 general election and Beck defeated Michael T. McLaughlin, Lincoln, Democrat, 399,448 to 208,196.

Ike Approves Federal Aid To Watershed

WASHINGTON (AP) — President Eisenhower Wednesday signed a bill to provide for federal assistance in construction of small watershed and soil conservation projects.

The government, under the direction of the secretary of agriculture, may co-operate with state and local agencies, such as soil conservation districts, in such works.

The measure applies to projects impounding up to 5,000 acre feet of water.

Federal assistance in the construction of projects impounding less than 2,500 acre feet of water can now be authorized by the secretary alone. For projects impounding between 2,500 and 5,000 acre feet, approval of the House and Senate agricultural committees will be required before federal funds can be used.

Marine Helicopter Carries Own Garage

QUANTICO, VA. (AP) A Marine Corps helicopter picked up the building which had housed it Wednesday and flew off with it. The hangar-toting demonstration was part of a display of light-weight, inexpensive new dome-shaped structures which some officers believe will revolutionize military housing in combat areas within a few years.

2 Held In Death Of Beaten Child

NEW YORK (AP) — The beaten body of a 2½-year-old boy, bearing a mass of welts, was found Wednesday in a West Side hotel.

Police said the child's mother and her common-law husband admitted beating the child because he misbehaved.

Police said tiny Joseph Mahoney had died either of continuous beatings or malnutrition.

His mother, Margaret Mahoney, 29, and Alfred Bates, 23, were taken to a police station for questioning.

School To Be Moved From Flight Pattern

The federal government has agreed to appropriate funds to move the Garfield School, west of Capitol Beach, to a location outside the Lincoln Air Force Base flight pattern. (Star Photo.)

Government To Pay To Move Garfield School Out Of LAFB Flight Pattern

Federal authorities, at the request of District 113, have agreed to appropriate money to move the Garfield School building out of the Lincoln Air Force Base flight pattern.

Max L. Tubbs, school board secretary, said a special meeting of the district's voters has been called for next Monday 7 30 p m, at the school house to vote on a new site for the school.

The school is now located west of Capitol Beach about a half mile from the end of the air base runway. Tubbs said a site about six or seven blocks east of the present location has been proposed but the decision is up to the voters.

Tubbs said the exact cost of moving the building and acquiring a new site is not known, nor could a tentative figure be disclosed until a future meeting with federal authorities.

However, it was understood from other sources, that the cost would be roughly $21,000.

The Garfield school, originally built as a two-teacher elementary school, has been increased to a four-teacher school with two extra rooms added in the basement.

House OKs Boost In Vet Pensions

WASHINGTON (AP) — Over House Wednesday passed a bill boosting by 5 per cent the pension payments of an estimated 914 000 war veterans and their dependents.

The bill was passed by overwhelming voice vote and sent to the Senate.

The Veterans' Administration and the Budget Bureau—spokesman for the President—opposed it on the estimated cost, $36,000,000 during the first year and more thereafter and the fact that pensions were increased two years ago.

The increases provided are for veterans with non-service disabilities and for dependents of such veterans. The VA estimated it would affect 544 700 veterans and 399,100 dependents of deceased veterans.

Incorporation Papers

The Robin Hill Development Co of Douglas County, with authorized capitalization of $100,000, filed articles incorporation with the secretary of state. Incorporators are Clair M Wilson of Omaha and Howard C Johnson of Bellevue, with Edmund R Sturek of Omaha as resident agent.

Her husband, F Everett Linch preceded her in death in 1934.

'Second Husband' Threatens Welch, Troopers Posted

WELLFLEET, Mass (INS) — Attorney Joseph N Welch, guarded by a ring of state police, Wednesday identified a man who allegedly has threatened his life as the second husband of a woman involved in a divorce case he once handled.

Welch, who gained nationwide fame as spokesman for the Army in the recent televised Army-McCarthy hearings, was calm about the reported threats against his life by the man who left Washington Tuesday.

"I cannot understand why anyone is mad at me," said Welch at his cottage near the tip of Cape Cod. Noting the presence of the state troopers the 63-year old lawyer added

"My, I've never been so well protected in my life."

Formosa Next

TAIPEI (INS)—Nationalist Chinese Premier O K Yui warned the Formosan people that the government expects the island to be the next target for Red aggression in Asia. The Premier said he believes that southern Vietnam and Thailand may also be included in the Communist blueprint as the next objectives to be obtained following the Indo-china truce.

Joe Censure Probers Still Not Selected

WASHINGTON (AP) — Sen Knowland (R-Calif) predicted Wednesday night a six-member special committee to investigate charges of unbecoming conduct against Sen McCarthy (R-Wis) will be named Thursday.

Knowland told newsmen he thinks the announcement should be made before the full Senate. Previously he had indicated the names of those chosen might be made public Wednesday night.

Although many senators have said they would decline to serve on the group for various reasons Knowland said there was "no problem" about naming the personnel.

Sen Lyndon B Johnson of Texas, the Democratic leader said merely he had made "no recommendations to anyone" as yet about the three Democratic members of the bipartisan group.

Vice President Nixon is to appoint the committee, under terms of a resolution passed Monday by the Senate but he will act on recommendations of the majority and minority leaders.

11 Political Candidates Can 'Go Fishing' Aug. 10

Death Of Senator Butler Gives Three A 'Free Ride'

By BASIL C. RAFFETY

OMAHA (AP) — Eleven political candidates and a host of non-political ones can go fishing Aug. 10 while other candidates sweat out the primary election returns. They are the unopposed candidates.

Six of the 11 political candidaets seek top offices—the four year Senate term and two seats in Congress. Three of them owe their "free tickets" to developments following the death of Nebraska's senior senator, Republican Hugh Butler.

Rep. Roman Hruska (R-Neb) and James F. Green, Democrat, both of Omaha, were named by their respective party central committees to be unopposed candidates for the nomination to succeed Butler. They'll tangle in the fall campagin.

In his first bid for a national office two years ago Hruska defeated George J. Thomas of Omaha, 32,263 to 13,325, in the primary and then won over James A. Hart of Omaha, 81,185 to 63,485, in the general election. Hart, who is unopposed in his bid for the Democratic nomination for Congress this year, defeated Paul Manhart of Omaha, 24,613 to 8,852, in the 1952 primary.

Ran In 1936

District Judge Jackson B. Chase, Omaha, ran for Congress in 1936, was nominated by Republican Central Committee members of the Second District to be unopposed for the congressional nomination, opposing Hart.

In the fourth district, Dr. A. L. Miller, veteran Republican, and Carleton W. Laird, Scottsbluff, steel products firm operator, the unopposed for their respective nominations. Miller polled 45,278 votes in the 1952 primary when he also was unopposed, and then defeated Francis D. Lee of Atkinson 98,032 to 35,628 in the general election.

Stanley D. Long, Grand Island Democrat who polled 86,974 votes for the U. S. Senatorial nomination in 1952, when he ran without opposition, is unopposed this year in his bid for the Democratic nomination for lieutenant governor. Long took a 408,971 to 164,660 defeat at the hands of Butler in the 1952 general election.

V. C. Havorka Sr., Randolph, Neb., auto dealer, who is unapposed for the Democratic nomination for secretary of state, hasn't run before.

His Republican opponent-to-be, Secretary of State Frank Marsh, also is unopposed. In 1952 Marsh plled 108,437 votes to win the nomination over James L. Pittinger of Lincoln, who had 86,086. In the general election he defeated Harry R. Swanson of Omaha, 359,784 to 204,373.

State Auditor Ray Johnson, unopposed Republican incumbent, polled 172,876 votes when he ran—also unopposed—for renomination in 1952. Attorney General Clarence R. Beck, also unopposed this year, polled 136,161 votes to defeat Max Towle of Lincoln for the nomination in 1952. Towle had 68,150.

Johnson defeated Bustaf Beschorner of Lincoln 388,168 to 158,764 in the 1952 general election and Beck defeated Michael T. McLaughlin, Lincoln, Democrat, 399,448 to 208,196.

Ike Approves Federal Aid To Watershed

WASHINGTON (AP) — President Eisenhower Wednesday signed a bill to provide for federal assistance in construction of small watershed and soil conservation projects.

The government, under the direction of the secretary of agriculture, may co-operate with state and local agencies, such as soil conservation districts, in such works.

The measure applies to projects impounding up to 5,000 acre feet of water.

Federal assistance in the construction of projects impounding less than 2,500 acre feet of water can now be authorized by the secretary alone. For projects impounding between 2,500 and 5,000 acre feet, approval of the House and Senate agricultural committees will be required before federal funds can be used.

Marine Helicopter Carries Own Garage

QUANTICO, VA. (AP) A Marine Corps helicopter picked up the building which had housed it Wednesday and flew off with it. The hangar-toting demonstration was part of a display of light-weight, inexpensive new dome-shaped structures which some officers believe will revolutionize military housing in combat areas within a few years.

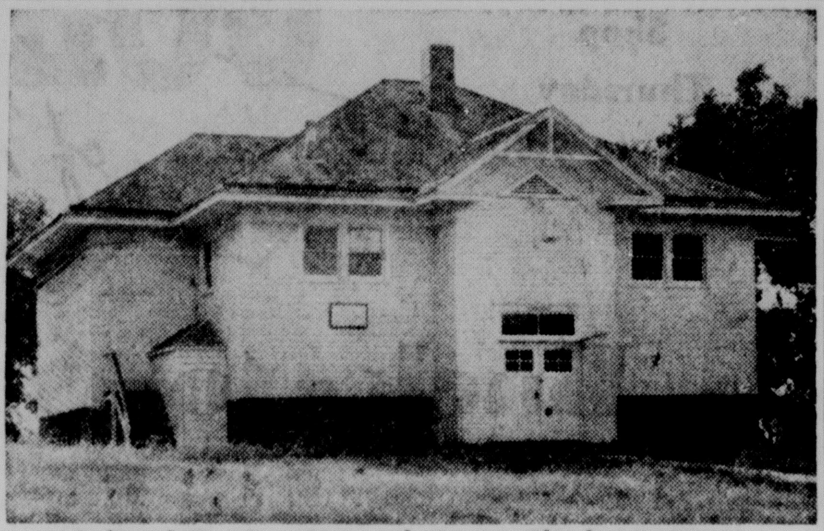
2 Held In Death Of Beaten Child

NEW YORK (AP) — The beaten body of a 2½-year-old boy, bearing a mass of welts, was found Wednesday in a West Side hotel.

Police said the child's mother and her common-law husband admitted beating the child because he misbehaved.

Police said tiny Joseph Mahoney had died either of continuous beatings or malnutrition.

His mother, Margaret Mahoney, 29, and Alfred Bates, 23, were taken to a police station for questioning.



School To Be Moved From Flight Pattern

The federal government has agreed to appropriate funds to move the Garfield School, west of Capitol Beach, to a location outside the Lincoln Air Force Base flight pattern. (Star Photo.)

Government To Pay To Move Garfield School Out Of LAFB Flight Pattern

Federal authorities, at the request of District 113, have agreed to appropriate money to move the Garfield School building out of the Lincoln Air Force Base filght pattern.

Max L. Tubbs, school board secretary, said a special meeting of the district's voters has been called for next Monday, 7:30 p.m., at the school house to vote on a new site for the school.

The school is now located west of Capitol Beach, about a half mile from the end of the air base runway. Tubbs said a site about six or seven blocks east of the present location has been proposed, but the decision is up to the voters.

Tubbs said the exact cost of moving the building and acquiring a new site is not known, nor could a tentative figure be disclosed until a future meeting with federal authorities.

However, it was understood from other sources, that the cost would be roughly $21,000.

The Garfield school, originally built as a two-teacher elementary school, has been increased to a four-teacher school with two extra rooms added in the basement.

House OKs Boost In Vet Pensions

WASHINGTON (AP) — Over House Wednesday passed a bill boosting by 5 per cent the pension payments of an estimated 944,000 war veterans and their dependents.

The bill was passed by overwhelming voice vote and sent to the Senate.

The Veterans' Administration and the Budget Bureau—spokesman for the President—opposed it on the estimated cost, $36,000,000 during the first year and more thereafter, and the fact that pensions were increased two years ago.

The increases provided are for veterans with non-service disabilities and for dependents of such veterans. The VA estimated it would affect 544,700 veterans and 399,100 dependents of deceased veterans.

Incorporation Papers

The Robin Hill Development Co. of Douglas County, with authorized capitalization of $100,000, filed articles incorporation with the secretary of state. Incorporators are Clair M. Wilson of Omaha and Howard C. Johnson of Bellevue, with Edmund R. Sturek of Omaha as resident agent.

Joe Censure Probers Still Not Selected

WASHINGTON (AP) — Sen. Knowland (R-Calif) predicted Wednesday night a six-member special committee to investigate charges of unbecoming conduct against Sen. McCarthy (R-Wis) will be named Thursday.

Knowland told newsmen he thinks the announcement should be made before the full Senate. Previously he had indicated the names of those chosen might be made public Wednesday night.

Although many senators have said they would decline to serve on the group for various reasons, Knowland said there was "no problem" about naming the personnel.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, said merely he had made "no recommendations to anyone" as yet about the three Democratic members of the bipartisan group.

Vice President Nixon is to appoint the committee, under terms of a resolution passed Monday by the Senate, but he will act on recommendations of the majority and minority leaders.

Her husband, F. Everett Linch, preceded her in death in '934.

'Second Husband' Threatens Welch, Troopers Posted

WELLFLEET, Mass. (INS) — Attorney Joseph N. Welch, guarded by a ring of state police, Wednesday identified a man who allegedly has threatened his life as the second husband of a woman involved in a divorce case he once handled.

Welch, who gained nationwide fame as spokesman for the Army in the recent televised Army-McCarthy hearings, was calm about the reported threats against his life by the man who left Washington Tuesday.

"I cannot understand why anyone is mad at me," said Welch at his cottage near the tip of Cape Cod. Noting the presence of the state troopers the 63-year old lawyer added:

"My, I've never been so well protected in my life."

Formosa Next

TAIPEI (INS)—Nationalist Chinese Premier O. K. Yui warned the Formosan people that the government expects the island to be the next target for Red aggression in Asia. The Premier said he believes that southern Vietnam and Thailand may also be included in the Communist blueprint as the next objectives to be obtained following the Indochina truce.

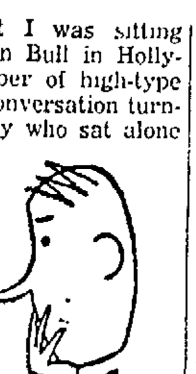
STAN DELAPLANE'S
POSTCARD



The other night I was sitting around the Cock 'n Bull in Hollywood with a number of high-type journalists. The conversation turning to a young lady who sat alone at the bar.

"Why don't you go over and interview her?" they suggested.

The interview is nearly a lost art. It appears to me that our journals are taking a serious turn of mind these days. What with Indochina and all. I deplore it.

It is a big disappointment to me in the morning if I cannot invade the private life of a private citizen.

It seems to me my newspapers are so concerned with wars, they have forgotten to leave the keyholes open for me.

☆ ☆ ☆

I refer specifically to the interview. Are there no strip teasers left to tell us how they do it all for Art? No elderly gaffers who attribute their 100 years to whisky and meanness? If something doesn't happen pretty soon I am going out and interview a few people myself.

☆ ☆ ☆

Gentleman publisher a long time ago in New York invented the interview Gentleman by name of James Gordon Bennett of the New York Herald.

Up to that time, scribes were chiefly concerned with gentlemen who scragged their wives and vice versa. One week when practically no ax murders were going on and business was dull for journals and hardware stores, Mr. Bennett call in his editors.

"Things are in dull shape," said James. "And we must have something to put around the ads. Send a few of our bright young men upon the streets and ask the citizens som questions."

"What sort of questions?" said the editor who had never heard of the interview.

"Any question," said James. "Do I have to do everything around here?"

☆ ☆ ☆

Consequently, a reporter rushed out and buttonholed a gentleman with muttonchops.

"Whadya think of Dan'l Webster's idea to revise the 1833 tariff and kindly give me your opinion of Mr Calhoun. Have you read any good books lately?"

"Mr. Webster is the savier of the Nation and Calhoun is a jerk," said the gentleman.

"Thank you, sir," said the reporter. And hurrying back to the shop, he seized a quill pen and wrote:

"Prominent Broker Says Wall Street Periled."

Interviews have been going on ever since.

☆ ☆ ☆

Yes, I am for meeting the incoming boats and posing the best legs over a life preserver: ("Fair Island Visitor Likes City.") What are the musclemen thinking these days· ("Mr. America Says Male Form More Graceful Than Female.") Life is becoming too private in my daily journals. Why look at the communique when you can peep over the transom?

Platte Bridge To Be Closed Intermittently

The Platte River bridge on state Highway 64 west of Valley will be closed to traffic intermittently from about Aug. 9 to Sept 15, the State Highway Department advised Wednesday.

This will be done so that the west channel spans can be refloored, it was said.

The bridge will be open to traffic at night and on Saturdays and Sundays when construction is not in progress.

Mrs. Farrington Sworn In As Hawaii's Delegate

WASHINGTON (INS) — Mrs. Joseph R. Farrington was sworn in Wednesday as delegate to Congress from Hawaii.

Mrs. Farrington was elected to succeed her husband, who died six weeks ago.

After House Speaker Joseph W. Martin Jr., (R-Mass) administered the oath of office, Mrs. Farrington made a brief speech saying she was "highly honored."

STAN DELAPLANE'S POSTCARD

The other night I was sitting around the Cock 'n Bull in Hollywood with a number of high-type journalists. The conversation turning to a young lady who sat alone at the bar.

"Why don't you go over and interview her?" they suggested.

The interview is nearly a lost art. It appears to me that our journals are taking a serious turn of mind these days. What with Indochina and all. I deplore it.

It is a big disappointment to me in the morning if I cannot invade the private life of a private citizen.

It seems to me my newspapers are so concerned with wars, they have forgotten to leave the keyholes open for me.

☆ ☆ ☆

I refer specifically to the interview. Are there no strip teasers left to tell us how they do it all for Art? No elderly gaffers who attribute their 100 years to whisky and meanness? If something doesn't happen pretty soon I am going out and interview a few people myself.

☆ ☆ ☆

Gentleman publisher a long time ago in New York invented the interview. Gentleman by name of James Gordon Bennett of the New York Herald.

Up to that time, scribes were chiefly concerned with gentlemen who scragged their wives and vice versa. One week when practically no ax murders were going on and business was dull for journals and hardware stores, Mr. Bennett call in his editors.

"Things are in dull shape," said James. "And we must have something to put around the ads. Send a few of our bright young men upon the streets and ask the citizens som questions."

"What sort of questions?" said the editor who had never heard of the interview.

"Any question," said James. "Do I have to do everything around here?"

☆ ☆ ☆

Consequently, a reporter rushed out and buttonholed a gentleman with muttonchops.

"Whadya think of Dan'l Webster's idea to revise the 1833 tariff and kindly give me your opinion of Mr Calhoun. Have you read any good books lately?"

"Mr. Webster is the savier of the Nation and Calhoun is a jerk," said the gentleman.

"Thank you, sir," said the reporter. And hurrying back to the shop, he seized a quill pen and wrote:

"Prominent Broker Says Wall Street Periled."

Interviews have been going on ever since.

☆ ☆ ☆

Yes, I am for meeting the incoming boats and posing the best legs over a life preserver: ("Fair Island Visitor Likes City.") What are the musclemen thinking these days: ("Mr. America Says Male Form More Graceful Than Female.") Life is becoming too private in my daily journals. Why look at the communique when you can peep over the transom?

Platte Bridge To Be Closed Intermittently

The Platte River bridge on state Highway 64 west of Valley will be closed to traffic intermittently from about Aug. 9 to Sept 15, the State Highway Department advised Wednesday.

This will be done so that the west channel spans can be refloored, it was said.

The bridge will be open to traffic at night and on Saturdays and Sundays when construction is not in progress.

Mrs. Farrington Sworn In As Hawaii's Delegate

WASHINGTON (INS) — Mrs. Joseph R. Farrington was sworn in Wednesday as delegate to Congress from Hawaii.

Mrs. Farrington was elected to succeed her husband, who died six weeks ago.

After House Speaker Joseph W. Martin Jr., (R-Mass) administered the oath of office, Mrs. Farrington made a brief speech saying she was "highly honored."

Farm Price Index Down 4 Pct.

Livestock Mark Off; Crops Up

Nebraska's farm price index dropped 4 per cent during the month ending July 15.

Grain prices went up but livestock prices sagged during the month, accounting for the overall decrease, the State-Federal Division of Agricultural statistics reported.

The mid-July index was 256, as compared with 267 a month ago and 287 a year ago.

The crop price index climbed six points to 231, but the livestock index dropped from 283 on June 15 to 266 on July 15.

Cattle prices averaged $1 60 lower, hog prices $1 lower.

Poultry Dip Severe

The poultry price index dipped to 129, which is the lowest level since 1941. Prices paid to farmers for eggs averaged 20 cents per dozen on July 15, the lowest price in 14 years. Prices for farm chickens averaged 12 cents a pound, also a 14-year low.

Dairy products averaged higher due to a 20 cent a hundredweight seasonal increase in whole milk prices, which brought the average price on July 15 to $3 50 per hundred pounds. Butterfat prices, however, were one cent lower, averaging 55 cents per pound July 15

The index on crop prices was 13 points above a year ago

Wheat prices advanced seven cents per bushel to average $2 01 at the close of the period Corn prices held steady at $1 45 per bushel, oats averaged 10 cents lower, and barley also was done

Although marketing of potatoes was just starting at mid-month, prices for earliest crops averaged $1 50 per bushel as compared with 75 cents a year ago

Hay prices averaged higher Alfalfa was up 50 cents a ton but wild hay dropped 20 cents a ton

For the country as a whole, the index of prices received by farmers declined only four-tenths of one per cent in the period

NEBRASKA CITY, Neb. — A Lincoln mother and her eight-month-old son remain in serious condition following a one-car accident seven and one-half miles west of here which hospitalized all five members of the family.

Mrs. Robert Howell, who suffered lacerations on her right arm and a pelvic injury, and her son, Ricky Allen, who has serious head and chest injuries and fractured ribs, remain in the hospital here. The infant was described by the attending physician as the most seriously injured, although his condition is not critical.

Mr. Howell, and two daughters, Ronda Joy, 3, and Donna Gay, 6, have been released and have returned to Lincoln. They suffered multiple lacerations. The Howells live on Route 8.

The Lincoln family was on their way home from an Oklahoma vacation when the accident occurred.

One Dead In Auto Accident

VALENTINE, Neb. (AP)—The report of the death of Herber CongSales, about 21, of Mexico raised Nebraska's 1954 traffic fatality total Wednesday to 175, compared with 155 at this time last year.

Cherry County Sheriff William C. Freeman said CongSales was killed when the car in which he was riding went off an oil road 26 miles south of Nenzel and upset.

Loren Landritch, Calchester, Ill., driver of the car is in a Valentine hospital with a broken arm, cuts and bruises. Kenneth Kowles of Calchester was released from the hospital. Two other passengers in the auto were not injured.

Rites At Wymore For Mrs. Norris

WYMORE, Neb. — Funeral services for Mrs. Frank Norris, about 76, will be held here Thursday morning. She had been in failing health for two years.

Born reared at Falls City, she was the former Alice Gantt. She and her husband observed their golden wedding anniversary in 1950.

Surviving are her husband; three sons, Ben of Lincoln, Bob of Wymore and Frank of Albuquerque, N. M.; two daughters, Mrs. George Henninger of St. Louis, and Lucretia of Lincoln; and a brother, Bob Gantt of New York City.

Pageant Week To Climax Nebraska City Centennial

Religious Day Will Start Event

Lincoln Star Special

NEBRASKA CITY, Neb. — Southeast Nebraskans and southwest Iowans will join soon with Nebraska Citians in celebrating the old river town's 100th birthday.

Climax of the summer-long celebration will be Pageant Week starting Sunday, August 15, with a special Religious Freedom Day. Parades and "special days" are planned for every day of the week.

The highlight of the Nebraska City Centennial Celebration will be the "Prairie Panorama" spectacle in which more than 500 Citians will depict the history of the pioneer town in 20 scenes on a huge Panorama stage which will extend almost the full length of the football field.

20 Scenes

Depicted in the 20 scene's will be such historical events as Lewis and Clark in Nebraska, Fort Kearny and the early pioneers, signing of the Pawnee Treaty, the first newspaper in the state, early school and church, steamboat days, the Overland Trail, founding of Arbor Day, the Roaring Twenties.

The Centennial program for Pageant Week will include:

Sunday — Religious Freedom Day, with massed choirs and noted speakers.

Monday — Homecoming Day, the grand official opening of Pageant Week with registration of former residents and old-timers and coronation of the Centennial Queen at the Pageant.

Tuesday — Agriculture Day, with contests and farm events, watermelon feast and amateur contests.

Wednesday — Governor's Day, with Governor Crosby reviewing the grand historical float parade, band concert and Governor's Dinner.

Thursday — Youth Day, with kiddie and pet parades and youth events.

Friday — Industrial Day, with an industrial parade and open house in the city's industries.

Saturday — United America Day, with a grand patriotic parade by veteran organizations and fraternal groups.

During the entire week Nebraska Citians will be dressed in their old-time costumes of frock coats, sunbonnets and top hats and the men will sport their lush beards.

Case Testing Truck Weighing Laws Taken Under Advisement

NORTH PLATTE, Neb. (AP)—District Judge John H. Kuns Wednesday had under advisement a case filed in Lincoln County District Court testing the truck weighing methods used by the Highway Department.

The case was filed by the state against Henry C. Luttrell, a trucker arrested at the North Platte weighing station and charged with overloading a tractor and semi-trailer.

Interpretation Questioned

Luttrell contended he was not overloaded under the law, and that the interpretation of the law by Highway Department employes operating the weighing station is incorrect.

Three other truckers have petitioned for and received an injunction in Lincoln County District Court ordering the North Platte weighing station operators to stop making arrests over the disputed point of law.

Highway Department employes took over operation of the weighing stations from the Nebraska Highway Patrol June 1.

Hebron Dedication Services Delayed

Lincoln Star Special

HEBRON, Neb.—Dedication of the new church, school and rectory of Sacred Heart parish, planned for Wednesday has been postponed to Sept. 8.

The $200,000 buildings will replace buildings which were destroyed by a tornado a year ago.

Ground was broken last Sept. 8 and only minor details remain to complete the project.

Nebraska Toll Road Survey Expected Soon

OMAHA (AP)—A Nebraska official said Wednesday the Iowa report on toll road possibilities will mean a quick start on such a survey in Nebraska.

The Iowa Highway Commission, in its report, said an east-west toll road across Iowa "appears to be economically feasible in 1959" if 3.5 per cent interest bonds can be sold.

Ray McGrath of Omaha, chairman of the Nebraska Turnpike Authority, said his group had an understanding with an investment syndicate headed by Smith, Barney & Co., New York City, to commence a preliminary survey if the Iowa report were favorable.

"I am hopeful the survey will be completed well before the end of the year," McGrath said. "No tax money will be needed."

Sheep Day, Sale Scheduled Friday

The 18th annual sheep day and sale will be held at the state fair grounds here Friday.

About 150 purebred rams and ewes representing six of the popular breeds will be sold. Twenty of the leading sheep producers will participate.

Judging is scheduled in the morning, with the sale following in the afternoon.

15th Anniversary

$52,899,188 Benefits
to Nebraskans in
15 Years of Consumers Service

Significant of the 15th Anniversary of Consumers Public Power District is the fact that direct benefits to customers served total $52,899,188—considerably more than the total original cost of the entire system.

These benefits include:
$16,541,584 savings to customers through rate reductions
$14,595,000 Bonds retired from earnings
$21,762,604 improvement and additions paid for from earnings

It is also interesting to note that, during these 15 years, homes served by Consumers Public Power District have increased their use of electricity from an average of 746 KWH per year in 1939 to an average of 2,226 KWH in 1954.

Yet, while other living costs have skyrocketed, the cost of electricity has dropped from an average of $.0471 per KWH for residential use in 1939, to an average of $.0278 per KWH in 1954.

Low cost, dependable electric power, available to every community through the inter-connected state-wide system of Consumers Public Power District, while making possible better living for Nebraskans, has also played a leading role in industrial, farm and community development. This is real Nebraska progress of which every Nebraskan can be proud.

$52,899,188 Benefits
to Nebraskans in
15 Years of Consumers Service

Serving 355 Nebraska Communities Electrically

Significant of the 15th Anniversary of Consumers Public Power District is the fact that direct benefits to customers served total $52,899,188—considerably more than the total original cost of the entire system.

These benefits include:
$16,541,584 savings to customers through rate reductions
$14,595,000 Bonds retired from earnings
$21,762,604 improvement and additions paid for from earnings

It is also interesting to note that, during these 15 years, homes served by Consumers Public Power District have increased their use of electricity from an average of 746 KWH per year in 1939 to an average of 2,226 KWH in 1954.

Yet, while other living costs have skyrocketed, the cost of electricity has dropped from an average of $.0471 per KWH for residential use in 1939, to an average of $.0278 per KWH in 1954.

Low cost, dependable electric power, available to every community through the inter-connected state-wide system of Consumers Public Power District, while making possible better living for Nebraskans, has also played a leading role in industrial, farm and community development. This is real Nebraska progress of which every Nebraskan can be proud.

CONSUMERS PUBLIC POWER DISTRICT

First District Congressional Race A Puzzler

By ODELL HANSON
AP Staff Writer

Nebraskans who make a hobby of figuring odds on election races must be having a little trouble with a couple of the state's Congressional contests this year.

Untested newcomers to competitive politics are giving the state at least a couple of contests that should make for interesting watching on primary election night Aug. 10.

Ranking high in the hard-to-chart category are:

The spirited bids of Phil Weaver of Falls City and Ira D. Beynon of Lincoln for the Republican First District nomination.

The contest between Ernest M. Luther, Hooper cattle man, and Jesse F. Tepner, Creighton automobile and implement dealer, for the Third District Democratic nomination.

All four are newcomers to competitive politics at the state or national level.

Not that these are the only races. It's only that in the others, past performance tends to establish favoritism, right or wrong.

This much is certain: Nebraska will have at least two new congressmen after the dust of primary and general election campaigning has settled.

Incumbents Bidding

In contrast to the primary two years ago when all four of the state's Republican congressmen were seeking renomination, only two incumbents are bidding for return tickets this year—Rep. A. L. Miller of Kimball in the Fourth district and Rep. Robert D. Harrison of Norfolk in the Third District.

The other two incumbents, Rep. Carl T. Curtis of Minden and Rep. Roman Hruska of Omaha have eyes on the U.S. Senate.

The men bidding to succeed Rep. Hruska in the Second District are getting a "free ride" through the primary. They are District Judge Jackson B. Chase of Omaha for the Republicans, and Lawyer-Economist-Professor James A. Hart of Omaha for the Democrats. So the big guns in this district will be touched off in the fall.

Miller Unchallenged

The same nomination-by-default holds true in Rep. Miller's fourth district. The six-term Kimball physician and surgeon won't get his challenge until the November election, when he faces Democrat Carlton W. Laird of Scottsbluff, manager of a steel products company.

That leaves Rep. Curtis' First District and Rep. Harrison's Third District as the primary election battlegrounds.

Hoping to don the Curtis toga as Republicans are Weaver, 35-year-old Falls City automobile dealer; Beynon, 58-year-old Lincoln attorney and until recently a member of President Eisenhower's "family" in Washington, and Murray F. Rickard, 72-year-old Guide Rock farmer.

Weaver In Early

Weaver, son of the late Gov. Arthur J. Weaver, got in the race early.

Beynon, a former Republican national committeeman, got in after his return from Washington where he had organized and directed the Defense Department's Real Property Division.

Rickard gained most of his political experience in the Nebraska Legislature back in the 1920's. He made unsuccessful tries to win a seat in the Unicameral from the 32nd District in 1946, 1943 and 1950.

Morrison Good Vote Getter

Matched for the Democratic First District nomination are Frank B. Morrison, 49-year-old McCook attorney, and 86-year-old Samuel Freeman, Hubbell farmer and grain dealer.

Morrison, although trailing Walter Raecke of Central City and Terry Carpenter of Scottsbluff in the Democratic gubernatorial primary four years ago, still received about one out of every four Democratic votes cast in the race. Two years ago, he was top vote-getter in the district among would-be delegates to the national convention, where he backed Sen. Estes Kefauver (D-Tenn) for President.

Freeman was unopposed for the Congressional nomination four years ago but trialed Clarence G. Miles of Lincoln 13,261 to 3,394 in the Congressional primary of 1952.

In the Third District, Rep. Harrison's Republican challenger is Edward J. Robins, 62, a Fremont attorney and former member of the State Aeronautics Commission. He also has served 10 years in Washington as co-ordinator of civilian aviation facilities and head of public relations in the Commerce Department.

Luther A Farmer

Rep. Harrison, 57, farm and oil business operator, first won his ticket to Washington in a special election to name a successor to the late Rep. Karl Stefan. In his first regular election try two years ago, he bested another Fremont man, Lyle Gill, by a margin of better than 4 to 1 in the primary.

The Democratic hopefuls in the Third District both are Nebraska born.

Luther, 57, is a farmer, cattle feeder and cattle order buyer. Born in Hooper, he attended high school and business college, was elected a farm program committeeman in 1934 and served as field representative for the Department of Agriculture for 16 years.

Tepner, 47, was born at Plainview and was graduated from Plainview High School. He has served four terms on the Creighton City Council, has been secretary of the Knox County Democratic Central Committee and headed a fund raising campaign for the Creighton hospital.

Death Takes Third Hurd Quadruplet

PITTSBURGH (INS) — The third Hurd quadruplet, Jill Carol, died Wednesday at Magee Hospital in Pittsburgh

Her death leaves the first-born quadruplet, Janet Elaine, as sole survivor of the four babies born to Mrs. Rudolph Hurd, 25, last Friday.

The only boy, Jerry Harvey, and another girl Jacqueline Sue, died within 12 hours of their birth. The Hurds have another son, Ellsworth, 19 months.

Greenwood Youths Found Loaded With Candy, Gum, Chips

Two Greenwood youngsters, ages 11 and 8, who were picked up by the Sheriff's office as possible runaway boys, were found to be loaded with candy, gum, and potato chips, and also two red-lens flashlights.

Dep. Sheriff Del Zieman said the two brothers were involved in a break-in at the West O Drive-In Theater where $4.60 worth of candy, gum, potato chips, and ice cream bars were taken—also the two flashlights.

Entrance to the building was gained by breaking a screen window in the building, Zieman said.

The two youngsters are being held at the Detention Home pending location of their parents and disposition by county juvenile authorities.

House Approves Witness-Immunity Bill

. . . Designed To Force Testimony

WASHINGTON (AP)—The House passed overwhelmingly Wednesday a bill designed to force reluctant witnesses to testify on national security matters by granting them immunity from prosecution.

But the House bill, approved 293-55, differs sharply from a measure on the same subject passed by the Senate last year, and neither will become law unless the two houses can agree in the few days before adjournment.

Nebraska Republican representatives Harrison, Hruska and Miller voted with the majority.

Nebraska representative Curtis is in Nebraska.

Atty. Gen. Brownell has asked for some such law.

The House also passed, by voice vote, a bill to speed up the conviction and punishment of witnesses on contempt charges for failure to answer questions before congressional committees.

Contempt

This measure, which goes to the Senate, would permit a congressional committee to go to federal court for an order directing the witness to answer. Failure to comply would place the witness in contempt of court and subject him to immediate penalties.

To be punished for contempt of Congress, a witness now must be cited first by the committee and then the full House or Senate, and the matter then referred to the Justice Department for grand jury action and trial

The immunity bill is designed to deal with witnesses who refuse to testify on the ground that testimony they gave may subject them to prosecution for crime. The Fifth Amendment to the Constitution provides they may not be forced to give such testimony.

The bill would permit a promise to such witnesses that they would not be prosecuted. They then could be forced to answer questions, under pain of punishment for contempt. It is based on the idea that the testimony which thus could be obtained from lesser witnesses would aid congressional committees and might lead to prosecution of more important conspirators.

John H. Ames Heads Library Foundation

John H Ames, present president of the Lincoln Library Board, was elected Wednesday to head the newly-organized Lincoln City Library Foundation

Other officers include Miss Rose Carson, vice president; George Day, treasurer; and Charles Dalymple, director of the Lincoln Public Libraries, secretary.

Members of the foundation, which is to serve the city libraries in the same manner the University of Nebraska Foundation serves the university, include Mrs. Bennett Martin, Mrs. Arthur L. Smith, Joe R. Seacrest, Elwood Thompson, George W. Knight, Mrs David Dow, Mrs William I. Aitken, and Mrs. Howard Wilson (Louise Baker).

The Lincoln City Library Foundation seeks development of additional library services for the entire city, Dalymple said.

At the organization's first meeting, the members voted the raising of funds for the new South Side Branch Library as their first project.

Annual meetings of the foundation will be held on the third Monday of each September.

Beware Of Drunks, Moscow's Radio Warns Russians

LONDON (AP) — Anybody in the Soviet Union who is chatty or who accepts a drink from a stranger is bait for foreign spies, Moscow Radio has warned Russians.

Calling for increased vigilance, the broadcast said "foreign intelligence services are endeavoring to use remnants of capitalism in the consciousness of a certain part of the Soviet people"

The broadcast warned:

"Foreign intelligence service agents make a special point of finding people who like to have a drink because, as the saying goes, a drunken person says that which a sober person thinks."

Cooper Park To Show 'New Look'

Cooper Park, 6th and F, will open with its new look with official ceremonies at 7:30 p m. Tuesday, Aug. 10.

State Polio Cases Running Higher

Polio cases in Nebraska this year are running about 50 per cent higher than last year, new figures from the State Health Department showed Wednesday.

Twenty-three new cases were reported last week, raising the year's total to 154 as compared to 104 at the same time last year.

Custer and Hamilton Counties each reported 3 new cases last week. Cherry, Hall, Sheridan and Scotts Bluff had 2 each, and there was one new case in each of Adams, Cedar, Dawson, Dodge, Douglas, Furnas, Gage, Lancaster and Thurston Counties.

One polio death was reported last week, that of James Hesser, 62, Adams, Neb., who died in a Lincoln hospital.

There have been three polio deaths this year, compared to four at this time in 1953.

WONDERFUL LUCK!

HAD wonderful luck on our door-bell ringing this ayem —We picked up all sorts of news involving a variety of names, places and people—Our guest list has grown some since yesterday, and we have no vacancies in either the travel or homecoming departments — All in all it's proven to be quite a profitable morning — and one of more than casual interest since there also is news of some of the popular brides-elect.

* * *

BUT at the moment we want to mention that Jack Rokahr is in town—in the States on a three months leave after three years in Ceylon. He arrived in Lincoln several days ago, shortly after his mother, Mrs. George Rokahr, returned from abroad where she met her son and daughter-in-law in London, and accompanied them on a six weeks tour of the continent —and Spain.

Also guest-ing at the home of Mrs. Rokahr are her son-in-law and daughter, Mr. and Mrs. Richard Boyer of Hastings, and their family.

* * *

HAD only a brief glimpse of Lt. and Mrs. Foster Woodruff (Sydna Fuchs) who were in town on Tuesday — en route from El Paso, Tex., where the army officer is stationed—to Omaha where they will spend a few days with Mrs. Woodruff's parents, Mr. and Mrs. Bert L. Fuchs, before going on to Cass Lake, Minn. In Minnesota they will be the guests of Lt. Woodruff's parents, Mr. and Mrs. Reginald Woodruff, and will be joined there later in the month by Mr. and Mrs. Fuchs.

* * *

IN town the past week-end was Mrs. George Wahlquist (Cynthia Pedley) and her three daughters, Kerstin, Libby and Sally, who were the guests of Mrs. Wahlquist's brother-in-law and sister, Mr. and Mrs. O. A. Barber, Jr. Mrs. Wahlquist and her daughters now are in Minden where they are visiting Mrs. Wahlquist's father, L. T. Pedley. Later in the week Mr. Wahlquist will come from Evanston to join his family for a visit at the home of his parents, after which the travelers will return to Lincoln for a Sunday-to-Tuesday stay.

* * *

OFF to Colorado and the mountains on Saturday will be Mrs. H. C. Mardis and her son, Hal. During their several weeks stay in the Rockies the masculine half of the pair of travelers will join a group of friends on a mountain climbing expedition.

* * *

AND we heard that Miss Mimi DuTeau is having a wonderful holiday at Cheyenne, Wyo., where she is the house guest of Dr and Mrs. W. A. Barton.

* * *

SPEAKING of travelers—Mrs. John Truell, with her son and daughter, will be leaving on Tuesday for Anchorage, Alaska where they will join Major Truell, and where the family will reside during the Major's tour of duty there.

We already have mentioned numerous farewell courtesies for Mrs. Truell, but this morning we find that two more have been added to the list — One of them was a picnic at Linoma Beach last Tuesday evening when the members of the Omaha and Lincoln Alpha Xi Delta Alumnae clubs, joined forces for a picnic—

And this morning Mrs. Truell will be honored when Mrs. C. L. Clark and Mrs. H. C. Zellers are hostesses at a coffee at the home of Mrs. Zellers. The guest list will include the Lincoln alumnae members of Alpha Xi Delta.

* * *

JUST learned of another trio of travelers—Mr. and Mrs. A. E. Loder and their daughter, Miss Jo Jen Loder, left Monday for Colorado—En route they stopped at Gothenburg where they were joined by Miss Jo Ann Norsworthy for the vacation period.

* * *

WE open our chapter on homecomers with Mr. and Mrs. George Eager who, with their daughters, Nancy and Barbara, are due home today from Evergreen, Colo., where they have been having a holiday.

* * *

AND someone told us that Dr. and Mrs. George Covey are back home from their summer trek to Wyoming where they spent a few weeks at their cabin near Buffalo.

* * *

ALSO back in town are Dr. and Mrs. Wesley C. Becker who have returned from their summer home at Pelican Lake, Minn.

* * *

NOW for the soon-to-be brides —This morning Miss Joan Hoyt, whose marriage to Merle J. Gilliam of Omaha will be solemnized on Thursday evening, Aug. 26, at St. Paul Methodist Church, is announcing the members of the bridal party. For her matron of honor Miss Hoyt has chosen her sister-in-law, Mrs. John Hoyt (Juliet Rathbone), and her maid of honor will be Miss Dorothy Nordgren of Waterloo. The threesome of bridesmaids will include Miss Donna Marquardt, Madison; Miss Lucile Larson, Omaha, and Mrs. James Winkelbauer, and small Christine Hoyt will be flower girl at the wedding of her aunt.

Harold Larsen of Omaha will serve Mr. Gilliam as best man, and seating the guests will be John Hoyt, brother of the bride-elect; James Dobson, Glen Ford and James Winkelbauer.

A Trio Of Hostesses--And Guests

It's guest week at the home of Mr. and Mrs. Robert Holbert—for Mr. Holbert's sister, Mrs. Stanley Harris — Mr. Harris and their four children, have arrived from Morgantown, W. Va. — and Mrs. Holbert's niece, Miss Sharon Richardson has come from Akron, O.

Both Mr. Holbert and Mr. Harris—and young Bill Harris were camera shy, but we have the feminine members of the families in the picture—and they are:

Seated, left to right: Mrs. Harris, Mary Nan Harris, Mrs. Holbert and Margaret Harris.

Standing, left to right: Angie Holbert, Sharon Richardson, Louise Holbert and Martha Harris.

Officers' Wives To Meet Friday

The Officers' Wives Club of the Naval Air Station will meet for a 12:30 o'clock luncheon Friday at the Compass Room. An afternoon of bridge will follow.

In charge of arrangements are Mrs. R. W. Loomis and Mrs. G. C. Sullivan.

We Hear That

Mr. and Mrs. Charles Null of Indianapolis, Ind., are announcing the birth of a son, Gregory Allen, who put in his appearance Wednesday, July 28. Mrs. Null, the former Jeanne Bartizal, daughter of Mr. and Mrs. George Bartizal of Lincoln, attended the University of Nebraska and is a member of Sigma Kappa. The baby's paternal grandparents are Mr. and Mrs. H. E. Null of Pleasant Dale, formerly of Lincoln.

Mr. and Mrs. I. C. Leath and their sons Ralph and Raymond, returned Thursday from a trip to Atchison, Kan.

LWC Group Plans Tea

MISS ALLEGRA WILKENS

The literature department of the Lincoln Woman's Club will open its fall activities on Sept. 23 with a get-acquainted tea for the department membership to be held at the home of the leader, Miss Allegra Wilkens.

Following a preliminary study of current events in literature, music and drama, the members will hear their first book review on Oct. 14, when the Rev. Vance D. Rogers, minister of Trinity Methodist Church, will present, "Recovery of Family Life," by Elton and Pauline Trueblood.

On Oct. 28, Mrs. R. W. Hill of Hebron, a past state president of the Nebraska Federation of Women's Clubs, will give a book review, and on Nov. 11, Dr. Everett Dick of Union College will present, "Our Sod House Frontier."

A talk on the Bronte sisters wil be given by Miss Ethel Booth of the Nebraska Wesleyan University faculty early in December, and on Jan. 13, Mrs. Margaret Richmond will review, "Always The Young Strangers," by Carl Sandberg.

Mrs. O. J. Bilhorne will be in charge of the literature department review on Jan. 27, and the February program will be devoted to the group's annual project.

Interest in current plays will be featured in March when a review of a Broadway play will be given by Miss Dorothy Pile, director of the Southwest Community Center, on March 10, and Mrs. Donald Waggener, a member of the club, will present a play review on March 24. The department's activities will close on April 14 with a spring party.

Miss Wilkens as leader of the department will be assisted during the coming year by Mrs. Max Lawton, assistant leader, and Mrs. J. C. McReynolds, secretary-treasurer.

Reception and door hostesses will be Mrs. Lawton, Mrs. Etta Warner, Mrs. C. R. Haines and Mrs. Griffith Jones, and members of the social committee will be Mrs. O. J. Bilhorne, Mrs. C. W. Walgren, Mrs. H. A. Schoenthal, Mrs. Edwin Yoder and Mrs. Rosa Mechling.

The project committee will include Mrs. Paul Hellbusch, Mrs. Emery Blue, Mrs. E. G. Lindholm, Mrs. F. A. Maca and Miss Susan Pillsbury, and in charge of membership are Miss Minnie Miller and Mrs. Charles Sutherland. Mrs. Nelson Berger and Mrs. G. L. Hewit are members of the telephone committee.

Bridal News Of Interest

News from the bride's book this morning has to do with brides-to-be of this week-end, one or two of late August and also a few who will be married in September.

Miss Edna Schneider, daughter of Mr. and Mrs. Adam Schneider, whose marriage to Everett C. Tahlhamer, son of Mr. and Mrs. G. A. Talhamer of Aurora, Ill., will be solemnized Saturday, August 7, was honored Wednesday evening, July 28, when her sister, Miss Dorothy Schneider, entertained at a 7:30 o'clock dessert supper and personal shower.

Miss Patty Herzog and Miss Delores Michael entertained in Miss Schneider's honor on Monday, July 19. Twenty guests were invited for the 8 o'clock affair and they presented the bride-elect with a miscellaneous shower.

We told you yesterday about Miss Carol Jensen's bridal party, but ran out of space before we had time to mention several courtesies for the bride-elect of Sunday, Sept. 19. Miss Jensen, the daughter of Mrs. A. J. Jensen, will become the bride of Lloyd L. Baer, son of Mr. and Mrs. Ben H. Baer at the First Methodist Church.

But now, on to the parties, and the evening dessert supper and miscellaneous shower on Wednesday evening, Aug. 11, which has been planned by the bride-to-be's sister-in-law, Mrs. Paul Jensen. Twelve guests have been invited for the affair.

Then on Friday, Aug. 20, Mrs. Charles Enyeart will entertain at her home in honor of the bride-elect who will be presented with a miscellaneous shower.

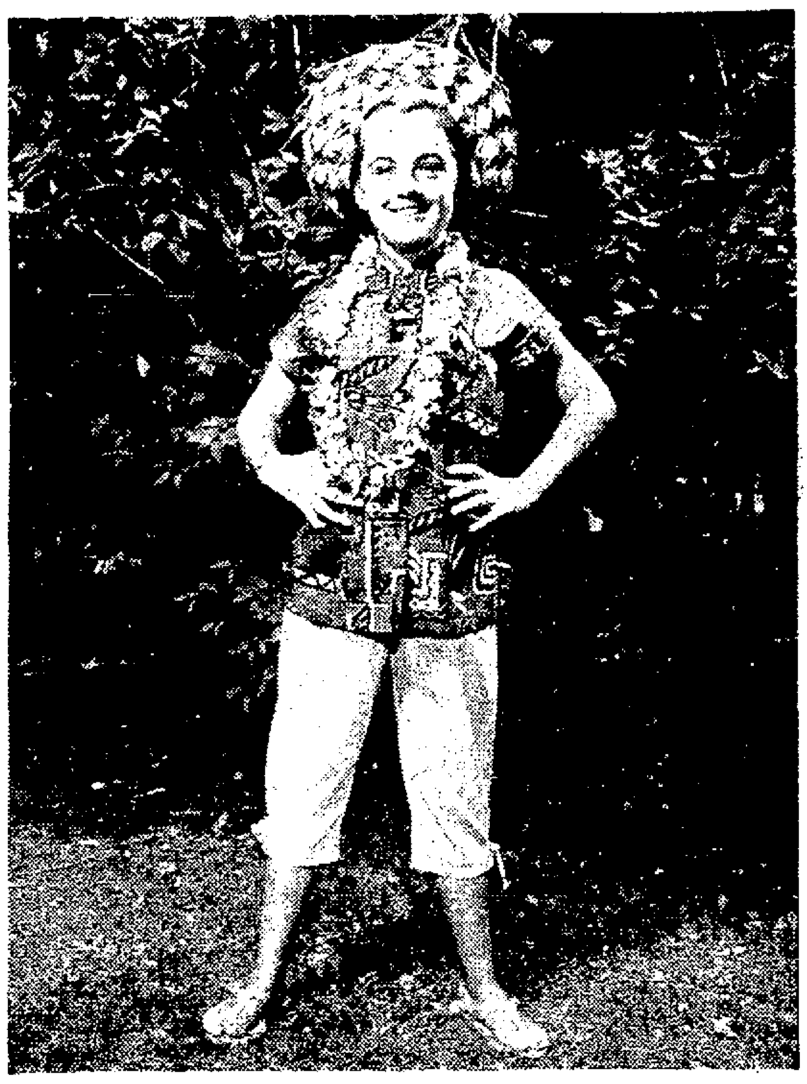
Miss Phyllis Weeden, daughter of Mrs. Paul E. Weeden, and the late Mr. Weeden, whose marriage to Alan Henriksen, son of Mr. and Mrs. S. E. Henriksen, will be solemnized on Saturday, Sept. 11, has been the incentive for several courtesies.

Mrs. W. F. Etmund entertained recently at a luncheon at the University Club in honor of the bride-elect. The 12 guests presented Miss Weeden with a miscellaneous shower.

Then on Wednesday, July 14, Mrs. C. N. House entertained at a dessert supper and miscellaneous shower at her home. Thirty-six guests were invited to the 8 o'clock affair.

A kitchen shower was given in honor of Miss Weeden on Wednesday evening, July 21, when Miss Ruth Gotfredson and her mother, Mrs. E. J. Gotfredson entertained at their home. Fourteen guests were invited.

Special -- From Hawaii



Miss Jo Mary Spangler doesn't give a fig about Christian Dior and his ideas concerning what the well dressed young woman should wear—Miss Spangler has her own thoughts on the matter of a wardrobe, and is completely enchanted with the clothes her father, J. A. Spangler, brought her from Honolulu when he returned from there Tuesday morning.

We must say that the young Miss Spangler was the envy of her contemporaries when she appeared in one of the costumes at the Lincoln Country Club on Tuesday afternoon—and a look at the picture will tell you why — Above the yellow calf-skinners, tied with perky bows—is the brown and yellow Hawaiian print shirt over which our model of Hawaiian styles has tossed a lei of bright yellow blossoms. The big hat, with its upturned brim, is made of palm leaves and is in natural — touched with brown.

But we musn't forget the sandals which have quite the Oriental touch with the toe strap.

Teen-Agers End YWCA Program

The second term of the YWCA summer program for teen-agers closed Wednesday morning when the students presented a program in the form of a regular class session for their parents and friends.

More than 130 girls registered for the program which included modern and creative dancing, stunts, tumbling and swimming under the co-operation of the health education and teen-age committee of the YW.

Instructors were Miss Donna Prescott, Mrs. Patricia Coe, Miss Carol Anderson and Miss Kay Riddle.

WONDERFUL LUCK!

HAD wonderful luck on our door-bell ringing this ayem —We picked up all sorts of news involving a variety of names, places and people—Our guest list has grown some since yesterday, and we have no vacancies in either the travel or homecoming departments — All in all it's proven to be quite a profitable morning — and one of more than casual interest since there also is news of some of the popular brides-elect.

* * *

BUT at the moment we want to mention that Jack Rokahr is in town—in the States on a three months leave after three years in Ceylon. He arrived in Lincoln several days ago, shortly after his mother, Mrs. George Rokahr, returned from abroad where she met her son and daughter-in-law in London, and accompanied them on a six weeks tour of the continent —and Spain.

Also guest-ing at the home of Mrs. Rokahr are her son-in-law and daughter, Mr. and Mrs. Richard Boyer of Hastings, and their family.

* * *

HAD only a brief glimpse of Lt. and Mrs. Foster Woodruff (Sydna Fuchs) who were in town on Tuesday — en route from El Paso, Tex., where the army officer is stationed—to Omaha where they will spend a few days with Mrs. Woodruff's parents, Mr. and Mrs. Bert L. Fuchs, before going on to Cass Lake, Minn. In Minnesota they will be the guests of Lt. Woodruff's parents, Mr. and Mrs. Reginald Woodruff, and will be joined there later in the month by Mr. and Mrs. Fuchs.

* * *

IN town the past week-end was Mrs. George Wahlquist (Cynthia Pedley) and her three daughters, Kerstin, Libby and Sally, who were the guests of Mrs. Wahlquist's brother-in-law and sister, Mr. and Mrs. O. A. Barber, Jr. Mrs. Wahlquist and her daughters now are in Minden where they are visiting Mrs. Wahlquist's father, L. T. Pedley. Later in the week Mr. Wahlquist will come from Evanston to join his family for a visit at the home of his parents, after which the travelers will return to Lincoln for a Sunday-to-Tuesday stay.

* * *

OFF to Colorado and the mountains on Saturday will be Mrs. H. C. Mardis and her son, Hal. During their several weeks stay in the Rockies the masculine half of the pair of travelers will join a group of friends on a mountain climbing expedition.

* * *

AND we heard that Miss Mimi DuTeau is having a wonderful holiday at Cheyenne, Wyo., where she is the house guest of Dr and Mrs. W. A. Barton.

* * *

SPEAKING of travelers—Mrs. John Truell, with her son and daughter, will be leaving on Tuesday for Anchorage, Alaska where they will join Major Truell, and where the family will reside during the Major's tour of duty there.

We already have mentioned numerous farewell courtesies for Mrs. Truell, but this morning we find that two more have been added to the list — One of them was a picnic at Linoma Beach last Tuesday evening when the members of the Omaha and Lincoln Alpha Xi Delta Alumnae clubs, joined forces for a picnic—

And this morning Mrs. Truell will be honored when Mrs. C. L. Clark and Mrs. H. C. Zellers are hostesses at a coffee at the home of Mrs. Zellers. The guest list will include the Lincoln alumnae members of Alpha Xi Delta.

* * *

JUST learned of another trio of travelers—Mr. and Mrs. A. E. Loder and their daughter, Miss Jo Jen Loder, left Monday for Colorado—En route they stopped at Gothenburg where they were joined by Miss Jo Ann Norsworthy for the vacation period.

* * *

WE open our chapter on homecomers with Mr. and Mrs. George Eager who, with their daughters, Nancy and Barbara, are due home today from Evergreen, Colo., where they have been having a holiday.

AND someone told us that Dr. and Mrs. George Covey are back home from their summer trek to Wyoming where they spent a few weeks at their cabin near Buffalo.

* * *

ALSO back in town are Dr. and Mrs. Wesley C. Becker who have returned from their summer home at Pelican Lake, Minn.

* * *

NOW for the soon-to-be brides —This morning Miss Joan Hoyt, whose marriage to Merle J. Gilliam of Omaha will be solemnized on Thursday evening, Aug. 26, at St. Paul Methodist Church, is announcing the members of the bridal party. For her matron of honor Miss Hoyt has chosen her sister-in-law, Mrs. John Hoyt (Juliet Rathbone), and her maid of honor will be Miss Dorothy Nordgren of Waterloo. The threesome of bridesmaids will include Miss Donna Marquardt, Madison; Miss Lucile Larson, Omaha, and Mrs. James Winkelbauer, and small Christine Hoyt will be flower girl at the wedding of her aunt.

Harold Larsen of Omaha will serve Mr. Gilliam as best man, and seating the guests will be John Hoyt, brother of the bride-elect; James Dobson, Glen Ford and James Winkelbauer.

A Trio Of Hostesses--And Guests

It's guest week at the home of Mr. and Mrs. Robert Holbert—for Mr. Holbert's sister, Mrs. Stanley Harris — Mr. Harris and their four children, have arrived from Morgantown, W. Va. — and Mrs. Holbert's niece, Miss Sharon Richardson has come from Akron, O.

Both Mr. Holbert and Mr. Harris—and young Bill Harris were camera shy, but we have the feminine members of the families in the picture—and they are:

Seated, left to right: Mrs. Harris, Mary Nan Harris, Mrs. Holbert and Margaret Harris.

Standing, left to right: Angie Holbert, Sharon Richardson, Louise Holbert and Martha Harris.

Officers' Wives To Meet Friday

The Officers' Wives Club of the Naval Air Station will meet for a 12:30 o'clock luncheon Friday at the Compass Room. An afternoon of bridge will follow.

In charge of arrangements are Mrs. R. W. Loomis and Mrs. G. C. Sullivan.

We Hear That

Mr. and Mrs. Charles Null of Indianapolis, Ind., are announcing the birth of a son, Gregory Allen, who put in his appearance Wednesday, July 28. Mrs. Null, the former Jeanne Bartizal, daughter of Mr. and Mrs. George Bartizal of Lincoln, attended the University of Nebraska and is a member of Sigma Kappa. The baby's paternal grandparents are Mr. and Mrs. H. E. Null of Pleasant Dale, formerly of Lincoln.

Mr. and Mrs. I. C. Leath and their sons Ralph and Raymond, returned Thursday from a trip to Atchison, Kan.

LWC Group Plans Tea

The literature department of the Lincoln Woman's Club will open its fall activities on Sept. 23 with a get-acquainted tea for the department membership to be held at the home of the leader, Miss Allegra Wilkens.

Following a preliminary study of current events in literature, music and drama, the members will hear their first book review on Oct. 14, when the Rev. Vance D. Rogers, minister of Trinity Methodist Church, will present, "Recovery of Family Life," by Elton and Pauline Trueblood.

On Oct. 28, Mrs. R. W. Hill of Hebron, a past state president of the Nebraska Federation of Women's Clubs, will give a book review, and on Nov. 11, Dr. Everett Dick of Union College will present, "Our Sod House Frontier."

A talk on the Bronte sisters wil be given by Miss Ethel Booth of the Nebraska Wesleyan University faculty early in December, and on Jan. 13, Mrs. Margaret Richmond will review, "Always The Young Strangers," by Carl Sandberg.

Mrs. O. J. Bilhorne will be in charge of the literature department review on Jan. 27, and the February program will be devoted to the group's annual project.

Interest in current plays will be featured in March when a review of a Broadway play will be given by Miss Dorothy Pile, director of the Southwest Community Center, on March 10, and Mrs. Donald Waggener, a member of the club, will present a play review on March 24. The department's activities will close on April 14 with a spring party.

Miss Wilkens as leader of the department will be assisted during the coming year by Mrs. Max Lawton, assistant leader, and Mrs. J. C. McReynolds, secretary-treasurer.

Reception and door hostesses will be Mrs. Lawton, Mrs. Etta Warner, Mrs. C. R. Haines and Mrs. Griffith Jones, and members of the social committee will be Mrs. O. J. Bilhorne, Mrs. C. W. Walgren, Mrs. H. A. Schoenthal, Mrs. Edwin Yoder and Mrs. Rosa Mechling.

The project committee will include Mrs. Paul Hellbusch, Mrs. Emery Blue, Mrs. E. G. Lindholm, Mrs. F. A. Maca and Miss Susan Pillsbury, and in charge of membership are Miss Minnie Miller and Mrs. Charles Sutherland. Mrs. Nelson Berger and Mrs. G. L. Hewit are members of the telephone committee.

Bridal News Of Interest

News from the bride's book this morning has to do with brides-to-be of this week-end, one or two of late August and also a few who will be married in September.

Miss Edna Schneider, daughter of Mr. and Mrs. Adam Schneider, whose marriage to Everett C. Tahlhamer, son of Mr. and Mrs. G. A. Talhamer of Aurora, Ill., will be solemnized Saturday, August 7, was honored Wednesday evening, July 28, when her sister, Miss Dorothy Schneider, entertained at a 7:30 o'clock dessert supper and personal shower.

Miss Patty Herzog and Miss Delores Michael entertained in Miss Schneider's honor on Monday, July 19. Twenty guests were invited for the 8 o'clock affair and they presented the bride-elect with a miscellaneous shower.

We told you yesterday about Miss Carol Jensen's bridal party, but ran out of space before we had time to mention several courtesies for the bride-elect of Sunday, Sept. 19. Miss Jensen, the daughter of Mrs. A. J. Jensen, will become the bride of Lloyd L. Baer, son of Mr. and Mrs. Ben H. Baer at the First Methodist Church.

But now, on to the parties, and the evening dessert supper and miscellaneous shower on Wednesday evening, Aug. 11, which has been planned by the bride-to-be's sister-in-law, Mrs. Paul Jensen. Twelve guests have been invited for the affair.

Then on Friday, Aug. 20, Mrs. Charles Enyeart will entertain at her home in honor of the bride-elect who will be presented with a miscellaneous shower.

Miss Phyllis Weeden, daughter of Mrs. Paul E. Weeden, and the late Mr. Weeden, whose marriage to Alan Henriksen, son of Mr. and Mrs. S. E. Henriksen, will be solemnized on Saturday, Sept. 11, has been the incentive for several courtesies.

Mrs. W. F. Etmund entertained recently at a luncheon at the University Club in honor of the bride-elect. The 12 guests presented Miss Weeden with a miscellaneous shower.

Then on Wednesday, July 14, Mrs. C. N. House entertained at a dessert supper and miscellaneous shower at her home. Thirty-six guests were invited to the 8 o'clock affair.

A kitchen shower was given in honor of Miss Weeden on Wednesday evening, July 21, when Miss Ruth Gotfredson and her mother, Mrs. E. J. Gotfredson entertained at their home. Fourteen guests were invited.

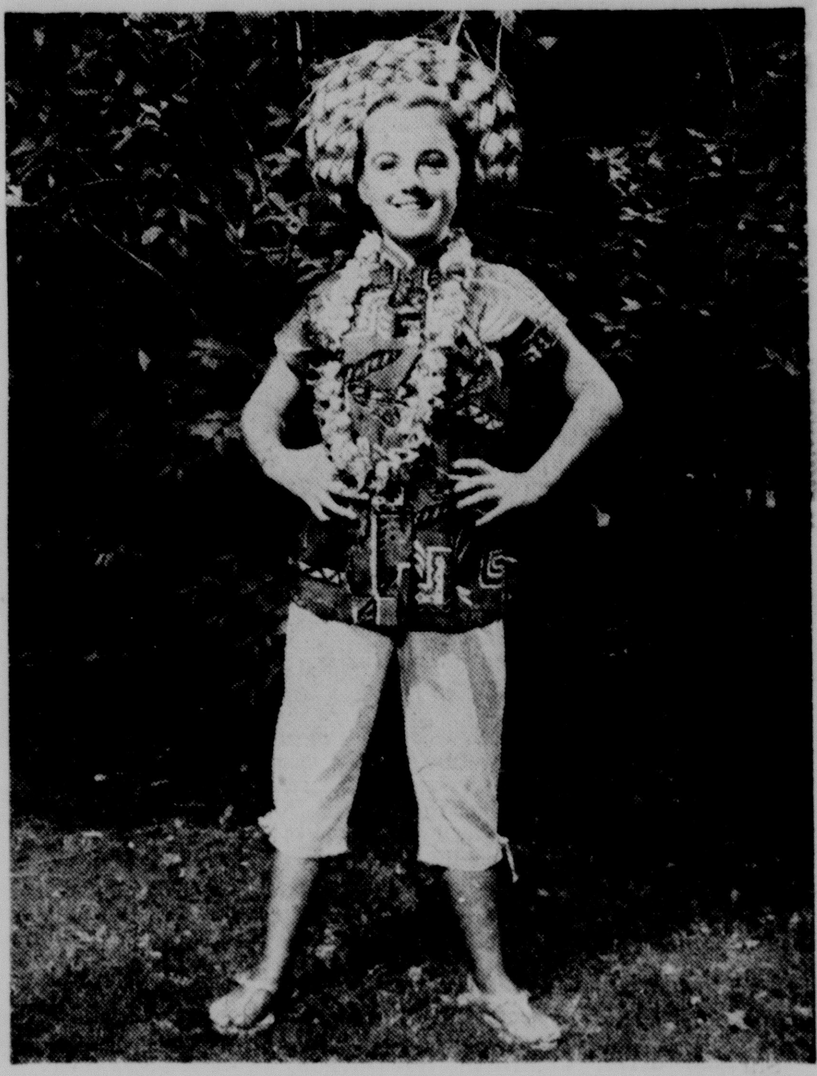
Teen-Agers End YWCA Program

The second term of the YWCA summer program for teen-agers closed Wednesday morning when the students presented a program in the form of a regular class session for their parents and friends.

More than 130 girls registered for the program which included modern and creative dancing, stunts, tumbling and swimming under the co-operation of the health education and teen-age committee of the YW.

Instructors were Miss Donna Prescott, Mrs. Patricia Coe, Miss Carol Anderson and Miss Kay Riddle.

Special -- From Hawaii



Miss Jo Mary Spangler doesn't give a fig about Christian Dior and his ideas concerning what the well dressed young woman should wear—Miss Spangler has her own thoughts on the matter of a wardrobe, and is completely enchanted with the clothes her father, J. A. Spangler, brought her from Honolulu when he returned from there Tuesday morning.

We must say that the young Miss Spangler was the envy of her contemporaries when she appeared in one of the costumes at the Lincoln Country Club on Tuesday afternoon—and a look at the picture will tell you why — Above the yellow calf-skinners, tied with perky bows—is the brown and yellow Hawaiian print shirt over which our model of Hawaiiian styles has tossed a lei of bright yellow blossoms. The big hat, with its upturned brim, is made of palm leaves and is in natural — touched with brown.

But we musn't forget the sandals which have quite the Oriental touch with the toe strap.

MRS. STANLEY CARLSON JR.

MRS. GRUENEMEYER

Branched candelabra on either side of the altar and basket arrangements of pink and white gladioli formed the background for the wedding of Miss Leona Hellstrom, daughter of Mr. and Mrs. W. Hellstrom of Stromsburg, and Stanley Carlson Jr., son of Mr. and Mrs. Stanley Carlson of Marquette, which was solemnized at 3 o'clock Sunday afternoon, August 1 at the Evangelical Covenant Church in Stromsburg. The Rev. Cecil Johnson read the lines of the ceremony and Mrs. Orion Hanson, organist, played the wedding music, and accompanied Calmar Youngquist who sang.

Shrimp-toned net over taffeta fashioned the attendants' dresses which were designed with strapless bodices completed by shoulder stoles, and very full, gathered skirts. Mrs. Donald Overfield of Buffalo, N. Y., sister of the the bride was the matron of honor, Mrs. Yvonne Ryan of Chicago, Ill., sister of the bride, was the bridesmatron and the bridesmaids were Miss JoAnne Carlson and Miss Jeanne Valencia, both of Lincoln. Debrah Johnson of Osceola was the flower girl and was frocked in net over taffeta in the shrimp tone. Jacky Overfield of Buffalo, N. Y., was the ringbearer.

French hand-clipped Chantilly lace and tulle over satin fashioned the bride's gown which featured a sculptured lace basque with a mandarin collar dotted with seed pearls and opalescent paillettes. The bouffant skirt of tulle over satin tapered into a veiled chapel train and a cap of Chantilly lace held her double, finger-tip veil of imported illusion. She carried a cascade of white chrysanthemums centered with an orchid.

Earl Wagenseller of Chicago, Ill., was the best man and Emmet Shoup of Central City, Francis Forsberg of Marquette and Delano Ahlquist of Stromsburg, were the ushers.

A reception was held in the church parlors after the ceremony. Upon their return from a wedding trip to Colorado and Yellowstone Park, the couple will reside at 3414 J St., in Lincoln. The bride wore a gray frock with white accessories for traveling.

Mr. Carlson attended North Park College in Chicago, Ill.

The altar of the First Methodist Church in Nebraska City, was decorated with fan-shaped arrangements of pink and white gladioli for the Friday evening, July 16, wedding of Miss Dorothy Ellen Huber of Lincoln, daughter of Mr. and Mrs. George Huber of Nebraska City, and Henry William Gruenemeyer. The Rev. Merrill Willis read the lines of the ceremony. Miss Carolyn Conkling sang and was accompanied by Miss Eileen Willis, organist, who also played the wedding music.

Miss Joyce Carpenter of Lincoln, the maid of honor, was frocked in green tulle over taffeta. The strapless, fitted bodice narrowed to a slender waistline, beneath which the danseuse-length skirt was caught into fullness. The bridesmaids, Miss Yvonne Huber of Lincoln, Miss Beverly Bush of Osceola, wore frocks of lavender tulle over taffeta designed similarly to that of the honor attendant. They carried colonial bouquets of yellow gladioli. Miss Beverly Ehlers and Miss Karen Huber, sister of the bride, lighted the candles and the flower girls were Linda Staack and Connie Bush.

The bride chose for her wedding a gown of white lace and tulle over satin. A lace jacket fashioned with long sleeves and a Peter-pan collar covered the strapless bodice and the tulle over satin skirt ended in a train. The lace motif was repeated on the edge of the bride's double tiered veil of illusion which was held by a crown of pearls. She carried white glamelias on a white prayer book.

Reiny Froscheiser of Omaha was the best man and the ushers were Benny Huber and Bruce Huber, brothers of the bride.

After a reception held in the church parlors, the couple left for a wedding journey to Colorado. They are now residing at 2787 So. 48 Street in Lincoln.

From Boise, Idaho, and Mountain Home Air Force Base come Lt. and Mrs. Richard E. Conner and their 15-month-old son, Patrick Michael. The Conners are residents at 1432 No. 44th, and hope the Air Force has settled them "permanently" in Lincoln. Although Lt. Conner has served 10 years in the reserve, he has not decided what to do about the future. If he completes the few hours remaining toward a political science degree in teaching, he could pursue that field.

Both Lt. and Mrs. Conner are natives of St. Paul, Minn., and attended college there. Mrs. Conner is a nurse, and returns to that profession occasionally when her husband fulfills his overseas duty, or a few weeks out of the year when she visits her family.

Ike Asks Less 'Shouting' About U.S. Leading World

WASHINGTON (AP) — President Eisenhower called Wednesday for less "shouting" about American leadership in the world because, he said, this country is merely "trying to be a good partner."

Eisenhower told a news conference, too, that America must be "more imaginative" and "less niggardly" in finding ways to combat propaganda, subversion and bribery on which he said Russia is spending billions.

Once again Eisenhower spoke out strongly against admitting Communist China to the United Nations—under present conditions But by saying we always are ready to see whether a sinner reforms and comes into the fold, he held the door open for eventual entry

Off Rocker

The President said he would be a little bit off his rocker to say he knows what conditions will be five years from now

The Senate's controversy over condemning McCarthy, he said earlier, is its business and he isn't going to attempt to evaluate its effect on the Republican party until the Senate decides what it wants to do

Yet he said that anything that tends to divide the party is something that must concern him and he must take whatever measures are available to try to avoid and ameliorate it

Chest Beating

Leading up to the bid for less chest beating about America's leadership in the world was a question on "where we go from here" with the Eisenhower plan for international pooling of atomic information and materials for peaceful purposes

Eisenhower said the Soviets didn't receive the idea favorably but he doesn't propose to be defeated by that He said he hopes it will lead to conditions in which we and our cold war enemies "could begin to talk decently and intelligently and constructively" instead of calling names and creating further division in the world"

Americans know we are peaceful have no desire to start a great cataclysmic war, and merely want for others the rights we enjoy, he said.

Poor Psychology

But he said it is poor psychology to look upon ourselves as knowing the right answers and telling the rest of the world to go along with them

"We want to do what is right, what is just and what is decent" he said "and try to get them going along because they believe in the same things"

The President opened the conference with word that he was delighted that Congress has voted for group life insurance for government employes and that Germany and Austria have said they are greatly interested in America's offer of food for areas hit by floods The White House said he meant Western Germany, which is under the Allied wing

Youths Like Fires, Matches, Engines; Set Church Ablaze

CAMDEN, N J (INS)—Two small boys have admitted setting a $45 000 fire at the Linden Baptist Church in Camden because they "like to play with matches and watch fires and fire engines"

The youngsters aged seven and nine, were placed in custody of juvenile authorities after an investigation disclosed they started a fire which damaged three Camden homes last Monday The church fire occurred July 23

Fire Inspector Walter Fredericks said he was questioning the boys, who live near the scene of the blazes, and told the older one, "You almost got burned in that fire, didn't you"

Fredericks said the youngster answered "No, it was easy It took only one match It took four matches to start the church"

Authorities said the boys are mentally retarded

Air Base Gets New Dial System

Lincoln Air Force Base not only has a new telephone number (2-9611) but also a new 800-line automatic dial system

The recently installed system replaces the 180-line manually-operated switchboard The $103-000 automatic system was designed to take care of all base phone needs at present and in the future

Under the new system, all calls other than long distance calls placed from the base and incoming calls from Lincoln can be dialed directly by the caller

Col William G Gillespie, deputy base commander, and Merle M Hale, vice president of the Lincoln Telephone and Telegraph Company, officiated at the inaugural of the new telephone system

W. Va. Drought Area

WASHINGTON (INS)—President Eisenhower designated flood-stricken sections of West Virginia as a major disaster area and allocated $61,500 for emergency federal aid to flood victims

AVILA'S HOMER BEATS YANKEES, 5-2

Lemon Holds Champs To Five Hits For 14th Win

CLEVELAND (AP)—Bob Avila whacked a three-run homer and the Indians blasted through three Yankee pitchers Wednesday night as Cleveland upped its American League lead to 2½ games in a 5-2 victory over New York.

Righthander Bob Lemon gained his 14th victory, holding the Yankees to five hits in the seven innings he worked.

The Tribe grabbed all its runs and seven hits off the veteran Allie Reynolds, who was removed for a pinch hitter in the fifth.

Vic Wertz also homered for Cleveland. The Indians got another run on a single by Jim Hegan in the same inning.

A crowd of 58,091 saw the contest.

Tenth Homer

Cleveland's third inning rally started when Sam Dente bounced a grounder over shortstop Phil Rizzuto's head and Jim Hegan walked. After Reynolds downed two Indian batters, Avila sent his 10th homer of the season into left field stands.

The New Yorkers got their two runs in the first inning. Catcher Yogi Berra singled home Gil McDougald, who had walked. Joe Collins, who had singled, scored after Irv Noren flied to left fielder Dave Pope.

Wertz' homer in the fourth inning was his sixth of the season. Dente then doubled to left and scored on Hegan's single.

It was Reynolds' third loss in 13 decisions. Eddie Lopat gave up one hit in two innings and Art Schallock yielded three hits in the last two frames.

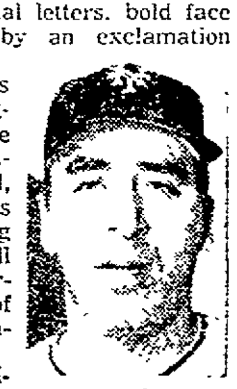
—Bad verse by Bert McGrane

Should a pitcher reveal his secrets?

Most of the old-timers will say "nix" in capital letters, bold face and banked by an exclamation point.



Sal Maglie

Yet here is old Sal Maglie, one of the craftiest hurlers around, spilling his pitching bag of tricks all over the current issue of Sport Magazine.

Says the Giant barber of barbers:

Cincinnati's Bobby Adams: "He's a cagy hitter. I try to move the ball around on him and crowd him somewhat. He doesn't seem to like that."

Chicago's Ralph Kiner: "I naturally keep the ball away from him so he can't pull it into the seats. I've had pretty good luck working him low and away, but if he guesses right with you, he is so strong he's pretty certain to murder you."

Milwaukee's Bill Bruton: "I work him high and inside and low and away. But you have to be careful not to give him the same sequence all the time. As with most leadoff hitters, he's always a bunt threat and I alert my first-and-third-baseman. Tough man."

St. Louis' Red Schoendienst: "He's just a good hitter and you do the best you can. I change on him when he's least expecting it. That works sometimes."

Pittsburgh's Sid Gordon: "Always has been a good hitter. I mix them up on him because I know he can hit either the curve or the fast one.

Philadelphia's Earl Torgeson: "He likes the fast ball over the plate, so, all things being equal, I give him the curve low and in or high and out."

Brooklyn's Duke Snider: "I move the ball around, taking speed off and putting it on when he doesn't expect me to. I'm very careful with him, of course, because one little mistake and he'll hit it as far as anybody can."

Maglie also discusses the NL ball parks and sums it all up by naming the players and park that give him his toughest pitching job.

Righthanded hitter: Jackie Robinson; lefthanded hitter: Stan Musial; peskiest righthanded hitter: Pee Wee Reese; peskiest lefthanded hitter Sol Hemus; toughest park: Ebbets Field, and toughest team (this season): Cards, with Dodgers a close second.

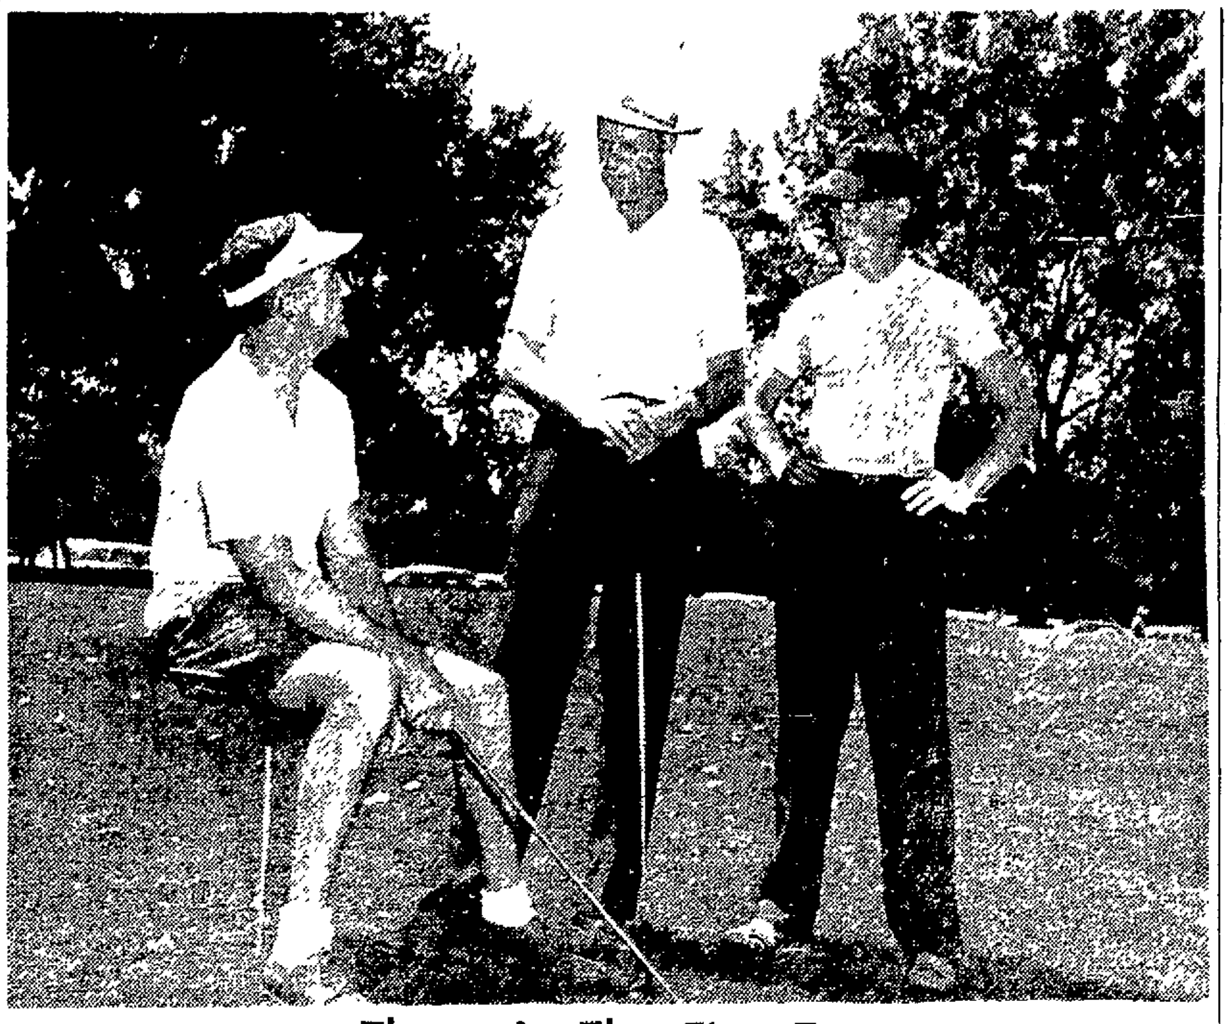
If you were to poll the Lincoln Chiefs' moundsmen, you would be apt to come up with Omaha's Jim King as the toughest batter in the Western League.

Jim has been a one-man plate scourge to the Chiefs all season.

He can slam 'em to all fields with equal authority. When he drills one through an outfield hole, his power usually carries the ball to the fence.

You always come up feeling "if you can get King out, you can beat Omaha." He's that important to the Cardinals.

Sotto to Eddie Stanky of the parent St. Louis Cardinals: King is a better looking prospect than was Wally Moon during his Western League days. Please promote the guy, as he deserves and get him out of the hair of the respective pitchers of the Western league.



Three At The First Tee

Bob Lau, Gene Chadwell and Bill Hemmer (left to right) relax Wednesday while awaiting their first round matches in the Men's City Tournament at the Lincoln Country Club. Veterans Lau and Chadwell will be back today in second round play, but the youthful Hemmer was Chadwell's victim by 3-1. **Star Photo.**

Favorites Gifford, Reed Rally For City Golf Wins

Amazing Comebacks Destroy Hopes Of Lauer, Wisbey In First Round

By BILL FITZGERALD
Star Sports Staff Member

Two upset stories faded on the late holes of the Lincoln Country Club course Wednesday afternoon, and the two favorites in the Men's City Golf Tournament broke through for victories in startling first round matches.

Yung Dick Lauer of the University of Nebraska golf team led medalist Joe Gifford Jr. through sixteen holes only to break on the seventeenth and collapse on the pay-off green.

The crowd around the scoreboards at the eighteenth green was buzzing with the report that Dale Wisbey of Hillcrest was leading highly favored Whitey Reed by two holes after the fourteenth. But Wisbey's driver went wild and Reed overtook him on the sixteenth green, beat him on the seventeenth and came down the final fairway with a birdie which defeated Wisbey, 2-up.

Paul Gillespie, the man who startled the tournament with his upset play last summer, battled Paul Hyland through 20 holes before dropping his opponent on the twenty-first in the longest match of the day.

Today the Championship flight goes into the second round with Gifford taking on Dick Spomer, a 2-1 victor over Burt Folsom; and Stan Stroh, 2-1 winner over Sig North going against Ed Taber Jr., a 4-2 conqueror of Jim Gildea.

Slick Gene Chadwell meets Bob Lau, the hot player who eliminated Bill Jennings, 5-4. Chadwell stopped young Bill Hemmer, 3-1.

Don Pegler Sr. walloped C. L. Boswell, 6-4, and will face Gillispie today in the second round.

Reed is paired against Jerry Hunt, 2-1 winner over Dean Boling, while Dick Anderson meets Don Albin in lower bracket play. Anderson stopped Dick Thoene, 3-2, and Albin beat Dr. Tom Dworak, 1-up.

Don Pegler Jr. routed Roger Gohde, 6-5, and will try Coe Dalrymple, 2-1 victor over Tom Hellender. Sam Spomer won a spot against Lee Anderson when he eliminated Lee Chapin, 3-1.

Anderson, the Lincoln High golfer of last spring, took out Frank Pickering, the steady Hillcrest veteran with the stiff swing.

Gifford was only one stroke behind crew-cut Lauer, an accurate wood man, after nine holes. But he was two down and had been three in the hole.

'Name Your Own Price' Night Tonight

Indians 'Breeze' Past Chiefs By 12-7

BY NORRIS ANDERSON
Sports Editor, The Star

It will be "Name Your Own Price" night at Sherman Field tonight as the luckless Lincoln Chiefs attempt to salvage the series finale from the lucky Wichita Indians.

For those rip-roaring Indians, the festive occasion will be old hat. They have been naming their own price at Sherman Field all season.

Admission will be free and the game will start at 8:30, instead of the usual 8 bells. All you have to do is wander through the gate and find yourself a sitspot.

Wichita inflicted an 11th straight loss on the plummeting Chiefs, 12-7, Wednesday night and now is only a half game out of sixth place. If the Chiefs lose tonight, they will find themselves in seventh spot.

Before the game was seven minutes old, the Indians had bombarded Andy Bush for a 6-0 lead. The Chiefs crept up to a 6-5 deficit in the third, but the Indians' torrent of 18 hits steadily turned the tide.

Aided generously by a 30-mile wind, the dig-in-and-swing Kansans saw two routine flies by George Hallow and Mike Columbo blown into home runs in the first as part of a six-hit attack.

Lincoln came back with three in its portion of the first, Tom Neill tagging one of Don Orwiler's 3-2 pitches for a rightfield homer with two aboard. Neill's wallop was tagged heartily enough to clear the wall if the wind had reversed.

Doubles by Red McQuillen and Johnny Jones, mixed with a wild pitch and Burt Greenstein's single, contributed two Lincoln runs in the third.

A token audience of 698 saw light in Lincoln leading by a mere run. Their hope was short-lived as Thaddeus Del Guercio's four-master in the fourth sparked a three-run uprising and caused Bush to be replaced by Norm Brown.

Wichita added an unearned run in the fifth on two walks, a sacrifice, a single by Del Guercio and an error.

The Chiefs brought it up to 10-7 in the seventh as singles by McQuillen and Whitey Wietelmann, an error and a walk spelled two runs.

The Indians, however, bounced home two clinchers in the eighth on doubles by Hallow and Bob Bareford and singles by Roy Lindquist and Dick Honacki.

The fourth Wichita pitcher, Peter Mazar, held the Chiefs well in check in the eighth and ninth.

Skipper Wietelmann will tonight toss Frank Stewart (2-3) against Wichita's righthanded Del Smith (9-5), a member of the 1953 Chiefs.

Admission will be free with patrons having the privilege of contributing financially in barrels at the gate. The donations will be strictly voluntary on the "Name Your Own Price" motif.

The idea is to determine how seriously the fans want to keep Western League baseball in Lincoln. With only 1,374 paid admissions the last two nights, the Chiefs are sagging at the home gate and in need of ready cash.

Wigwam notes . . . Red McQuillen boosted his season average to .340, making him third in the league . . . He now leads in doubles with 33 . . . Outfielder Billy Smith, who twisted an ankle Tuesday night, says he may be back in action during the week end. . . . Walt Linden aggravated an old finger injury in the seventh and was replaced by Laguna . . . Pending an X-ray, Linden may be out of action several days . . . Andy Anderson's foul over the rightfield fence in the second was thought fair by many observers. . . . Andy made it up by blasting two doubles . . . At 2:41, the game was the longest nine-inning affair of the season at Sherman Field.

AVILA'S HOMER BEATS YANKEES, 5-2

Lemon Holds Champs To Five Hits For 14th Win

CLEVELAND (AP)—Bob Avila whacked a three-run homer and the Indians blasted through three Yankee pitchers Wednesday night as Cleveland upped its American League lead to 2½ games in a 5-2 victory over New York.

Righthander Bob Lemon gained his 14th victory, holding the Yankees to five hits in the seven innings he worked.

The Tribe grabbed all its runs and seven hits off the veteran Allie Reynolds, who was removed for a pinch hitter in the fifth.

Vic Wertz also homered for Cleveland. The Indians got another run on a single by Jim Hegan in the same inning.

A crowd of 58,091 saw the contest.

Tenth Homer

Cleveland's third inning rally started when Sam Dente bounced a grounder over shortstop Phil Rizzuto's head and Jim Hegan walked. After Reynolds downed two Indian batters, Avila sent his 10th homer of the season into left field stands.

The New Yorkers got their two runs in the first inning. Catcher Yogi Berra singled home Gil McDougald, who had walked. Joe Collins, who had singled, scored after Irv Noren flied to left fielder Dave Pope.

Wertz' homer in the fourth inning was his sixth of the season. Dente then doubled to left and scored on Hegan's single.

It was Reynolds' third loss in 13 decisions. Eddie Lopat gave up one hit in two innings and Art Schallock yielded three hits in the last two frames.

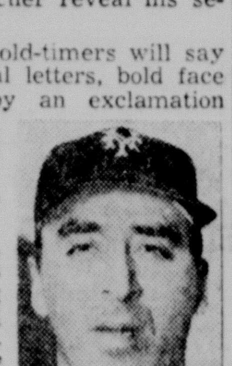
Should a pitcher reveal his secrets?

Most of the old-timers will say "nix" in capital letters, bold face and banked by an exclamation point.



Sal Maglie

Yet here is old Sal Maglie, one of the craftiest hurlers around, spilling his pitching bag of tricks all over the current issue of Sport Magazine.

Says the Giant barber of barbers:

Cincinnati's Bobby Adams: "He's a cagy hitter. I try to move the ball around on him and crowd him somewhat. He doesn't seem to like that."

Chicago's Ralph Kiner: "I naturally keep the ball away from him so he can't pull it into the seats. I've had pretty good luck working him low and away, but if he guesses right with you, he is so strong he's pretty certain to murder you."

Milwaukee's Bill Bruton: "I work him high and inside and low and away. But you have to be careful not to give him the same sequence all the time. As with most leadoff hitters, he's always a bunt threat and I alert my first-and-third-baseman. Tough man."

St. Louis' Red Schoendienst: "He's just a good hitter and you do the best you can. I change on him when he's least expecting it. That works sometimes."

Pittsburgh's Sid Gordon: "Always has been a good hitter. I mix them up on him because I know he can hit either the curve or the fast one.

Philadelphia's Earl Torgeson: "He likes the fast ball over the plate, so, all things being equal, I give him the curve low and in or high and out."

Brooklyn's Duke Snider: "I move the ball around, taking speed off and putting it on when he doesn't expect me to. I'm very careful with him, of course, because one little mistake and he'll hit it as far as anybody can."

Maglie also discusses the NL ball parks and sums it all up by naming the players and park that give him his toughest pitching job.

Righthanded hitter: Jackie Robinson; lefthanded hitter: Stan Musial; peskiest righthanded hitter: Pee Wee Reese; peskiest lefthanded hitter Sol Hemus; toughest park; Ebbets Field, and toughest team (this season); Cards, with Dodgers a close second.

If you were to poll the Lincoln Chiefs' moundsmen, you would be apt to come up with Omaha's Jim King as the toughest batter in the Western League.

'Jim has been a one-man plate scourge to the Chiefs all season.

He can slam 'em to all fields with equal authority. When he drills one through an outfield hole, his power usually carries the ball to the fence.

You always come up feeling "if you can get King out, you can beat Omaha." He's that important to the Cardinals.

Sotto to Eddie Stanky of the parent St. Louis Cardinals: King is a better looking prospect than was Wally Moon during his Western League days. Please promote the guy, as he deserves and get him out of the hair of the respective pitchers of the Western league.

Favorites Gifford, Reed Rally For City Golf Wins

Amazing Comebacks Destroy Hopes Of Lauer, Wisbey In First Round

By BILL FITZGERALD
Star Sports Staff Member

Two upset stories faded on the late holes of the Lincoln Country Club course Wednesday afternoon, and the two favorites in the Men's City Golf Tournament broke through for victories in startling first round matches.

Yung Dick Lauer of the University of Nebraska golf team led medalist Joe Gifford Jr. through sixteen holes only to break on the seventeenth and collapse on the pay-off green.

The crowd around the scoreboards at the eighteenth green was buzzing with the report that Dale Wisbey of Hillcrest was leading highly favored Whitey Reed by two holes after the fourteenth. But Wisbey's driver went wild and Reed overtook him on the sixteenth green, beat him on the seventeenth and came down the final fairway with a birdie which defeated Wisbey, 2-up.

Paul Gillespie, the man who startled the tournament with his upset play last summer, battled Paul Hyland through 20 holes before dropping his opponent on the twenty-first in the longest match of the day.

Today the Championship flight goes into the second round with Gifford taking on Dick Spomer, a 2-1 victor over Burt Folsom; and Stan Stroh, 2-1 winner over Sig North going against Ed Taber Jr., a 4-2 conqueror of Jim Gildea.

Slick Gene Chadwell meets Bob Lau, the hot player who eliminated Bill Jennings, 5-4. Chadwell stopped young Bill Hemmer, 3-1.

Don Pegler Sr. walloped C. L. Boswell, 6-4, and will face Gillispie today in the second round.

Reed is paired against Jerry Hunt, 2-1 winner over Dean Boling, while Dick Anderson meets Don Albin in lower bracket play. Anderson stopped Dick Thoene, 3-2, and Albin beat Dr. Tom Dworak, 1-up.

Don Pegler Jr. routed Roger Gohde, 6-5, and will try Coe Dalrymple, 2-1 victor over Tom Hellender. Sam Spomer won a spot against Lee Anderson when he eliminated Lee Chapin, 3-1.

Anderson, the Lincoln High golfer of last spring, took out Frank Pickering, the steady Hillcrest veteran with the stiff swing.

Gifford was only one stroke behind crew-cut Lauer, an accurate wood man, after nine holes. But he was two down and had been three in the hole.

'Name Your Own Price' Night Tonight

Indians 'Breeze' Past Chiefs By 12-7

BY NORRIS ANDERSON
Sports Editor, The Star

It will be "Name Your Own Price" night at Sherman Field tonight as the luckless Lincoln Chiefs attempt to salvage the series finale from the lucky Wichita Indians.

For those rip-roaring Indians, the festive occasion will be old hat. They have been naming their own price at Sherman Field all season.

Admission will be free and the game will start at 8:30, instead of the usual 8 bells. All you have to do is wander through the gate and find yourself a sitspot.

Wichita inflicted an 11th straight loss on the plummeting Chiefs, 12-7, Wednesday night and now is only a half game out of sixth place. If the Chiefs lose tonight, they will find themselves in seventh spot.

Before the game was seven minutes old, the Indians had bombarded Andy Bush for a 6-0 lead. The Chiefs crept up to a 6-5 deficit in the third, but the Indians' torrent of 18 hits steadily turned the tide.

Aided generously by a 30-mile wind, the dig-in-and-swing Kansans saw two routine flies by George Hallow and Mike Columbo blown into home runs in the first as part of a six-hit attack.

Lincoln came back with three in its portion of the first, Tom Neill tagging one of Don Orwiler's 3-2 pitches for a rightfield homer with two aboard. Neill's wallop was tagged heartily enough to clear the wall if the wind had reversed.

Doubles by Red McQuillen and Johnny Jones, mixed with a wild pitch and Burt Greenstein's single, contributed two Lincoln runs in the third.

A token audience of 698 saw light in Lincoln leading by a mere run. Their hope was short-lived as Thaddeus Del Guercio's four-master in the fourth sparked a three-run uprising and caused Bush to be replaced by Norm Brown.

Wichita added an unearned run in the fifth on two walks, a sacrifice, a single by Del Guercio and an error.

The Chiefs brought it up to 10-7 in the seventh as singles by McQuillen and Whitey Wietelmann, an error and a walk spelled two runs.

The Indians, however, bounced home two clinchers in the eighth on doubles by Hallow and Bob Bareford and singles by Roy Lindquist and Dick Honacki.

The fourth Wichita pitcher, Peter Mazar, held the Chiefs well in check in the eighth and ninth.

Skipper Wietelmann will tonight toss Frank Stewart (2-3) against Wichita's righthanded Del Smith (9-5), a member of the 1953 Chiefs.

Admission will be free with patrons having the privilege of contributing financially in barrels at the gate. The donations will be strictly voluntary on the "Name Your Own Price" motif.

The idea is to determine how seriously the fans want to keep Western League baseball in Lincoln. With only 1,374 paid admissions the last two nights, the Chiefs are sagging at the home gate and in need of ready cash.

Wigwam notes . . . Red McQuillen boosted his season average to .340, making him third in the league . . . He now leads in doubles with 33 . . . Outfielder Billy Smith, who twisted an ankle Tuesday night, says he may be back in action during the week end. . . . Walt Linden aggravated an old finger injury in the seventh and was replaced by Laguna . . . Pending an X-ray, Linden may be out of action several days . . . Andy Anderson's foul over the rightfield fence in the second was thought fair by many observors. . . . Andy made it up by blasting two doubles . . . At 2:41, the game was the longest nine-inning affair of the season at Sherman Field.

Earle Mack: A's Must Go

No Chance Of Keeping Club In Philadelphia, Says Manager

PHILADELPHIA (AP)—Earle Mack, vice president and general manager of the Philadelphia Athletics, said Wednesday "there isn't a chance" of keeping the club in Philadelphia from a plain dollars and cents standpoint.

At the same time, Mack set at $4,500,000 the offer made for the Athletics by a Kansas City syndicate led by Arnold Johnson, of Chicago.

Earle's statement was the latest in a series of exchanges between Earle and his older brother, Roy, the team's executive vice president. Roy has been one of those behind the movement to keep the A's in Philadelphia and has said he has high hopes of raising enough money to buy out his brother and their father, Connie Mack Sr.

"Roy talks big," said Earle today, "but we don't have a dime."

'Little Hope'

Earle said he had little hope anything would develop at an A's board of directors meeting scheduled for Aug. 11 by way of keeping the team here.

"If Roy comes up with the money, we will sell to him," Earle said. "But I don't think Roy has a chance of meeting my price at that time. He must come up with an awful lot of money."

Earle said the Johnson bid "is the only actual offer we received. The others are a lot of rumors." The others have included reports the Athletics might move to Dallas, Seattle, and other points West.

'Awfully Good'

Earle Mack said the Johnson bid "is an awfully good offer, a half million dollars more than was published in the papers. I think he'd go more, if they kept bidding."

Johnson said previously in New York that he wanted word from the Athletics front office on his offer within a week or two.

Earle said the recent "Save the A's" campaign among Philadelphia business and civic leaders—a drive that met with little response—made Roy appear a "martyr" at Earle's expense.

"Dad and I certainly want to keep the team in Philadelphia," said Earle, "but there isn't a chance as far as finances are concerned.

"We prefer to sell to a Philadelphia group. We hoped someone would make a bid for the club. So far, with the exception of one young fellow, they haven't."

Earle did not identify the "young fellow."

Matt Batts Is Chicago Hero As Red Sox Are Beaten, 6-5

CHICAGO (AP) — A bases-loaded single by catcher Matt Batts in the 10 inning Wednesday gave the Chicago White Sox a 6-5 victory over the Boston Red Sox, who rallied to force the game into overtime after seven scoreless innings.

Relief pitcher Ellis Kinder had walked Nelson Fox, George Kell and Jim Rivera to set the stage for Batts' hit.

Ted Williams' three-run homer, his 19th of the year, and a pinch double by Don Lenhardt had enabled the Bostonians to tie the score against Billy Pierce after Phil Cavarretta hit a grand-slam homer for the White Sox in the first inning.

A single by Chico Carrasquel and walks to Fox and Minnie Minoso loaded the bases for the White Sox in the first when Cavarretta belted a home run into the right field lower deck. Rookie Russ Kemmerer, victim of the blast, gave up a single to Fox in the third and hit Minoso with a pitch. His successor, Skinny Brown, walked Batts with the bases full to force in the Sox' fifth run.

Thompson Hit Nips Cubs 4-3

NEW YORK (AP) — Henry Thompson's single with two out in the 11th inning scored Westrum from second base with the winning run as the New York Giants extended their winning streak to six straight Wednesday with a 4-3 triumph over the Chicago Cubs.

Thompson's game-winning blow enabled Don Liddle, fourth Giant pitcher in the game, to receive credit for the victory, his fifth against three defeats. The little lefthander deserved the victory as he hurled four-hit, runless ball through the last seven innings.

Johnny Klippstein was charged with the defeat but he, too, hurled airtight ball after relieving starter Paul Minner in the fourth. Klippstein permitted six hits in seven innings and held the Giants scoreless until the fatal 11th.

Westrum opened the final round with a single and was sacrificed to second by Liddle. After Whitey Lockman was intentionally passed, Klippstein appeared to have eased himself out of the tight jam by getting Alvin Dark to fly out. Thompson, however, cracked a long single to right, his third hit of the game, to score Westrum.

Storz Legion Nips Hastings Nine, 2-0

COLUMBUS, Neb. (AP) — Omaha Storz handed Hastings, defending state champion, a 2-0 defeat in the American Legion Class A junior baseball tourney here Wednesday night to force a playoff between the two Thursday night.

Hastings had entered the game with a 2-0 record in the double elimination affair and needed only a win to retain the title.

Dwight Siebler set Hastings down with three hits while Joe Hill held Storz to four.

The winning run was scored in the first inning when Jim Blair singled, was sacrificed to second and scored on Tom Molner's hit.

Earle Mack: A's Must Go

No Chance Of Keeping Club In Philadelphia, Says Manager

PHILADELPHIA (AP)—Earle Mack, vice president and general manager of the Philadelphia Athletics, said Wednesday "there isn't a chance" of keeping the club in Philadelphia from a plain dollars and cents standpoint.

At the same time, Mack set at $4,500,000 the offer made for the Athletics by a Kansas City syndicate led by Arnold Johnson, of Chicago.

Earle's statement was the latest in a series of exchanges between Earle and his older brother, Roy, the team's executive vice president. Roy has been one of those behind the movement to keep the A's in Philadelphia and has said he has high hopes of raising enough money to buy out his brother and their father, Connie Mack Sr.

"Roy talks big," said Earle today, "but we don't have a dime."

'Little Hope'

Earle said he had little hope anything would develop at an A's board of directors meeting scheduled for Aug. 11 by way of keeping the team here.

"If Roy comes up with the money, we will sell to him," Earle said. "But I don't think Roy has a chance of meeting my price at that time. He must come up with an awful lot of money."

Earle said the Johnson bid "is the only actual offer we received. The others are a lot of rumors." The others have included reports the Athletics might move to Dallas, Seattle, and other points West.

'Awfully Good'

Earle Mack said the Johnson bid "is an awfully good offer, a half million dollars more than was published in the papers. I think he'd go more, if they kept bidding."

Johnson said previously in New York that he wanted word from the Athletics front office on his offer within a week or two.

Earle said the recent "Save the A's" campaign among Philadelphia business and civic leaders—a drive that met with little response—made Roy appear a "martyr" at Earle's expense.

"Dad and I certainly want to keep the team in Philadelphia," said Earle, "but there isn't a chance as far as finances are concerned.

"We prefer to sell to a Philadelphia group. We hoped someone would make a bid for the club. So far, with the exception of one young fellow, they haven't."

Earle did not identify the "young fellow."

Matt Batts Is Chicago Hero As Red Sox Are Beaten, 6-5

CHICAGO (AP) — A bases-loaded single by catcher Matt Batts in the 10 inning Wednesday gave the Chicago White Sox a 6-5 victory over the Boston Red Sox, who rallied to force the game into overtime after seven scoreless innings.

Relief pitcher Ellis Kinder had walked Nelson Fox, George Kell and Jim Rivera to set the stage for Batts' hit.

Ted Williams' three-run homer, his 19th of the year, and a pinch double by Don Lenhardt had enabled the Bostonians to tie the score against Billy Pierce after Phil Cavarretta hit a grand-slam homer for the White Sox in the first inning.

A single by Chico Carrasquel and walks to Fox and Minnie Minoso loaded the bases for the White Sox in the first when Cavarretta belted a home run into the right field lower deck. Rookie Russ Kemmerer, victim of the blast, gave up a single to Fox in the third and hit Minoso with a pitch. His successor, Skinny Brown, walked Batts with the bases full to force in the Sox' fifth run.

Thompson Hit Nips Cubs 4-3

NEW YORK (AP) — Henry Thompson's single with two out in the 11th inning scored Westrum from second base with the winning run as the New York Giants extended their winning streak to six straight Wednesday with a 4-3 triumph over the Chicago Cubs.

Thompson's game-winning blow enabled Don Liddle, fourth Giant pitcher in the game, to receive credit for the victory, his fifth against three defeats. The little lefthander deserved the victory as he hurled four-hit, runless ball through the last seven innings.

Johnny Klippstein was charged with the defeat but he, too, hurled airtight ball after relieving starter Paul Minner in the fourth. Klippstein permitted six hits in seven innings and held the Giants scoreless until the fatal 11th.

Westrum opened the final round with a single and was sacrificed to second by Liddle. After Whitey Lockman was intentionally passed, Klippstein appeared to have eased himself out of the tight jam by getting Alvin Dark to fly out. Thompson, however, cracked a long single to right, his third hit of the game, to score Westrum.

Storz Legion Nips Hastings Nine, 2-0

COLUMBUS, Neb. (AP) — Omaha Storz handed Hastings, defending state champion, a 2-0 defeat in the American Legion Class A junior baseball tourney here Wednesday night to force a playoff between the two Thursday night.

Hastings had entered the game with a 2-0 record in the double elimination affair and needed only a win to retain the title.

Dwight Siebler set Hastings down with three hits while Joe Hill held Storz to four.

The winning run was scored in the first inning when Jim Blair singled, was sacrificed to second and scored on Tom Molner's hit.

—4,000 Deer And 500 Antelope—

Big Game Permits To Be Determined In Drawing

A last minute flood of applications for big game hunting permits has made it necessary to have a drawing to determine who will receive the 4,000 deer and 500 antelope permits. More than half of the 5,653 applications were received the last three days previous to the closing date at the Nebraska Game, Forestation and Parks Commission in Lincoln.

In Area I, there were 1,804 applications for the 1,500 allowable deer permits; Area II, 2,157 applications for 1,500 deer permits; Area III, 879 applications for 500 permits and Area IV, 1,294 applications for 500 deer permits. In the antelope area there were 519 applications for 500 permits.

The drawing for the permits will be held upon completion of processing the applications, probably the first week in August. The lucky hunters, who will get big game permits, will be notified at a later date. Refund checks will be mailed to the unsuccessful applicants, who should receive them by Aug. 15.

Issuing of antelope permits will have priority over the deer season permits due to the earlier opening season date.

Most of the two-day meeting will be spent in study of the budget for the next biennium. This will be an exceedingly difficult problem as this period of time will cover the major part of the transition period from the present organization structure to the new reorganized operation.

Under the new plan, there will be five district headquarters set up throughout the state. Each headquarters will be staffed with a game manager, land manager fish manager, chief conservation officer and a construction crew and foreman.

It is believed that the new plan will enable the Nebraska Game Commission to take advantage of all of the federal aid available through the 11 per cent federal tax on arms and ammunition and also fishing tackle. In the past, due to high fixed overhead, the commission has not had enough matching money to utilize all of this federal money. The state must match each 75 cents of federal aid money with 25 cents of its own funds.

The Nebraska Game, Forestation and Parks Commission was represented at the Central Flyway Council meeting at Pierre, S.D., by Harvey Miller, the commission's duck biologist.

Each summer representatives from state game commissions in the Central Flyway hold a meeting to form co-ordinated recommendations for the coming waterfowl season and to select delegates to attend the National Waterfowl Council Advisory Board meeting in Washington, D.C. The National Council gives consideration to the recommendations of the delegates from each of the flyways, along with other recommendations and requests from sportsmen's organizations such as Duck's Unlimited, Ike Walton League, etc.

The 1954 waterfowl hunting regulations are formulated after the National Waterfowl Council makes its recommendations to the Fish and Wildlife Service.

The next meeting of the Nebraska Game, Forestation and Parks Commission, Aug. 13-14, will be concerned with further work on the reorganization plan and budget approval and planning.

Peru Coeds Swim Seven Total Miles

PERU—Seven miles in a little over seven hours is the combined distance swimming record of four women at Peru State College. The future "channel swimmers" were attending the summer session at Peru State.

One swimmer—Rose Pfiefer of Spencer—set a new distance record at the school by swimming 252 lengths of the 60-foot Peru State pool. The four-mile distance was completed in four hours and ten minutes.

The other swimmers—Beverly Rist of Humbolt, Nancy Taggart of Peru and Marguerite Haugen, dean of women at Peru State—each swan 88 lengths, or one mile. Their time was "about an hour", according to Phyllis Dividson, director of physical education for women.

Miss Pfiefer's record broke one set in 1952 by Dorothy Erhart of Talmadge, Neb. Her distance was 2¼ miles. Miss Rist, Miss Taggart and Miss Pfiefer were in the advanced swimming class and Miss Haugen was swimming for recreation.

"Most girls in advanced swimming classes at Peru State swim one mile before they complete the course, but Rose is the first to swim four miles," Miss Davidson said.

No distance record has been established at the college for men's distance swimming.

—4,000 Deer And 500 Antelope—

Big Game Permits To Be Determined In Drawing

A last minute flood of applications for big game hunting permits has made it necessary to have a drawing to determine who will receive the 4,000 deer and 500 antelope permits. More than half of the 5,653 applications were received the last three days previous to the closing date at the Nebraska Game, Forestation and Parks Commission in Lincoln.

In Area I, there were 1,804 applications for the 1,500 allowable deer permits; Area II, 2,157 applications for 1,500 deer permits; Area III, 879 applications for 500 permits and Area IV, 1,294 applications for 500 deer permits. In the antelope area there were 519 applications for 500 permits.

The drawing for the permits will be held upon completion of processing the applications, probably the first week in August. The lucky hunters, who will get big game permits, will be notified at a later date. Refund checks will be mailed to the unsuccessful applicants, who should receive them by Aug. 15.

Issuing of antelope permits will have priority over the deer season permits due to the earlier opening season date.

The Nebraska Game, Forestation and Parks Commission was represented at the Central Flyway Council meeting at Pierre, S.D., by Harvey Miller, the commission's duck biologist.

Each summer representatives from state game commissions in the Central Flyway hold a meeting to form co-ordinated recommendations for the coming waterfowl season and to select delegates to attend the National Waterfowl Council Advisory Board meeting in Washington, D.C. The National Council gives consideration to the recommendations of the delegates from each of the flyways, along with other recommendations and requests from sportsmen's organizations such as Duck's Unlimited, Ike Walton League, etc.

The 1954 waterfowl hunting regulations are formulated after the National Waterfowl Council makes its recommendations to the Fish and Wildlife Service.

The next meeting of the Nebraska Game, Forestation and Parks Commission, Aug. 13-14, will be concerned with further work on the reorganization plan and budget approval and planning.

Most of the two-day meeting will be spent in study of the budget for the next biennium. This will be an exceedingly difficult problem as this period of time will cover the major part of the transition period from the present organization structure to the new reorganized operation.

Under the new plan, there will be five district headquarters set up throughout the state. Each headquarters will be staffed with a game manager, land manager fish manager, chief conservation officer and a construction crew and foreman.

It is believed that the new plan will enable the Nebraska Game Commission to take advantage of all of the federal aid available through the 11 per cent federal tax on arms and ammunition and also fishing tackle. In the past, due to high fixed overhead, the commission has not had enough matching money to utilize all of this federal money. The state must match each 75 cents of federal aid money with 25 cents of its own funds.

Provided that the City of Lincoln shall have the option of redeeming as a whole or in part bonds numbered 336 to 1500 inclusive, at any time after five years from the date of the bonds upon publication of notice of redemption, as provided in the form of bond set forth in section 3 of this ordinance. Said bonds shall bear interest as follows: Bonds Nos. 1 to 405 becoming due on July 1 of each of the years 1955 to 1960 inclusive at the rate of 2¾% per annum; Bonds Nos. 406 to 770 becoming due on July 1 of each of the years 1961 to 1965 inclusive at the rate of 1¼% per annum; Bonds Nos. 771 to 1165 becoming due on July 1 of each of the years 1966 to 1970 inclusive at the rate of 1½% per annum; and Bonds Nos. 1166 to 1500 becoming due on July 1 of each of the years 1971 to 1974 inclusive at the rate of 1¾% per annum, payable semi-annually on the first day of January and the first day of July of each year, and both principal of and interest on said bonds shall be paid at the office of the County Treasurer of Lancaster County, in the City of Lincoln, Nebraska, and that the full faith and credit and resources of the City of Lincoln be pledged for the payment of the principal of and the interest on said bonds at maturity; that said bonds shall be signed by the Mayor and attested by the City Clerk of the City of Lincoln, and shall have affixed thereto the seal of the City of Lincoln; and interest maturing on said bonds shall be evidenced by coupons thereto attached, maturing on the several days when such interest on said bonds matures; and that such coupons shall be signed by the Mayor and City Clerk of the City of Lincoln by their facsimile signatures.

That said bonds shall be recorded in the office of the City Clerk of the City of Lincoln, Nebraska, and registered in the office of the Auditor of Public Accounts of the State of Nebraska, and in the office of the County Clerk of Lancaster County, Nebraska, as provided by law.

Section 3. That said bonds and coupons thereto attached shall be in substantially the following form:

(FORM OF BOND)

"UNITED STATES OF AMERICA
STATE OF NEBRASKA
COUNTY OF LANCASTER
CITY OF LINCOLN

No. $1,000.00

KNOW ALL MEN BY THESE PRESENTS: That the City of Lincoln, in the County of Lancaster, and State of Nebraska, for value received hereby acknowledges itself indebted to and promises to pay the bearer the sum of One Thousand Dollars lawful money of the United States of America on the first day of July, 19 , with interest thereon from the date hereof until paid, at the rate of per cent (%) per annum, payable semi-annually on the first day of January and July of each year after the date hereof until the principal sum shall be paid, upon the presentation and surrender of the proper interest coupons hereto attached as they severally become due. Both principal and interest of this bond are payable at the office of the County Treasurer of Lancaster County, Nebraska, in the City of Lincoln, Nebraska, and the City of Lincoln is hereby held and firmly bound and its faith and credit and all the resources of said city are hereby pledged for the prompt payment of the principal and interest of this bond.

This bond is issued under and pursuant to and in conformity with the Constitution and statutes of the State of Nebraska, and the Charter of the City of Lincoln, Nebraska, and particularly Section 3f of Article IX of said Charter, for the purpose of erecting a public building to be used as a city auditorium and equipping the same.

This bond is one of an authorized issue of One Million Five Hundred Thousand Dollars ($1,500,000.00) of the denomination of $1,000.00 each, numbered from No. 1 to No. 1,500 inclusive, and said bonds numbered 336 to 1,500 shall be redeemable as a whole or in part at any time on or after July 1, 1959, at par and accrued interest thereon to the redemption date. If less than all of said bonds are alled for redemption at any time, the bonds to be redeemed shall be selected by lot in any usual manner.

Notice of redemption of any or all of said bonds, specifying the number thereof and date of redemption, shall be given by publication of a notice in The Daily Bond Buyer published in the City of New York in the State of New York (or in lieu of publication in the Daily Bond Buyer, in at least one daily newspaper printed in the English language and customarily published on each business day of general circulation in the City of Chicago Illinois, and in one daily newspaper printed in the English language and customarily published on each business day of general circulation in the City of Lincoln, Nebraska), such publication to be made at least once not less than thirty days prior to the date fixed for redemption, and when any of said bonds shall have been called for redemption and payment made or provided for, interest thereon shall cease from and after the date so specified.

It is hereby certified, recited and declared that all acts, conditions and things required to be done and to exist precedent to and in the issuance of this bond, exist and have been done and performed in due time, form and manner as required by law and that the total indebtedness of the said city, including this bond, does not exceed any constitutional, statutory or charter limitation.

IN WITNESS WHEREOF, the City of Lincoln, by its City Council has caused this bond to be signed by its Mayor and attested by its City Clerk, and its corporate seal to be hereto affixed, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said Mayor and City Clerk all as of the 1st day of July, 1954.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Up until right here our Republican Congress has appropriated $6,600,000,000 less than the last two semesters of the Democratic parliament.

Which averages $3,300,000,000 a year in hypothetical escrow. If that's hay it's all clover.

That's because it hasn't been printed yet. There is no stockpile of green and gold unless it's autumn leaves. The important ingredient in financing a government is getting an economy we can afford.

There are 67,000 fewer civilian employees in Washington and nepotism has been reduced from blood relatives to transfusions.

Market Weathers Prolonged Selloff

NEW YORK (AP) — The stock market weathered an extremely sharp selloff Wednesday, rebounding to a steady position by the close.

The tremendous activity generated by a prolonged selling wave and an equally vigorous recovery pushed volume to 3,620,000 shares from 2,970,000 Tuesday. It was the most active session since Jan. 17, 1951, when volume totaled 3,860,000 shares.

The Associated Press average of 60 stocks dipped 20 cents from its highest level since 1929 to $134.20. But this decline was actually caused by several stocks which traded ex-dividend Wednesday.

The market started as if to continue its weeklong advance with aircrafts and railroads finding ready buyers. Then, shortly before noon, selling orders began to pour into brokerage houses.

Stocks hardest hit during the sakeout were the aircrafts, carriers, steels and copper mining companies—those rising most sharply earlier this week. Declines extended to 5½ points but were mostly around 2 points.

Shortly after noon, the trading pace slackened slightly, and almost immediately aircrafts began to resume their rise. They were followed upward by motors and motion pictures. However, steels and chemicals continued at depressed levels, though above their lows. Shortly before the close, railroads, distillers, oils and copper mining issues lost their upward momentum and turned irregular.

The American Stock Exchange was narrowly mixed as volume climbed to 700,000 shares from 630,000 Tuesday.

BOND MARKET

NEW YORK (AP)—The corporate bond market turned in a mixed performance Wednesday with the only show of strength displayed by rails.

In the over-the-counter market, the Treasury's 30-year 3¼s held unchanged but most intermediate and long term issues dropped 2-32 after reports from Washington that Treasury Secretary Humphrey would ask the Senate Thursday for a 10 billion dollar increase in the federal debt limit.

Volume in the corporate market was $3,850,000 par value, drown from $4,210,000 Tuesday.

AP COMMODITY INDEX

NEW YORK—The Associated Press weighted wholesale price index of 35 commodities Tuesday declined to 170.31—new 1954 low.

Previous day 170.58, week ago 171.54, month ago 172.00, year ago 179.68

Rust Disease Ups Spring Wheat Tag

CHICAGO (AP)—Wheat advanced while feed grains and soybeans, after firming early, closed with an easy tone on the Board of Trade Wednesday. Rye rose in sympathy with wheat.

The advance in wheat was attributed to more reports of rust in spring wheat, a bullish private crop forecast on spring wheat and firmness in northwestern cash markets. Cash wheat gained 1¼ cents at Minneapolis.

Wheat closed 1⅞-2⅞ higher, corn ⅛-¼ lower, oats ⅛-⅛ lower, rye ¾ to 1 cent higher, soybeans 1¼-2¼ lower and lard 13 to 25 cents a hundred pounds higher.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 18, 1954, for the construction of paving in Paving District No. 1310, being the paving in 19th Street from Calvert Street to Bancroft Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this paving is $3,700.00.

Each proposal must be accompanied by a certified check for $185.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

5 Extra Days Given City Water Line Builder

By BILL DOBLER
Star Staff Writer

City officials and representatives of the firm laying the city's nearly $3 million 48-inch pipe line from Ashland to Lincoln have agreed upon a five-day extension of the completion date for the line.

The contractor, Charles F. Smith & Sons of Dayton, O., had requested a 56-day extension due to delays caused by the city's failure to acquire the necessary right-of-way. City Engineer D. L. Erickson, however, stated the delay was only for five days on a section of land through Ashland.

According to Mayor Clark Jeary, Smith requested 56 days on speculation that a five day delay in good weather might be equivalent to much more if it ran construction into bad winter weather.

The contractor, Jeary said, was perfectly agreeable to the extension granted. This will carry completion of line up to April 20 if all the time is used by Smith.

Erickson stated, however, that he felt the contractor will still finish the big main well before the old April 15 deadline. Completion of the line beyond the time approved by the city would cost the contractor $1,000 a day in penalties.

Had the 56-day extension been granted, it could have meant the line would not be finished until June 10, 1955. This would carry the work into what could possibly be a critical water use period.

Even after the vital main is completed, a period of not more than two weeks is needed to test the line. This, with the requested extension, would have moved actual use of the line up to June 24.

Restrictions were placed on the use of water on June 13, 1952 when consumption hit an all time peak of 34.1 million gallons per day.

Dr. Sheppard Reads Bible, Cops Give Up

CLEVELAND—(INS)— Frustrated police called a halt to the questioning of Dr. Samuel Sheppard Wednesday—after the accused killer began reading a Bible placidly during interrogations.

Police Chief Frank Story, muttering "We're not going to get any information from him." ordered the fruitless questioning stopped.

He said that in spite of the defiant doctor's silence, other developments made police "more confident than ever" of their circumstantial evidence pointing to "Dr. Sam" as the savage bludgeon-killer of pregnant Marilyn Sheppard.

While the 30-year-old osteopath relaxed impassively in his cell to await an Aug. 7 hearing on first degree murder charges, Capt. David Kerr of homicide was re-enacting the crime in the doctor's sprawling Bay Village home.

Capt. Kerr announced that after running through "Dr. Sam's" version of his wife's slaying, he found the story "implausible."

Meantime, in Cleveland, Chief Story was checking a possible new "mystery woman" in the baffling murder case.

She is "Margo" (last name unknown), a California nurse with whom suave "Dr. Sam" is said to have been very friendly in 1950.

Bids On Transformers Exceed Estimate; Rejection Is Likely

Bids in excess of the city engineer's estimate are likely to be rejected for the purchase of nine electric transformers to build up the city's power supply.

The low bidder at the City Hall on supplying the transformers was the Central Transformer Corp. of Pine Bluff, Ark., with a figure of $9,129. The estimate was $8,000.

Assuming that the preliminary tabulation of the bids is correct, said City Engineer D. L. Erickson, then all bids would be rejected.

The transformers are to be used to increase voltage distribution. Drops in voltage have been experienced due to excessive power demands, attributed in a large part to increased use of air conditioning.

The drops in voltage have necessitated the shut down of water pumps at vital times to supply power to other customers on city power lines. The new transformers are to correct this situation.

Mild Upset

In another mild upset in the routine of getting bids, the T. M. Vaughn Construction Co. of St. Joseph, Mo., submitted the low bid of $40,760.25 for construction of a water district in the Lincoln Home Builders rental housing project in Havelock.

Vaughn under bid four Lincoln firms for the job. The project calls for a water district from 48th to 56th between Fremont and Ervin.

One bid, that of the Capital Bridge Co. of Lincoln, was received for the estimated $30,000 enlargement and reconstruction of the Antelope Creek conduit at Y. The bid was $26,845.

Other projects and the low bidder:

Sewer district from 49th to 56th between Benton and Ervin, Dobson and Robinson Construction Co., $11,634.

Graveling of Judson, 46th to 48th, Hopper Bros., Weeping Water, $467.50.

Furnishing service drop cable for the light department, Western Electric Supply Co., $1,228.18.

G. A. Shepherd Ordered To Make Appearance

The Federal District Court appearance of Gordon Allen Shepherd, 43, of Bigelow, Mo., on a writ of habeas corpus has been ordered for Saturday morning.

Shepherd is being held on a federal complaint alleging that he transported forged and fictitious securities in interstate commerce.

He is being held in the federal cell at the Lincoln municipal jail following arraignment before a U. S. commissioner, who fixed bond at $3,000.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk up to 10 o'clock a.m., Central Standard Time, Wednesday, August 18, 1954, for the construction of the sewer in Sewer District No. 361, being the sewer in Groveland Street from 9th Street to Lewis Avenue, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this sewer is $2,200.00.

Each proposal must be accompanied by a certified check for $110.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

West Van Dorn Crash Hurts 3

Three persons were treated for injuries at St. Elizabeth hospital Wednesday night when the car in which they were riding was involved in a collision on West Van Dorn.

They were injured when the car in which they were riding and driven by William Van Dyke, 5801 Fremont, entered Van Dorn from a driveway and came in collision with a west bound auto driven by Bill Brennan, 1919 Washington.

Mrs. Van Dyke and Mrs. Herman Maul, 111 Huskerville, were treated for cuts and bruises and released. Mr. Maul was admitted to the hospital for treatment of lacerations of the face.

Notice of City Council Hearing on Application for Additional Use Permit

Notice is hereby given that the City Council of the City of Lincoln, Nebraska, will hold a hearing on Monday, August 9, 1954, at 1:30 o'clock p.m., in the Council Chamber of the City Hall, to consider the following application for additional use permit for operation under the zoning ordinance of said city:

Application of Consumers Public Power District for a permit to construct an electric sub-station on a forty-five foot lot between Apple and Y Streets and between 33rd and 34th Streets.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 18, 1954, for the construction of paving in Paving District No. 1301, being the paving in Greenwood Street from 54th Street to 56th Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this paving is $5,500.00.

Each proposal must be accompanied by a certified check for $275.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

Bait Dangled

TOKYO (INS) — Communist China dangled the bait of greater trade before Japan in a bid for recognition of the Red government. Peiping Radio reported that a Japanese "peace delegation" visiting Red China was offered "normal relations" if Japan would recognize the Red government and cease following the "hostile policy" of the United States.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m. Central Standard Time, Wednesday, August 11, 1954, for the construction of the water main in Water District No. 358, being the water main in 39th Street from Smith Street to Sewell Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of the water main is $6,700.00.

Each proposal must be accompanied by a certified check for $335.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

Market Weathers Prolonged Selloff

NEW YORK (AP) — The stock market weathered an extremely sharp selloff Wednesday, rebounding to a steady position by the close.

The tremendous activity generated by a prolonged selling wave and an equally vigorous recovery pushed volume to 3,620,000 shares from 2,970,000 Tuesday. It was the most active session since Jan. 17, 1951, when volume totaled 3,860,000 shares.

The Associated Press average of 60 stocks dipped 20 cents from its highest level since 1929 to $134.20. But this decline was actually caused by several stocks which traded ex-dividend Wednesday.

The market started as if to continue its weeklong advance with aircrafts and railroads finding ready buyers. Then, shortly before noon, selling orders began to pour into brokerage houses.

Stocks hardest hit during the sakeout were the aircrafts, carriers, steels and copper mining companies—those rising most sharply earlier this week. Declines extended to 5⅝ points but were mostly around 2 points.

Shortly after noon, the trading pace slackened slightly, and almost immediately aircrafts began to resume their rise. They were followed upward by motors and motion pictures. However, steels and chemicals continued at depressed levels, though above their lows. Shortly before the close, railroads, distillers, oils and copper mining issues lost their upward momentum and turned irregluar.

The American Stock Exchange was narrowly mixed as volume climbed to 700,000 shares from 630,000 Tuesday.

BOND MARKET

NEW YORK (AP)—The corporate bond market turned in a mixed performance Wednesday with the only show of strength displayed by rails.

In the over-the-counter market, the Treasury's 30-year 3¼s held unchanged but most intermediate and long term issues dropped 2-32 after reports from Washington that Treasury Secretary Humphrey would ask the Senate Thursday for a 10 billion dollar increase in the federal debt limit.

Volume in the corporate market was $3,850,000 par value, drown from $4,240,000 Tuesday.

AP COMMODITY INDEX

NEW YORK—The Associated Press weighted wholesale price index of 35 commodities Tuesday declined to 170.31—new 1954 low.

Previous day 170.58, week ago 171.54, month ago 172.00, year ago 179.68.

Rust Disease Ups Spring Wheat Tag

CHICAGO (AP)—Wheat advanced while feed grains and soybeans after firming early, closed with an easy tone on the Board of Trade Wednesday. Rye rose in sympathy with wheat.

The advance in wheat was attributed to more reports of rust in spring wheat, a bullish private crop forecast on spring wheat and firmness in northwestern cash markets. Cash wheat gained 4¼ cents at Minneapolis.

Wheat closed 1⅞-2⅞ higher, corn ⅛-⅝ lower, oats ⅛-½ lower, rye ½ to 1 cent higher, soybeans 1¾-2¾ lower and lard 13 to 25 cents a hundred pounds higher.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 18, 1954, for the construction of paving in Paving District No. 1310, being the paving in 19th Street from Calvert Street to Bancroft Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estitmate of the cost of this paving is $3,700.00.

Each proposal must be accompanied by a certified check for $185.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

5 Extra Days Given City Water Line Builder

By BILL DOBLER
Star Staff Writer

City officials and representatives of the firm laying the city's nearly $3 million 48-inch pipe line from Ashland to Lincoln have agreed upon a five-day extension of the completion date for the line.

The contractor, Charles F. Smith & Sons of Dayton, O., had requested a 56-day extension due to delays caused by the city's failure to acquire the necessary right-of-way. City Engineer D. L. Erickson, however, stated the delay was only for five days on a section of land through Ashland.

According to Mayor Clark Jeary, Smith requested 56 days on speculation that a five day delay in good weather might be equivalent to much more if it ran construction into bad winter weather.

The contractor, Jeary said, was perfectly agreeable to the extension granted. This will carry completion of line up to April 20 if all the time is used by Smith.

Erickson stated, however, that he felt the contractor will still finish the big main well before the old April 15 deadline. Completion of the line beyond the time approved by the city would cost the contractor $1,000 a day in penalties.

Had the 56-day extension been granted, it could have meant the line would not be finished until June 10, 1955. This would carry the work into what could possibly be a critical water use period.

Even after the vital main is completed, a period of not more than two weeks is needed to test the line. This, with the requested extension, would have moved actual use of the line up to June 24.

Restrictions were placed on the use of water on June 13, 1952 when consumption hit an all time peak of 34.1 million gallons per day.

Dr. Sheppard Reads Bible, Cops Give Up

CLEVELAND—(INS)— Frustrated police called a halt to the questioning of Dr. Samuel Sheppard Wednesday—after the accused killer began reading a Bible placidly during interrogations.

Police Chief Frank Story, muttering "We're not going to get any information from him," ordered the fruitless questioning stopped.

He said that in spite of the defiant doctor's silence, other developments made police "more confident than ever" of their circumstantial evidence pointing to "Dr. Sam" as the savage bludgeon-killer of pregnant Marilyn Sheppard.

While the 30-year-old osteopath relaxed impassively in his cell to await an Aug. 7 hearing on first degree murder charges, Capt. David Kerr of homicide was re-enacting the crime in the doctor's sprawling Bay Village home.

Capt. Kerr announced that after running through "Dr. Sam's" version of his wife's slaying, he found the story "implausible."

Meantime, in Cleveland, Chief Story was checking a possible new "mystery woman" in the baffling murder case.

She is "Margo" (last name unknown), a California nurse with whom suave "Dr. Sam" is said to have been very friendly in 1950.

Bids On Transformers Exceed Estimate; Rejection Is Likely

Bids in excess of the city engineer's estimate are likely to be rejected for the purchase of nine electric transformers to build up the city's power supply.

The low bidder at the City Hall on supplying the transformers was the Central Transformer Corp. of Pine Bluff, Ark., with a figure of $9,129. The estimate was $8,000.

Assuming that the preliminary tabulation of the bids is correct, said City Engineer D. L. Erickson, then all bids would be rejected.

The transformers are to be used to increase voltage distribution. Drops in voltage have been experienced due to excessive power demands, attributed in a large part to increased use of air conditioning.

The drops in voltage have necessitated the shut down of water pumps at vital times to supply power to other customers on city power lines. The new transformers are to correct this situation.

Mild Upset

In another mild upset in the routine of getting bids, the T. M. Vaughn Construction Co. of St. Joseph, Mo., submitted the low bid of $40,760.25 for construction of a water district in the Lincoln Home Builders rental housing project in Havelock.

Vaughn under bid four Lincoln firms for the job. The project calls for a water district from 48th to 56th between Fremont and Ervin.

One bid, that of the Capital Bridge Co. of Lincoln, was received for the estimated $30,000 enlargement and reconstruction of the Antelope Creek conduit at Y. The bid was $26,845.

Other projects and the low bidder:

Sewer district from 49th to 56th between Benton and Ervin, Dobson and Robinson Construction Co., $11,634.

Graveling of Judson, 46th to 48th, Hopper Bros., Weeping Water, $467.50.

Furnishing service drop cable for the light department, Western Electric Supply Co., $1,228.18.

G. A. Shepherd Ordered To Make Appearance

The Federal District Court appearance of Gordon Allen Shepherd, 43, of Bigelow, Mo., on a writ of habeas corpus has been ordered for Saturday morning.

Shepherd is being held on a federal complaint alleging that he transported forged and fictitious securities in interstate commerce.

He is being held in the federal cell at the Lincoln municipal jail following arraignment before a U. S. commissioner, who fixed bond at $3,000.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 18, 1954, for the construction of the sewer in Sewer District No. 561, being the sewer in Groveland Street from 9th Street to Lewis Avenue, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this sewer is $2,200.00.

Each proposal must be accompanied by a certified check for $110.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

Lutherans OK $66,000 Budget For Mission Work In District

Lincoln Star Special

SEWARD, Neb.—A budget of $66,000 for mission work within the Southern Nebraska District of the Lutheran Church-Missouri Synod was approved by the group at its convention here Wednesday.

The district also expressed gratitude to the Lutheran Women's Missionary League for its gift of $3,000 for the chapel at Nebraska City, $2,000 to Faith Church, Lincoln, and smaller amounts to Cambridge and other places.

The Rev. W. Koenig of Lincoln and the Rev. O. R. Heinitz of Crete, representatives of the district's mission board, detailed the mission progress made during the past two years and the future needs.

Memorial services were conducted by the Rev. W. L. Ernstmeyer of Kramer for pastors and teachers who died during the past year. They were the Rev. Henry Eggert, the Rev. Wm. G. Nau, the Rev. Joseph J. Timken and Arthur Kiekhaefer, teacher.

The convention also heard a report by the Rev. Edwin Sommer of St. Louis on the church body's pension plan. He said about 3,900 out of 4,000 congregations are co-operating with the pension plan.

Prof. Martin H. Franzmann of St. Louis, main speaker at the convention, continued his lecture on "The Mission and Message of John the Baptist."

The Rev. A. Schormann and the Rev. W. Butzke, both of Seward, were honored by the convention on the 60th anniversary of their ordination into the ministry. Dr. J. W. Behnken, president of the national body, paid special tribute to the honorees.

Results of the district elections, held during the convention, are as follows:

Secretary: the Rev. P. W. Sellman, Tecumseh.

Treasurer: Prof. H. L. Hardt, Seward.

Board for Home Missions: the Rev. O. R. Heinitz, Crete; Wm. Cholcher, Deshler; Fred Mundt, Superior; Leonard Tieman, Beatrice.

Board for Parish Education: the Rev. H. Pralle, Campbell.

Stewardship Committee: the Rev. D. Kreitzer, Hastings; Oscar Bredthauer, Grand Island.

Committee on Constitutions: the Rev. W. Ernstmeyer, Kramer; the Rev. Paul Bussert, Gresham; Roy Peterson, Waco; Harold Oelkers, Lincoln.

Board of Student Subsidy: the Rev. Edw. Beckler, Tobias; C. W. Huelle, Deshler; E. Hornbostel, Deshler.

Board of Support and Pensions: the Rev. J. Knippenberg, Central City; E. H. Riekenberg, Hampton; O. Simonsen, St. Libory.

Housing Committee: the Rev. A. Griesse, Staplehurst; Prof. H. Meyer, Seward; Fred Koltermann, Seward.

Editor of the Lutheran Witness Supplement: the Rev. G. Krueckeberg, Hastings.

Business Manager of The Lutheran Witness: LaMoyne Waak, Kenesaw.

Board of Appeals: the Rev. F. Bangert, Staplehurst; the Rev. A. Cholcher, Hampton.

PROF. FRANZMANN .. convention speaker.

Lutherans OK $66,000 Budget For Mission Work In District

Lincoln Star Special

SEWARD, Neb.—A budget of $66,000 for mission work within the Southern Nebraska District of the Lutheran Church-Missouri Synod was approved by the group at its convention here Wednesday.

The district also expressed gratitude to the Lutheran Women's Missionary League for its gift of $3,000 for the chapel at Nebraska City, $2,000 to Faith Church, Lincoln, and smaller amounts to Cambridge and other places.

The Rev. W. Koenig of Lincoln and the Rev. O. R. Heinitz of Crete, representatives of the district's mission board, detailed the mission progress made during the past two years and the future needs.

Memorial services were conducted by the Rev. W. L. Ernstmeyer of Kramer for pastors and teachers who died during the past year. They were the Rev. Henry Eggert, the Rev. Wm. G. Nau, the Rev. Joseph J. Timken and Arthur Kiekhaefer, teacher.

The convention also heard a report by the Rev. Edwin Sommer of St. Louis on the church body's pension plan. He said about 3,900 out of 4,000 congregations are co-operating with the pension plan.

Prof. Martin H. Franzmann of St. Louis, main speaker at the convention, continued his lecture on "The Mission and Message of John the Baptist."

The Rev. A. Schormann and the Rev. W. Butzke, both of Seward, were honored by the convention on the 60th anniversary of their ordination into the ministry. Dr. J. W. Behnken, president of the national body, paid special tribute to the honorees.

Results of the district elections, held during the convention, are as follows:

Secretary: the Rev. P. W. Sellman, Tecumseh.

Treasurer: Prof. H. L. Hardt, Seward.

Board for Home Missions: the Rev. O. R. Heinitz, Crete; Wm. Cholcher, Deshler; Fred Mundt, Superior; Leonard Tieman, Beatrice.

Board for Parish Education: the Rev. H. Pralle, Campbell.

Stewardship Committee: the Rev. D. Kreitzer Hastings; Oscar Bredthauer, Grand Island.

Committee on Constitutions: the Rev. W. Ernstmeyer, Kramer; the Rev. Paul Bussert, Gresham; Roy Peterson, Waco; Harold Oelkers, Lincoln.

Board of Student Subsidy: the Rev. Edw. Beckler, Tobias; C. W. Huelle, Deshler; E. Hornbostel, Deshler.

Board of Support and Pensions: the Rev. J. Knippenberg, Central City; E. H. Riekenberg, Hampton; O. Simonsen, St. Libory.

Housing Committee: the Rev. A. Griesse, Staplehurst; Prof. H. Meyer, Seward; Fred Koltermann, Seward.

Editor of the Lutheran Witness Supplement: the Rev. G. Krueckeberg, Hastings.

Business Manager of The Lutheran Witness: LaMoyne Waak, Kenesaw.

Board of Appeals: the Rev. F. Bangert, Staplehurst; the Rev. A. Cholcher, Hampton.

PROF. FRANZMANN .. convention speaker.

County Tax Assessment Valuation Figures Given

Here are county-by-county figures on tax assessment valuations this year—how the county abstracts compare with last year's valuations, and what percentage of change in the abstracts has been ordered by the state board of equalization

The first set of figures refers to farm land, the second set to town lots.

In the order the percentage figures appear they show

1 (In parenthesis). How farm land valuations set by the county compare with last year.

2. Amount of change in the farm land abstract ordered by the state board

3 (In parenthesis). How town lot valuations set by the county compare with last year

4. Amount of change in town lot abstract ordered by the state board.

Marshall Hits Property Tax

Charles Marshall, president of the Nebraska Farm Bureau Federation, Wednesday termed the property tax "one of the weakest and most indefensible forms of taxation."

The state tax load will be equalized and born fairly by all citizens "only when the property tax is no longer a state revenue source," he said.

The annual "struggle" of the State Board of Equalization emphasizes the problems which grow out of "fundamental weaknesses" in the property tax, he added.

The weaknesses, he stated, include

1 The fact that property is taxed at the same rate regardless of whether it produces income or not.

2 Individuals differ in their opinions as to actual value of property.

3 The present Nebraska tax system is based on the assumption that a fair division of the cost of state government can be obtained with a property tax. "This assumption," he said, "ignores the fact that many persons and families who benefit from state government contribute little or nothing in property taxes because they own little or no property."

"This assumption," he said, "ignores the fact that many persons and families who benefit from state government contribute little or nothing in property taxes because they own little or no property."

First British Supersonic Fighter Takes To Air

BOSCOMBE DOWN, England (AP)—Britain's first fully supersonic fighter, capable of sustained level flight beyond the speed of sound, made its maiden flight Wednesday.

Built by the English Electric Co., makers of the Canberra, Britain's first jet bomber, the new fighter is known as the P1. It is powered by two Armstrong Siddeley Sapphire turbojets.
